Ludwig Mies Van Der Rohe Masters Of Worl:

Ludwig Mies Van Der Rohe Arthur Drexler,1960 Reprint of a work originally published in 1960 by George Braziller

Philip Johnson and His Mischief Christian Bjone,The Images Publishing Group,2014-04-04 In the world of modern art the idea of appropriation or the conscious manipulation of the recognised world of another artist has long been accepted as a legitimate strategy in criticism of the tradition of art authorship challenging the context of viewing contemporary work and the manipulation of omnipresent media images The world of art itself is fair game to be pillaged or mined in the production of new art but there is almost no recognised equivalent aesthetic in architecture Philip Johnson consistently dealt with the concept of appropriation and used it as a design strategy from the very beginning of his illustrious career A singular taste maker Philip Johnson influenced art architecture and design during the second half of the 20th century Philip Johnson and His Mischief Appropriation in Art and Architecture looks at the concept of appropriation and how Johnson s style was influenced first by his mentor Mies van der Rohe and then by post modern ideas and artists This title serves to review Johnson s body of work and show that far from being a weakness his use of appropriation was a major part of his innovative success

The Bauhaus Ideal Then and Now William Smock,2014-06-01 The Bauhaus Ideal is both a picture book and a guidebook to the fascinating and enduring legacy of modernist design and to the continuing influence of Bauhaus on interior design not just on architecture but also on furniture glassware tableware and kitchen utensils the whole range of domestic arts This unique volume introduces modern design principles and examines them from an historically critical perspective It concludes with some ideas for melding modern solemnity with postmodern irony And in each phase the illustrations speak as eloquently as the text the whole serves as a beautifully illustrated design memo
