Lucrative Targets The Us Air Force In T:

Lucrative Targets: The U.S. Air Force in the Kuwaiti Theater of Operations, 2001 During the late 1970s the United States began revitalizing its Air Force and other military services By the close of the 1980s America had built a force structure that stood ready for a test that very fortunately it never had to meet a major war in Europe The United States faced this dangerous possibility for more than 40 years until in 1989 the Soviet Union abruptly collapsed Americans were still sorting out the implications of this sudden change in world affairs in August 1990 when Iraq invaded Kuwait and precipitated a crisis that led to the military conflict in the Persian Gulf The U S Air Force found itself at war although not the one it had prepared for against the Warsaw Pact powers but one against Saddam Hussein s heavily armed regime This monograph is one in a series of five works dealing with various aspects of the Air Force s participation in Desert Shield and Desert Storm In two other volumes William T Y Blood details the Air Force s deployment to the Gulf in a third Diane T Putney analyzes the planning of the air campaign and in a fourth Richard G Davis discusses the air operations against targets in Iraq As this monograph goes to press during the spring of 2001 the Air Force is passing through a dynamic period of reorganization and change The era when a large U S Air Force defended the United States against a single preeminent threat Soviet aggression has ended During the years ahead a smaller Air Force will support the interests of the nation under diverse circumstances around the globe While the U S Air Force continues to ensure that the United States has a global reach and can project global power the service will greatly benefit from the lessons it learned during Desert Shield and Desert Storm

On Target Richard G. Davis, 2002 *Advise and Dissent* is the personal odyssey of James Abourezk from his coming of age as the son of Lebanese immigrants in South Dakota through his hardscrabble days as a farmhand bartender bouncer and cook to his entrance into and voluntary exit from the U S Senate His is a quintessentially American story that entertains as it challenges the thinking of our nation Abourezk refused to compromise his beliefs He championed Native American self determination and demanded the creation of a Palestinian state He challenged the flow of special interest money through political action committees and tried to

overthrow the structure that keeps small farmers in an economic stranglehold His memoir takes the reader on a remarkable and wise tour through the corridors of power At a time of waning public confidence in government he makes us realize the importance of participatory democracy On target : organizing and executing the strategic air campaign against Iraq ,
