Madame Blavatsky And The Theosophists:

H.P. Blavatsky and the Masters of the Wisdom Annie Besant, 1907 **Helena Petrovna Blavatsky** Katherine Augusta Westcott Tingley, 1921 *Spiritualism, Madame Blavatsky and Theosophy* Rudolf Steiner, 2002-11 This work builds on the foundation of the Popol Vuh the document that retraces in mythical language the four ages or stages of civilization that all of America has undergone to some degree It also moves from the Popol Vuh into later times through myths and legends of the Aztec and Iroquois Myth and history are placed side by side in a scientific and imaginative approach that documents the correlation between pre historical and historical periods and the spiritual events that ushered them in as narrated in the myths and legends of North America This approach reconciles Western analytical consciousness with the Native American language of myths and legends All of this is placed first in the perspective of Maya spiritual tradition and then from the perspective that the twentieth century research of Rudolf Steiner brought to light especially in relation to the events that took place in Central America two thousand years ago about which only Rudolf Steiner has spoken The first part of the work explores events of 2 000 years ago and their consequences in the onset of Maya civilization The second part researches the rise of new spiritual influences around the time just before the arrival of Columbus in America At the extremes of the spectrum we find Aztec and Iroquois worldviews Both cosmologies have links subtle or obvious with the Popol Vuh whether continuing or reinterpreting its original message This polarity carries momentous consequences for global social trends in modern world history *Spiritual Turning Points of North American History* brings a fresh perspective to North American history and the meeting of European and First Nations worldviews *Madame Blavatsky and Her Theosophy* Arthur Lillie, 2017-12-05 Still more remarkable has been the success with which this remarkable woman has succeeded in driving into the somewhat wooden head of the Anglo Saxon the conviction long ago arrived at by a select circle of students and Orientalists of whom Professor Max Muller may be said to be the most distinguished living representative that the East is in matters of religious and metaphysical speculation at least entitled to claim as much respect as the West That indeed is stating it very mildly *H. P. Blavatsky and the Theosophical Movement* Charles James Ryan, 1975 With careful documentation and persuasive exposition the author presents an authentic account of the chief incidents in H P Blavatsky's life her ideals and her unswerving dedication to the service of Humanity Controversial matters and H P Blavatsky and controversy go hand in hand about which today there may still be differences in opinion are examined because they touch closely on fundamentals They are discussed with the author's penetrating insight yet with an impersonal touch not lacking in persuasive charm Includes an important record of the later history of the Theosophical Society and a listing of world wide Theosophical Societies and Groups representative of the Theosophical Movement today **Madame Blavatsky's open letter to fellow Theosophists** Helena Petrovna Blavatsky, Boris de Zirkoff, 2023-09-27 Madame Blavatsky Gary Lachman, 2012-10-25 Chronicles the life of the cofounder of the Theosophical Society examining her legacy and the

controversy surrounding her *The Key to Theosophy* H. P. Blavatsky, 2023-11-10 H P Blavatsky's *The Key to Theosophy* serves as an essential guide to understanding the foundational principles of Theosophy a spiritual philosophy that seeks to unify science religion and philosophy Structured as a dialogue that elucidates complex topics such as the nature of the divine the incarnation of the soul and the law of karma Blavatsky employs an accessible literary style allowing readers from novices to seasoned scholars to engage with intricate concepts with clarity The book reflects the late 19th century context of burgeoning spiritual movements and the search for universal truth amid a backdrop of material skepticism As a co founder of the Theosophical Society H P Blavatsky was motivated by a lifelong quest for esoteric knowledge inspired by her diverse cultural experiences particularly her travels in the East Her philosophical inquiries were heavily informed by various spiritual traditions including Hinduism and Buddhism melded with Western thought Blavatsky's efforts aimed not only to offer insight into spiritual realities but to bridge the chasm between these traditions fostering a sense of global spirituality For those intrigued by metaphysics spirituality or the intersections between eastern and western philosophies *The Key to Theosophy* is an enlightening read It invites readers to explore profound existential questions while providing valuable insights into the universal truths that bind all human thought and experience This book is a significant contribution for anyone seeking a deeper understanding of the esoteric traditions that have shaped modern spiritual thought *The Esoteric Papers of Madame Blavatsky* H. P. Blavatsky, Daniel H. Caldwell, 2014-03-01 This Is A New Release Of The Original 1922 Edition

