if the marriage would be childless At the beginning of the year 1845 however the people of Bavaria were informed that the Crown Princess was enceinte and on the 25th of August on the birthday of the reigning King a hundred and one guns proclaimed the birth of a prince at the chateau of Nymphenburg As a matter of fact the princely infant had seen the light two days earlier but the event had been kept a secret in order to give Ludwig I a pleasant surprise the King having expressed a wish that a possible hereditary prince might come into the world on that day The child was named after him and he held it himself at the font The old King at that time was at the height of his popularity Soon however a turning point set in the dancer Lola Montez invaded the lovesick Monarch's life causing a violent insurrection in the Bavarian capital Then came the democratic rising of 1848 general all over Europe which threw fuel on the fire Ludwig was compelled to abdicate and was succeeded by his son Maximilian Joseph who ascended the throne under the title of Maximilian II Shortly after these political disturbances took place the young Queen was brought to bed of another son who was named Otto I The effect on her of the alarm and excitement caused by the aforesaid events was such that he came into the world three months too early The physicians declared that it was impossible for the child to live but they proved to be mistaken in their opinion Both the Crown Prince and his brother were unusually good looking and it was a brilliant sight when the popular and beautiful Queen walked about the streets of Munich with her handsome boys beside her Maternal joy and pride shone from her eyes and the glance of the people was directed with genuine admiration on her and her children Otto was the one who most resembled his mother Being moreover lighthearted and accessible he was also the one to whom the prize of beauty was awarded by popular opinion Ludwig's beauty was of a more uncommon and intellectual type a noteworthy feature of his face being the large brilliant and dark blue eye The boys were always dressed each in his particular colour which the Queen herself had chosen Otto in red and Ludwig in blue the national colours of Bavaria Not only were Ludwig's clothes blue in tint but also as far as was possible his various other small possessions and necessities such for instance as the binding of his books his drawing portfolios and his volumes of music This hue always continued to be his favourite colour To be continue in this ebook     *Designs for the dream king*, 1978     **Designs for the Dream King** Debrett Cooper-Hewitt, 1978     Ludwig II Markus Spangenberg, 2015-10-15     *Ludwig II.*, 2015 Photographs of buildings and places from the life and death of Bavarian King Ludwig II including Neuschwanstein Castle Linderhof Herrenchiemsee Nymphenburg Lake Starnberg and more King Ludwig II built a fantasy world for himself which in the long run was not compatible with his duties as Head of State The circumstances surrounding his death remain a mystery until today     *King Ludwig II of Bavaria and Neuschwanstein* Michael Petzet, 1996     **Neuschwanstein Castle** Jennifer Howse, 2015-03 Built in the 19th century as a private retreat for King Ludwig II of Bavaria Neuschwanstein Castle harkens back to the German myths and legends that inspired its design Its fairy tale appearance attracts more than 1.4 million visitors every year Explore the facility history people and science behind the building in Neuschwanstein Castle a Castles of the World book Each AV2 media enhanced book is a unique combination
