Cotten, 2017-08-31 A trailblazer for women photographers in the South North Carolina's Bayard Wootten 1875-1959 overcame economic hardship gender discrimination and the obscurity of a small town upbringing to become the state's most significant early female photographer This advocate of equality for women combined an artistic vision of photography with determination and a love of adventure to forge a distinguished career spanning half a century Originally trained as an artist Wootten worked in photography's pictorial tradition emphasizing artistic effect in her images at a time when realistic and documentary photography increasingly dominated the medium Traveling throughout

North Carolina and surrounding states she turned the artistry of her eye and lens on the people and places she encountered. Having opened a studio in her hometown of New Bern in 1905, Wootten moved to Chapel Hill in 1928 where her clients included the University of North Carolina. Between 1932 and 1941 she also provided photographs for six books including *Cabins in the Laurel*, *Old Homes and Gardens of North Carolina*, and *Charleston Azaleas and Old Bricks*, lectured extensively, and exhibited her photographs as far away as New York and Massachusetts. *Light and Air* features 190 illustrations including 136 duotone reproductions of Wootten's photographs taken in North Carolina, South Carolina, Alabama, and Tennessee, many of which have never before been published. Though she was an accomplished landscape and architectural photographer, some of Wootten's most notable images were the portraits she crafted of black and white Americans in the lower reaches of society, working people whom other photographers often ignored. These images are perhaps her most enduring legacy.