Incidents in the Life of Madame Blavatsky Alfred Percy Sinnett, 2011-05-19 A defence of the life and work of spiritual leader Madame Blavatsky 1831 1891 by one of her fellow theosophists *Madame Blavatsky rebukes a sham theosophist and bigoted ass!* Helena Petrovna Blavatsky, 2024-06-11 Dr George Wyld is grim idol of the Jewish Sinai and fanatical Jesuit whose perceptive faculties are so dusty as to prevent the entrance of a single ray of occult light he thought of the moon as a dustbin He even declared to Buddhist philosophers the grand superiority of his Esoteric Christianity over Lord Buddha's system which he portrayed as fruitful of selfishness human blindness misanthropy and spiritual death But his shot at Theosophy and the Masters being badly aimed flew wide of the mark After gaining momentum the raging torrent of religious intolerance bigotry and personal rancour resulting from envy from a member of the Theosophical Society and of the medical fraternity had run dry and his chickens came home to roost He who unjustly assails the honour of hundreds of his Asiatic Brothers slurs their religion and wounds their most sacred feelings may be a very Esoteric Christian but certainly is a very disloyal Theosophist Dr Wyld has been as disloyal to his own Master and Ideal Christ as he is to Theosophy *Madame Blavatsky* George Baseden Butt, 1926 *Madame Blavatsky on the Theosophy of Dr. N.I. Pirogov* Helena Petrovna Blavatsky, 2019-05-30 Metaphysical mystical and philosophical excerpts from Dr N I Pirogov Problems of Life The Diary of an Old Physician Selected and translated from the Russian by H P Blavatsky with extensive annotations and commentary The thoughts of the false I or personality are mere shadows of the true Individuality and Higher Ego The records of past events

and passing thoughts even the most trifling ones are impressed on the imperishable waves of Astral Light not in the brain alone Intuition is divine but faith is human and the misapplication of inner intuition Personality being the illusion of separateness is the root cause of all selfishness and evil It has to be conquered and crushed before the lower is united with its higher counterpart Loss of mind is due to the paralysis of the higher functions in Kama Manas the physical mind and in cases of incurable insanity to the severance of the lower self from the Higher Self during a person's lifetime thus preventing the reunion of the two When one falls into a love of self and love of the world with its pleasures losing the divine love of God and of the neighbour he falls from the illusionary life and fear of death to real death The higher principles which constitute the essential elements of his humanity perish and he lives only on the natural plane of his faculties The atoms of Science are not of this earth but belong to quite a different plane And the atomic theory is on a par only with the undulatory theory of light The Ether of Space is considerably different from the medium of Science The chasm between mind and matter is impassable No theory of evolution or heredity will ever cover or explain the mystery The incessantly rolling and waving Ocean of Life of Dr Pirogov is the triply manifested Deity of the Occultists two opposing forces of spirituality and animalism eternally reacting upon each other Universal Mind and Eternal Atom The immortal Higher Ego Nous is man's true Individuality that keeps reincarnating in a new personality at every birth Dr Pirogov's purely natural idealism is a spiritual perception of eternal truths that no scientific sophistry could destroy or even blunt He esteems Truth higher than Science Physical Science calls atoms that which the Occultists regard as particles or molecules The real Atoms are the inner principles and the intelligent spiritual guides of the cells and particles they inform Man is produced in the image of God or Divine Nature Every cell in the human organism corresponds with a like cell in the divine organism or the manifested universe The I of man or Microcosm and the Universe or Macrocosm are illusions inseparable and interdependent but illusion nevertheless The human mind or lower manas is a direct ray or reflection of a Higher Principle the Noetic Mind The latter is the reincarnating Ego which old Aryan philosophers call Manasaputras the Sons of Mind or Mahat the Universal Cosmic Mind Dr Pirogov can hardly be taken to task and declared unscientific in accepting the existence of a seven dimensional space in co ordination with the seven states of consciousness In the course of natural evolution our brain mind will be replaced by a finer and more spiritually receptive organism helped by the sixth and the seventh senses A Higher Principle may be independent of the matter it rules but only when outside of space and time God is the centre the Intellectual Principle an unmoving circle Soul a circle in motion As our mind is but the product of Universal Mind so is the latter but a differentiated ray of the Absolute Mind or No Mind a state of Perfect Unconsciousness Atom is not the smallest constituent unit of matter not even a mathematical point it is an immutable Entity a reality within an appearance the molecule being in Occult Philosophy but a figment of maya illusion It may be described as a compact or crystallized point of divine Energy and Ideation Occultism affirms that there is no such thing as inert dead or even inorganic matter Time is abstract motion in space

