Clark,2014-04-01 The Vision of Catholic Social Thought traces the emergence of solidarity and human rights as critical theological and philosophical pillars of the anthropology and ethics foundational to the development of Catholic social teaching Meghan J Clark argues that the integration of human rights and the virtue of solidarity at the root of the Catholic social tradition are the unique contributions Catholic thought makes to contemporary debates in ethics political and philosophical theory Building upon the historical framework of the development of Catholic social thought drawing deeply from the papal encyclical tradition and the theological and ethical developments of Vatican II Clark forwards a constructive vision of virtue and social practice applying this critical question of human rights on the international stage **Starting**

with the Spirit Stephen Pickard, Tracy Preece, 2001-12-31 Within the field of theology per se a fundamental issue is raised when we begin with the Spirit This issue concerns the particular shape and trajectory of the Christian faith How will the doctrine of God at the heart of theology be re configured when the Spirit becomes the fundamental theme To begin with the Spirit is to place such a question at the centre of the theological agenda **A Culture of Engagement** Cathleen

Kaveny, 2016-03-01 Religious traditions in the United States are characterized by ongoing tension between assimilation to the broader culture as typified by mainline Protestant churches and defiant rejection of cultural incursions as witnessed by more sectarian movements such as Mormonism and Hassidism However legal theorist and Catholic theologian Cathleen Kaveny contends there is a third possibility a culture of engagement that accommodates and respects tradition It also recognizes the need to interact with culture to remain relevant and to offer critiques of social political legal and economic practices Kaveny suggests that rather than avoid the crisscross of the religious and secular spheres of life we should use this conflict as an opportunity to come together and to encounter challenge contribute to and correct one another Focusing on five broad areas of interest Law as a Teacher Religious Liberty and Its Limits Conversations about Culture Conversations about Belief and Cases and Controversies Kaveny demonstrates how thoughtful and purposeful engagement can contribute to rich constructive and difficult discussions between moral and cultural traditions This provocative collection of Kaveny s articles from Commonweal magazine substantially revised and updated from their initial publication provides astonishing insight into a range of hot button issues like abortion assisted suicide government sponsored torture contraception the Ashley Treatment

capital punishment and the role of religious faith in a pluralistic society At turns masterful and inspirational A Culture of Engagement is a welcome reminder of what can be gained when a diversity of experiences and beliefs is brought to bear on American public life

What Is a Person? Christian Smith, 2010-09-15 What is a person This fundamental question is a perennial concern of philosophers and theologians But Christian Smith here argues it also lies at the center of the social scientist's quest to interpret and explain social life In this ambitious book Smith presents a new model for social theory that does justice to the best of our humanistic visions of people life and society Finding much current thinking on personhood to be confusing or misleading Smith finds inspiration in critical realism and personalism Drawing on these ideas he constructs a theory of personhood that forges a middle path between the extremes of positivist science and relativism Smith then builds on the work of Pierre Bourdieu Anthony Giddens and William Sewell to demonstrate the importance of personhood to our understanding of social structures From there he broadens his scope to consider how we can know what is good in personal and social life and what sociology can tell us about human rights and dignity Innovative critical and constructive *What Is a Person* offers an inspiring vision of a social science committed to pursuing causal explanations interpretive understanding and general knowledge in the service of truth and the moral good

Mighty Stories, Dangerous Rituals Herbert Anderson, Edward Foley, 2019-02-01 *Shaping our journey into the Divine* This moving and enlightening book presents us with a compelling vision of what can happen when we take the opportunity to connect stories and rituals a vision of individuals and communities transformed through a deeper sense of connection to our loved ones our communities and God Herbert Anderson and Edward Foley reveal how when stories and rituals work together they have the potential to be both mighty and dangerous mighty in their ability to lift us up and help us make these connections beyond ourselves and dangerous in challenging us to learn to live with complexity and contradiction They show how much more meaningful a baptism wedding or funeral can be when liturgy is made to include and recognize the personal stories of those involved Suddenly these familiar life cycle rituals are infused with new life as participants become connected in a narrative web linking past and

present human and divine Newly created rituals can also help us connect our stories to the divine story giving meaning to what we experience and bringing us closer to God Ministers worship leaders and pastoral caregivers can use this approach to storytelling and ritual to find ways to bring together worship and pastoral care *Human Dignity* Aharon Barak,2015-01-29 An analytical study of human dignity as the humanity of a person as a constitutional value and a constitutional right *Humanity* John S. Clark,2018-04-03 The recent tide of books comparing Christianity and Buddhism has centered mostly on similarities The Dalai Lama for example provided his opinions on Christianity in a popular book The Good Heart A Buddhist Perspective on the Teachings of Jesus 1996 Other writers have equally sought to describe these two traditions as two paths to the same place Finding these approaches overly simplified Anthony Clark confronts the distinctions between Buddhism and Catholic Christianity acknowledging areas of confluence but also discerning areas of abiding difference Clark provides here a Catholic view of Buddhism that avoids obfuscations seeking clarity for the sake of more productive dialogue *Sacred and Social* Kenneth R. Himes,2025-05-01 A study of the deep historical roots of Catholic Social Teaching What is often neglected in studies of Catholic Social Teaching CST is the underlying theology that it presumes especially the biblical and patristic roots that have forged a broader tradition of social thought than is found in the more recent writings of the Catholic hierarchy Sacred and Social fills this gap by providing an extended analysis of the Catholic understanding of the human person especially the beliefs in human dignity and humanity s essentially social nature Himes argues that before the documents of the modern papacy a rich tradition already shaped and informed the Catholic lens on social reality He illustrates the theological basis for the ethical commitments of CST with the fundamental theological themes creation incarnation Trinity Body of Christ that gave rise to the Catholic social imagination **The New Testament and Bioethics** R. Dennis Macaleer,2014-01-01 Beauchamp and Childress s Principles of Biomedical Ethics is a well accepted approach to contemporary bioethics Those principles are based on what Beauchamp and Childress call the common morality This book employs New Testament theological themes to enhance the meaning of those principles of bioethics The primary New Testament text for this study is the twin commands from Jesus to love God and love one s neighbor The three theological themes developed from this study the image of God the covenant and the pursuit of healing are deeply embedded in the New Testament and in the ministry of Jesus Three contemporary bioethics principles are used for this dissertation based on The Belmont Report They are the principles of respect for persons justice and beneficence In each case the theological themes are shown to enhance the meaning of these bioethics principles Each of the three principles as understood through the three theological themes is applied to a current bioethics issue to demonstrate the efficacy of this approach The three current
