Madame Tubaud In England:

Madame Tussaud Pamela Pilbeam, 2006-08-10 Tussaud's catered for the public's fascination with monarchy whether Henry VIII and his wives or Queen Victoria as well as for their love of history acting as an accessible and enjoyable museum This work looks at Madame Tussaud herself and her exhibition as part of the wider history of wax modelling and of popular entertainment

The Human Tradition in Modern France K. Steven Vincent, Alison Clairmont-Lingo, 2000 This engaging textbook provides a human perspective of the history of France from 1789 to the present through essays that highlight individuals and intriguing events that too often have been lost under labels and statistics Students will gain an understanding of the humor and passion in French history from these original chapters by established scholars This collection also relates the individuals events and controversies to current historiographical debates The Human Tradition in Modern France is an excellent supplementary text for courses on French history as well as on Western Civilization

In Search Of London H.v. Morton, v Morton, 2009-07-21 H V Morton turns his traveler's intuition and his reporter's eye for detail to the city that has fascinated him since childhood London past present and timeless He explores the City and the Temple Covent Garden SoHo and all the submerged villages beneath the flood of bricks and mortar uncovering layer upon layer of London's history Morton follows the thread of imagination back and forth across the city tracing unforgettable scenes the Emperor Claudius leading his war elephants across the Thames the grisly executions at the Tower the world of Shakespeare Dickens and Queen Victoria and the shattered yet defiant city of the Blitz as well as the postwar London of ruins and hatless crowds Morton's quest for London's heart reveals how its daily life is rooted in a past that is closer and more familiar than we might think making the book as informative entertaining and rich in human color today as when it was written fifty years ago England During the Last Four Months of the War William Crowell Edgar, 1919

Fair and Unfair Trials in the British Isles, 1800-1940 David Nash, Anne-Marie Kilday, 2020-11-12 Adopting a microhistory approach Fair and Unfair Trials in the British Isles 1800 1940 provides an in depth examination of the evolution of the modern justice system Drawing upon criminal cases and trials from England Scotland and Ireland the book examines the errors procedural systems and the ways in which adverse influences of social and cultural forces impacted upon individual instances of justice The book investigates several case studies of both justice and injustice which prompted the development of forensic toxicology the implementation of state propaganda and an increased interest in press sensationalism One such case study considers the trial of William Sheen who was prosecuted and later acquitted of the murder of his infant child at the Old Baily in 1827 an extraordinary miscarriage of justice that prompted outrage amongst the general public Other case studies include trials for treason theft obscenity and blasphemy Nash and Kilday root each of these cases within their relevant historical cultural and political contexts highlighting changing attitudes to popular culture public criticism protest and activism as significant factors in the transformation of the criminal trial and the British judicial system as a whole Drawing upon a wealth of primary sources

including legal records newspaper articles and photographs this book provides a unique insight into the evolution of modern criminal justice in Britain

The Shows of London Richard Daniel Altick, 1978 A berserk elephant gunned down in the heart of London a machine for composing Latin hexameters and the original rock band 1841 these are but three of the sights that London curiosity seekers from every walk of life paid to see from the Elizabethan era to the mid Victorian period Examining hundreds of the wonderfully varied exhibitions that culminated in the Crystal Palace of 1851 this generously illustrated book sheds light on a vast and colorful expanse of English social history that has thus far remained wholly unsurveyed Drawing on a wealth of never before used information Mr Altick traces London exhibitions as they evolved from the display of relics in pre Reformation churches through the collections of eighteenth century virtuosi to the first science museums and public art galleries He also narrates for the first time the history of the panorama and diorama as an influential genre of nineteenth century popular art At every point the London shows are linked to the prevailing intellectual atmosphere and to trends in public taste The material is fresh and fascinating the range from freaks to popular science from the funeral effigies at Westminster Abbey to Madame Tussaud's waxworks impressive Like the exhibitions that best served the Victorian ideal of mass culture The Shows of London is both entertaining and informative