i e force acting in space and transforming itself by this very action into substance In philosophy the term empirical is the product of experience and observation plus Science The sensing principle in us is an entity capable of acting outside as inside its material body and it is certainly independent of any organ in particular in its actions although during its incarnation it manifests itself through its physical organs Our Higher Ego is a ray of the Universal Mind individualized for the span of a cosmic life cycle during which time it gets experience through almost numberless reincarnations or rebirths before returning to its Parent Source There are two minds in man two aspects of the same divine principle the higher or true Individuality and the lower or Personality It is these two that during our lifetime are in incessant struggle the one trying to gravitate heavenward the other dragged down by its animal nature to the earth earthy Nothing that takes place no manifestation however rapid or weak can ever be lost from the skandhic records of a man s life The Universal Memory preserves every motion the slightest wave and feeling that ripples the waves of differentiated nature whether of man or of Universe The metaphysician and the theosophist will applaud almost every word Dr Pirogov says regretting only that men of such profoundly intuitional nature should be so rare among the men of science

Incidents in the Life of Madame Blavatsky
Alfred Percy Sinnett, 1886 Madame Blavatsky refutes arguments against Theosophy Helena Petrovna Blavatsky, 2019-09-17 The arguments against Theosophy are like a verdant moss which displays a velvety carpet of green without roots and with a deep bog below Abuse pure and simple is the only weapon of partisans When a man has lived in crime his astral cadaver which holds him prisoner seeks again the objects of his passions and desires to resume its earthly life It torments the dreams of young girls bathes in the vapour of spilt blood and wallows about the places where the pleasures of his life flitted by The term elementary applies not only to one principle or constituent part i e an elementary primary substance but also embodies the idea which we express by the term elemental that which pertains to the four elements of the material world Elementaries are earth bound incarnated thoughts of evil men who have passed away In the grain of sand as in each atom of the human body spirit is latent not active Yet the atom is vitalized and energized by spirit without being endowed with distinct consciousness Spirit and matter co existent inseparable interdependent and convertible to each other But European tongues are too materialistic to make room for such metaphysical ideas A copious vocabulary indeed that has but one term for God and for alcohol In Sanskrit for instance there are twenty words or more to render one idea in its various shades of meaning Christendom with its boasted civilization has outgrown the fetishism of the Fijians The anthropomorphic ideas of Spiritualists concerning spirit are a direct consequence of the anthropomorphic conceptions of Christians as to their Deity Spirit is abstract light uncreated latent in every atom in whose profound and sacred repose all motion must cease for ever Spirit is a ray a fraction of the Whole and the Whole being Omniscient and Infinite its fraction must partake in degree of the same abstract attributes The critics of Theosophy refuse to comprehend the philosophical doctrine that every atom is imbued with Divine Light It is only when this atom magnetically drawn to its fellow atoms that is

transformed at last after endless cycles of evolution into Man the crown of intellectual and physical evolution on earth
