The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar Gabriel García Márquez Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since García Márquez

and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

Festergrimm Thomas Taylor, 2023-04-25 In the fourth tale in this beloved series, villainous Sebastian Eels returns to Eerie on Sea, thrusting Herbie and Violet into a new adventure involving a missing girl, a spooky wax museum, and a dangerous clockwork robot. Herbie, Lemon, Lost, and Founder at the Grand Nautilus Hotel, and his fearless friend Violet Parma have unearthed many secrets in their village of Eerie on Sea, secrets lurking beneath the waves lapping onto the beaches and lying behind locked doors. When their brilliant and ruthless nemesis Sebastian Eels returns with a plan to open the long-shuttered Waxworks Museum, Herbie and Violet suspect nefarious motives. Their investigation leads them into the dark Netherways below the town and into the tragic past of the famous toymaker and inventor Ludovic Festergrimm and his doomed daughter Pandora. Sebastian Eels is convinced that within the story of Festergrimm is the key to Eerie's deepest secret, a secret in which Herbie himself plays a crucial part, and he'll stop at nothing to uncover it, including bringing a terrifying clockwork legend back to life. With echoes of fairy tales and monster movies, plus a dismembered finger or two, this is a deliciously creepy addition to a fantastical mystery series that is perfectly calibrated to thrill middle-grade readers.

Chosen Jason Paulino, 2015-03-31 When an unlikely purple object appears suddenly in the sky above the earth, suspicions immediately arise in the human population. People worldwide come to realize that our planet has visitors from another planet, although whether they are friend or foe is unclear at first. With no warning, cyborg robots descend upon Earth, and it becomes apparent these visitors are not here to make peace. First, they shut down Earth's electrical grid and put themselves into power. Next, their real mission begins: the abduction of sixteen-year-old boys for reasons unknown. Among them are three special young men: Mike, Charlie, and Leo. Each is different in their own ways, but they are three of the chosen.
