Richard D. Woods

Mad Jesus The Final Testament Of A Huichol Messiah From Northwest Mexico:

Mad Jesus T. J. Knab, 2004-04-15 The book not only provides an overview of the Huichol and the plight of Mesoamerican Indians but also sheds light on traditional religion indigenous Catholicism messianic cults urbanization and indigenous conflicts with the modern Mexican state **BOOK JACKET** Huichol Territory and the Mexican Nation Paul M.

Liffman, 2023-02-07 The Huichol Wixarika people claim a vast expanse of Mexico's western Sierra Madre and northern highlands as a territory called kiekari which includes parts of the states of Nayarit Jalisco Durango Zacatecas and San Luis Potosi This territory forms the heart of their economic and spiritual lives But indigenous land struggle is a central fact of Mexican history and in this fascinating new work Paul Liffman expands our understanding of it Drawing on contemporary anthropological theory he explains how Huichols assert their sovereign rights to collectively own the 1 500 square miles they inhabit and to practice rituals across the 35 000 square miles where their access is challenged Liffman places current access claims in historical perspective tracing Huichol communities long term efforts to redress the inequitable access to land and other resources that their neighbors and the state have imposed on them Liffman writes that the cultural grounds for territorial claims were what the people I wanted to study wanted me to work on Based on six years of collaboration with a land rights organization interviews and participant observation in meetings ceremonies and extended stays on remote rancher as Huichol Territory and the Mexican Nation analyzes the sites where people define Huichol territory The book's innovative structure echoes Huichols own approach to knowledge and examines the nation and state not just the community Liffman's local regional and national perspective informs every chapter and expands the toolkit for researchers working with indigenous communities By describing Huichols ceremonially based placemaking to build a theory of historical territoriality he raises provocative questions about what place means for native peoples worldwide **Autobiographical Writings on**

Mexico Richard D. Woods, 2024-10-14 This is the definitive bibliography of autobiographical writings on Mexico The book incorporates works by Mexicans and foreigners with authors ranging from disinherited peasants women servants and revolutionaries to more famous painters writers singers journalists and politicians Primary sources of historic and artistic value the writings listed provide multiple perspectives on Mexico's past and give clues to a national Mexican identity This work presents 1 850 entries including autobiographies memoirs collections of letters diaries oral autobiographies interviews and autobiographical novels and essays Over 1 500 entries list works from native born Mexicans written between 1691 and 2003 Entries include basic bibliographical data genre author's life dates narrative dates available translations into English and annotation The bibliography is indexed by author title and subject and appendices provide a chronological listing of works and a list of selected outstanding autobiographies Handbook of Latin American Studies, Vol. 61 Lawrence

Boudon, 2006-04-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality

unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 140 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2000 and Katherine D McCann has been assistant editor since 1999 The subject categories for Volume 61 are as follows Anthropology Economics Geography Government and Politics Political Economy International Relations Sociology *Religious Culture in Modern Mexico* Martin Austin Nesvig, 2007 This nuanced book considers the role of religion and religiosity in modern Mexico breaking new ground with an emphasis on popular religion and its relationship to politics The contributors highlight the multifaceted role of religion illuminating the ways that religion and religious devotion have persisted and changed since Mexican independence They explore such themes as the relationship between church and state the resurgence of religiosity and religious societies in the post reform period the religious values of the liberals of the 1850s and the ways that popular expressions of religion often trumped formal and universal proscriptions Focusing on individual stories and vignettes and on local elements of religion the contributors show that despite efforts to secularize society religion continues to be a strong component of Mexican culture Portraying the complexity of religiosity in Mexico in the context of an increasingly secular state this book will be invaluable for all those interested in Latin American history and religion Contributions by Silvia Marina Arrom Adrian Bantjes Alejandro Cortzar Jason Dormady Martin Austin Nesvig Matthew D O Hara Daniela Traffano Paul J Vanderwood Mark Overmyer Velazquez Pamela Voekel and Edward Wright Rios Bewildered Travel Frederick J. Ruf, 2012-10-05 Why do we travel Ostensibly an act of leisure travel finds us thrusting ourselves into jets flying miles above the earth only to endure dislocations of time and space foods and languages foreign to our body and mind and encounters with strangers on whom we must suddenly depend Travel is not merely a break from routine it is its antithesis a voluntary trading in of the security one feels at home for unpredictability and confusion In *Bewildered Travel* Frederick Ruf argues that this confusion which we might think of simply as a necessary evil is in fact the very thing we are seeking when we leave home Ruf relates this quest for confusion to our religious behavior Citing William James who defined the religious as what enables us to front life Ruf contends that the search for bewilderment allows us to point our craft into the wind and sail headlong into the storm rather than flee from it This view challenges the Eliadean tradition that stresses religious ritual as a shield against the world's chaos Ruf sees our

departures from the familiar as a crucial component in a spiritual life reminding us of the central role of pilgrimage in religion. In addition to his own revealing experiences as a traveler, Ruf presents the reader with the journeys of a large and diverse assortment of notable Americans including Henry Miller, Paul Bowles, Mark Twain, Mary Oliver, and Walt Whitman. These accounts take us from the Middle East to the Philippines, India to Nicaragua, Mexico to Morocco, and in one threatening instance simply to the edge of the author's own neighborhood. What gives value to travel is fear, wrote Camus. This book illustrates the truth of that statement.
