**Lucknow** A. H. Sharar,1989      **Last King in India** Rosie Llewellyn-Jones,2014-01-09 The Last King in India is the story of an extraordinary man whose memory still divides opinion sharply today Was he as the British described him a debauched ruler who spent his time with fiddlers eunuchs and women instead of running the kingdom Or as most Indians believe a gifted poet whose works are still quoted today and who was robbed of his throne by the East India Company Somewhere in between the two extremes lies a complex character a man who married over 350 women directed theatrical events lasting a month and built a fairytale palace in Lucknow Wajid Ali Shah was written out of the history books after his kingdom was annexed in 1856 Some even thought he had been killed during the mutiny the following year But he lived on in Calcutta where he spent the last thirty years of his life trying to recreate his lost paradise He remained a constant problem for the government of India with his extravagance his menagerie and his wives in that order For the first time his story is told here using original documents from Indian and British archives and meetings with his descendants      **The Kingdom of Awadh** Surya Narain Singh,2003 Comes The Period Between 1720 To 1856 And Provides An Analysis On Aspects Of Awadh Administration Such As Revenue Justice Police Military Education Health And Forests Etc Also Contains A Brief Dimension About Art Music Architecture Literature      Gender, Sex, and the City R. Bellenoit,2017-02-17 In the period between the 1770s and 1840s through the process of colonial state formation the early colonial state in India was able to harness and extract vast amounts of agrarian wealth in north India However little is known of the histories of the Indian scribes and the role they played in shaping the early patterns of British colonial rule This book offers a new way of interpreting the colonial state s origins in north India It examines how the formation of early agrarian revenue settlements exacerbated an extant late Mughal taxation tradition and how the success of British power was shaped by this extant paper oriented revenue culture It goes on to examine how the service and cultural histories of various Hindu scribal communities fit within broader changes in political administration taxation patterns of governance and a shared Indo Islamic administrative culture The author argues that British power after the late eighteenth century came as much through bureaucratic mastery paper and taxes as it did through military force and commercial ruthlessness The book draws upon private family papers interviews and Persian sources to demonstrate how the fortunes of scribes changed between empires and the important role they played at the height of the British Raj by 1900 Offering a detailed account of how agrarian wealth provided the bedrock of the colonial state s later patterns of administration this book is a unique and refreshing contribution to studies in South

Gandhi & Art and Other Essays Raman Sinha, 2024-10-30

In the Vishnudharmottara Purana when Vajra asks about the art of sculpting deities Markandeya responds that understanding sculpture first requires knowledge of painting When Vajra seeks the rules of painting Markandeya further explains that painting itself cannot be understood without knowledge of dance To grasp choreography one must first comprehend music and true understanding of music is only possible through mastery of singing This interdependence of art the insight into the essence of art is not only attractive but also worth deploring especially when over specialization is the norm of our age The essays in this book are a reflection of that ideal seeking to explore and touch even a small part of this artistic interdependence
