Mad As Hell Revolt At The Ballot Box 199:

Shadow Bob Woodward, 1999-06-16 Twenty five years ago after Richard Nixon resigned the presidency Gerald Ford promised a return to normalcy My fellow Americans our long national nightmare is over President Ford declared But it was not The Watergate scandal and the remedies against future abuses of power would have an enduring impact on presidents and the country In Shadow Bob Woodward takes us deep into the administrations of Ford Carter Reagan Bush and Clinton to describe how each discovered that the presidency was forever altered With special emphasis on the human toll Woodward shows the consequences of the new ethics laws and the emboldened Congress and media Powerful investigations increasingly stripped away the privacy and protections once expected by the nation s chief executive Using presidential documents diaries prosecutorial records and hundreds of interviews with firsthand witnesses Woodward chronicles how all five men failed first to understand and then to manage the inquisitorial environment The mood was mean Gerald Ford says Woodward explains how Ford believed he had been offered a deal to pardon Nixon then clumsily rejected it and later withheld all the details from Congress and the public leaving lasting suspicions that compromised his years in the White House Jimmy Carter used Watergate to win an election and then watched in bewilderment as the rules of strict accountability engulfed his budget director Bert Lance and challenged his own credibility From his public pronouncements to the Iranian hostage crisis Carter never found the decisive healing style of leadership the first elected post Watergate president had promised Woodward also provides the first behind the scenes account of how President Reagan and a special team of more than 60 attorneys and archivists beat Iran contra They turned the Reagan White House and United States intelligence agencies upside down investigating the president with orders to disclose any incriminating information they found A fresh portrait of an engaged Reagan emerges as he realizes his presidency is in peril and attempts to prove his innocence In Shadow a bitter and disoriented President Bush routinely pours out his anger at the permanent scandal culture to his personal diary as a dozen investigations touch some of those closest to him At one point Bush pounds a plastic mallet on his Oval Office desk because of the continuing investigation of Iran contra Independent Counsel Lawrence Walsh Take that Walsh he shouts I d like to get rid of this guy Woodward also reveals why Bush avoided telling one of the remaining secrets of the Gulf War The second half of Shadow focuses on President Clinton s scandals Woodward shows how and why Independent Counsel Kenneth Starr s investigation became a state of permanent war with the Clintons He reveals who Clinton really feared in the Paula Jones case and the behind the scenes maneuvering and ruthless cynical legal strategies to protect the Clintons Shadow also describes how impeachment affected Clinton s war decisions and scarred his life his marriage and his presidency How can I go on First Lady Hillary Clinton asked in 1996 when she was under scrutiny by Starr and the media two years before the Lewinsky scandal broke How can I Shadow is an authoritative unsettling narrative of the modern beleaguered presidency

Running against the Grain David A. Crockett, 2009-03-01 Some presidents enter office with an

uphill climb in front of them their political party represents a different governing philosophy than the dominant strain of the day These David A Crockett says are opposition presidents If they are in a sense out of step with their times how do they ever get elected in the first place In *Running against the Grain How Opposition Presidents Win the White House* Crockett employs historical comparisons to draw conclusions about what it takes for these candidates to win the office He focuses on seven presidents in twelve elections William Henry Harrison 1840 and Zachary Taylor 1848 Grover Cleveland 1884 and 1892 and Woodrow Wilson 1912 and 1916 Dwight Eisenhower 1952 and 1956 and Richard Nixon 1968 and 1972 and Bill Clinton 1992 and 1996 Crockett draws on the work of Stephen Skowronek and others in the tradition of American political development to establish the periodization for his study Through a comparative analysis of victorious opposition candidates Crockett finds explanations that transcend specific campaigns or even specific eras He contends that because the way one acquires the office may have an effect on the practice of leadership in the office running against the grain has implications far beyond Election Day

Televised Presidential Debates and Public Policy Sidney Kraus, 2013-10-11 With this second edition Kraus continues his examination of formal presidential debates considering the experience of television in presidential elections reviewing what has been learned about televised debates and evaluating that knowledge in the context of the election process specifically and the political process generally He also examines the media and the role they occupy in presidential elections Because critics often refer to the Lincoln Douglas debates when reproaching presidential debates comparisons of the two are discussed throughout the book Much of the data and information for this accounting of televised presidential debates comes from the author's first hand experience as one who was involved with these debates as a participant observer on site at nearly all of the debates discussed Throughout these discussions emphasis is placed on the implications for public policy To suggest policy that will be accepted and adopted by politicians and the public is at best difficult Proposals for changes in public policy based on experience even when scientific data support those changes must be subjected to an assessment of the values and predispositions of the proponent These values and predispositions however may not necessarily inhibit the proponent's objectivity As such this review of television use in the presidential election process provides the context for examining televised debates

Boy Clinton R. Emmett Tyrrell, 2015-07-07 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

God is a Conservative Kenneth J. Heineman, 2005-10 From Billy Graham and Ronald Reagan to Newt Gingrich and William Bennett this book provides an important look at the role of religion in conservative politics in modern America The author reveals the profoundly religious nature of contemporary conservatism offering an intriguing look at the social history of moral politics over the last three decades and the still tremulous aftershocks of the New Deal

THE QUARTERLY JOURNAL OF SPEECH, 1997

U.S. News & World Report, 1993

Jahresbibliographie Bibliothek für Zeitgeschichte (Germany), 1997

Right-Wing Populism in America Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment

organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America **Book Review Digest** ,1997 *New Guard* ,1978 *Arts & Humanities Citation Index* ,1993
 The Spectator ,1965 A weekly review of politics literature theology and art **Facts on File** ,1957
