*Madam 90210* Alex Adams, William Stadiem, 1993      **Madam 90210** Elizabeth Adams, 1995-01-01      **Five Easy Decades** Dennis McDougal, 2008-12-01 Praise for Five Easy Decades How Jack Nicholson Became the Biggest Movie Star in Modern Times Dennis McDougal is a rare Hollywood reporter honest fearless nobody's fool This is unvarnished Jack for Jack lovers and Jack skeptics but also for anyone interested in the state of American culture and celebrity I always read Mr McDougal for pointers but worry that he will end up in a tin drum off the coast of New Jersey Patrick McGilligan author of Jack's Life and Alfred Hitchcock A Life in Darkness and Light Praise for Privileged Son Otis Chandler and the Rise and Fall of the L A Times Dynasty A great freeway pileup part biography part dysfunctional family chronicle and part institutional and urban history with generous dollops of scandal and gossip Hendrick Hertzberg The New Yorker McDougal has managed to scale the high walls that have long protected the Chandler clan and returned with wicked tales told by angry ex wives and jealous siblings The Washington Post Praise for The Last Mogul Lew Wasserman MCA and the Hidden History of Hollywood Real glamour needs a dark side That is part of the fascination of Dennis McDougal's wonderful book The Economist Thoroughly reported and engrossing the most noteworthy trait of MCA was how it hid its power The New York Times Book Review Over the years I've read hundreds of books on Hollywood and the movie business and this one is right at the top Michael Blowen The Boston Globe      **Power Money Fame Sex** Gretchen Rubin, 2000-09 The author dissects the tactics of Warren Buffett Muhammad Ali Gwyneth Paltrow Richard Nixon Princess Diana and other successful people to reveal how power plays are made in the real world      Marked Women Russell Campbell, 2006-03 Publisher description      **The Politics Of Lust** John Ince, 2010-09-09 An attorney erotic arts activist and sexual theorist argues that the American culture's much touted sexual hedonism is in fact mere bravado Ince shows that though 30 years have elapsed since the sexual revolution negative attitudes are still prevalent toward nudity masturbation homosexuality and many other sexual subjects      **The Hollywood Book of Scandals** James Robert Parish, 2004-06-14 More than 100 celebrity photographs offer readers an up close look at the leading players in some of the biggest scandals to ever rock Tinseltown      For the Common Good R. Robin Miller, Sandra Lee Browning, 2004 The passing of the Patriot Act in 2001 brought the tension between individual citizen's rights and governmental control to the forefront of American political discourse It seems that the state by claiming that they are increasing our collective security is in actuality operating against the common good More than anything else recent events highlight the need for texts such as For the Common Good This book is the culmination of research that investigated such topics as race class gender and sexuality violence and victimization prostitution employee drug testing hate speech legislation women processed by the criminal justice system the war on drugs and the war on crime All the pieces come from a critical perspective and some of them are written from a Marxian perspective All of the papers on the volume rely at least tacitly on the notions that reality is constructed deviance is created by the normative order and that the power that some

groups have over that of others lies at the heart of societal social control A key point of strength in this anthology is the methodological nature of the papers included Most of the pieces are based on original research using various methodologies Several theoretical pieces such as Bruce Arrigo s Law Crime and Social Control Making Sense of Conflict Radical and Postmodern Criminology and Andrew Taslitz s The Jury and the Common Good Synthesizing the Insights of Modern and Postmodern Legal Theories are included ensuring a more balanced approach The cross disciplinary nature of the work included here is a further advantage of this text The papers in For the Common Good include works by professionals from the fields of sociology criminology criminal justice public policy studies psychology and law And because nothing is as separate as two mounds of expertise efforts to bridge disciplinary gaps are critical Finally given our volatile political times where personal rights and freedoms are weighed against national security and found wanting on nearly a daily basis a rearticulation and further emphasis on a critical examination of law and social control appears urgent Editors Miller and Browning seek to respond to this need