Pantheons Matthew Craske, 2017-07-05 The institution of the pantheon has come a long way from its classical origins Invented to describe a temple dedicated to many deities the term later became so far removed from its original meaning that by the twentieth century it has been able to exist independently of any architectural and sculptural monument This collection of essays is the first to trace the transformation of the monumental idea of the pantheon from its origins in Greek and Roman antiquity to its later appearance as a means of commemorating and enshrining the ideals of national identity and statehood Illuminating the emergence of the pantheon in a range of different cultures and periods by exploring its different manifestations and implementations the essays open new historical perspectives on the formation of national and civic identities

The French in London Isabelle Janvrin, Catherine Rawlinson, 2016-07-24 Ever since 1066 there has been a substantial French presence in London It is now said to be the sixth most populous French city and this book illustrates explains and exposes how this came about over more than a 1000 years Full of individual stories and overlooked details covering a common history from William the Conqueror to Charles de Gaulle

Picture World Rachel Teukolsky, 2020 Explores the ways in which new forms of visual culture such as such as the illustrated newspaper the cheap caricature cartoon the affordable illustrated book the portrait photograph and the advertising poster worked to shape key Victorian aesthetic concepts

The Culture of History Billie Melman, 2006-06-22 In this original and widely researched book Billie Melman explores the culture of history during the age of modernity Her book is about the production of English pasts the multiplicity of their representations and the myriad ways in which the English looked at history sometimes in the most

literal sense of looking and made use of it in a social and material urban world and in their imagination Covering the period between the Napoleonic Wars and the Coronation of 1953 Melman recoups the work of antiquarians historians novelists and publishers wax modellers cartoonists and illustrators painters playwrights and actors reformers and educationalists film stars and their fans musicians and composers opera fans and radio listeners Avoiding a separation between high and low culture Melman analyses nineteenth century plebeian culture and twentieth century mass culture and their venues like Madame Tussaud s Chamber of Horrors panoramas national monuments like the Tower of London and films as well as studying forms of minority art notably opera She demonstrates how history was produced and how it circulated from texts visual images and sounds to people and places and back to a variety of texts and images While paying attention to individuals making do with culture Melman considers constrictions of class gender the state and the market place on the consumption of history Focusing on two privileged pasts the Tudor monarchy and the French Revolution the latter seen as an English event and as the framework for narrating and comprehending history Melman shows that during the nineteenth century the most popular longest enduring and most highly commercialized images of the past represented it not as cosy and secure but rather as dangerous disorderly and violent The past was also imagined as an urban place rather than as rural In Melman s account City not green Country is the centre of a popular version of the past whose central Images are the dungeon the gallows and the guillotine

[Capital Punishment in Twentieth-Century Britain](#) Lizzie Seal, 2014-03-05 Capital punishment for murder was abolished in Britain in 1965 At this time the way people in Britain perceived and understood the death penalty had changed it was an issue that had become increasingly controversial high profile and fraught with emotion In order to understand why this was it is necessary to examine how ordinary people learned about and experienced capital punishment Drawing on primary research this book explores the cultural life of the death penalty in Britain in the twentieth century including an exploration of the role of the popular press and a discussion of portrayals of the death penalty in plays novels and films Popular protest against capital punishment and public responses to and understandings of capital cases are also discussed particularly in relation to conceptualisations of justice Miscarriages of justice were significant to capital punishment s increasingly fraught nature in the mid twentieth century and the book

analyses the unsettling power of two such high profile miscarriages of justice The final chapters consider the continuing relevance of capital punishment in Britain after abolition including its symbolism and how people negotiate memories of the death penalty Capital Punishment in Twentieth Century Britain is groundbreaking in its attention to the death penalty and the effect it had on everyday life and it is the only text on this era to place public and popular discourses about and reactions to capital punishment at the centre of the analysis Interdisciplinary in focus and methodology it will appeal to historians criminologists sociologists and socio legal scholars

The Emergence of Modern Marketing R.A. Church, Andrew Godley, 2004-08-02 Modern marketing and advertising deeply influence the way we in which perceive the world and define our identity Yet many of today s marketing and advertising practices are themselves products of earlier times The development of brands of advertising techniques and modern retailing are all associated with economic and business development of earlier periods This collection of essays considers the emergence of modern marketing by examining product differentiation and brand creation distribution and retailing strategies as well as advertising in a range of case studies covering the United States Continental Europe and the United Kingdom It highlights important innovations in marketing whilst underlining some surprising continuities and is a valuable reference for undergraduate and postgraduate students of marketing and advertising
