dear brother with great pleasure It is my highest happiness to see the reign of Jesus Christ extending itself in the hearts of
God s people An external religion has too much usurped the place of the religion of the heart The ancient saints Abraham
Isaac Jacob Enoch Job lived interiorly with God The reign of Christ on earth is nothing more nor less than the subjection of
the whole soul to himself Alas the world are opposed to this reign Many pray Thy will be done on earth as it is in Heaven but
they are unwilling to be crucified to the world and to their sinful lusts God designs to bring his children naturally rebellious
through the desert of crucifixions through the temptations in the wilderness into the promised land But how many rebel and
choose rather to be bond slaves in Egypt than suffer the reductions of their sensual appetite **An Encyclopedia of**

virtues and norms Drawing on the family s vast archive Randolph describes the Bakunins attempts to live up to this ideal and to convert their new home Priamukhino into an example of modern civilization In particular Randolph shows how the Bakunin home fostered the development of a group of charismatic young students from Moscow University who in the 1830s sought to use their experiences at Priamukhino to reimagine themselves as agents of Russia s enlightenment Some of the story Randolph tells is familiar to historians The anarchist Mikhail Bakunin whose early philosophical evolution Randolph describes was born at Priamukhino while the radical critic Vissarion Belinsky claimed to have been transformed by his experiences there When Tom Stoppard sought to portray the spiritual history of the Russian intelligentsia in his trilogy *The Coast of Utopia* he chose Priamukhino as the scene for act 1 Yet Randolph s research allows us to watch this drama from a radically different perspective It shows how the culture of Russian Idealism so long presumed to be a product of alienation actually relied on the support provided by the cult of distinction that the Russian government had built around noble homes It also allows us to see the other actors and agents of private life and most notably the Bakunin women as participants in the creation of modern Russian social thought The result is a work that revises our understanding of Russian intellectual history while also contributing to the histories of women gender private life and memory in nineteenth century Russia
