Mad About Maddie:

ttyl - 10th Anniversary update and reissue Lauren Myracle, 2014-02-18 It's time for a new generation of readers to discover the phenomenally bestselling and beloved series told entirely in messages and texts. With a fresh look and updated cultural references, the notorious list-topping series is ready for the iPhone generation. First published in 2004, holy moly ttyl and its sequels follow the ups and downs of high school for the winsome threesome: three very different but very close friends: wild Maddie, mad maddie, bubbly Angela SnowAngel, and reserved Zoe zoegirl. Through teacher crushes, cross-country moves, bossy Queen Bees, incriminating party pics, and other bumps along the way, author Lauren Myracle explores the many potholes of teenagedom with the unflinching honesty and pitch-perfect humor that made this series a staple of young adult literature.

yolo Lauren Myracle, 2014-08-26 Through texts and messages, the mega bestselling beloved Internet Girls series followed the ups and downs of school for three very different, very close friends. Now it's freshman year of college for the winsome threesome, and everything is different. For one, the best friends are facing their first semester apart. Way, way apart. Maddie's in California, Zoe's in Ohio, and Angela's back in Georgia. And it's not just the girls who are separated. Zoe's worried that Doug wants to break up now that they're at different schools, and Maddie's boyfriend Ian is on the other side of the country. In the face of change and diverging paths, Maddie's got a plan to keep the friends close, and it involves embracing the present, making memories, and roller derby. Using of the moment technology, Lauren Myracle brings her groundbreaking series into the brave new virtual world of texting and tweets. Praise for yolo: **STARRED REVIEW**. This honest, nuanced, accessible, and credible account provides teen girls with an authentic and skillfully told description of college life. The story, which can stand independently from the rest of the Internet Girls series, offers readers realistic, engaging, and provocative perspectives on scary first semesters away from home and sage advice about drinking, partying, and shutting down socially, all without ever leaving the perfectly crafted text message flow. **Booklist** starred review. Funny, deceptively smart, and just in time for those going off to college. **Kirkus Reviews**.
