Caesar, 2009 *Speaking of Animals* consists of a linked series of thirteen essays about subjects ranging from deciding to castrate a dog evaluating recent dog memoirs observing animals in Spain reading about the training of big cats watching Animal Planet and being unable to kill a racoon in Texas So often personal even while analyzing novels such as *Water for Elephants* or movies such as *Giant* or *Into the Wild* the essays offer both an implicit critique and a continuation of recent discursive trends in animal studies whose language is too haplessly abstracted from the animals in whose name we humans strive to speak as well as narrate **Highland Wrath** Madeline Martin, 2018-07-17 An assassin hunts the men who slaughtered her family and finds a handsome ally in this thrilling Scottish romance from the USA Today bestselling author After years of training under the mysterious woman she knew only as My Lady Sylvi is no closer to finding the man with half an ear that brought about the murder of everyone in her family Now a skilled assassin guiding a network of spies of her own she has every resource she could want She just hasn t found her mark On a new assignment Sylvi s blade misses its target but for a change she is grateful Her subject Ian isn t just uncommonly skilled and roguishly handsome he may know exactly where her family s murderers are Now unlikely allies Sylvi will have to keep Ian close enough to get the information she needs So close that she fails to protect her own vulnerable heart As she and Ian become lovers she wonders is a trustworthy ally Or will he be her downfall With an empowered heroine and tormented hero a high degree of sensuality and a fast moving plot readers are sure to be satisfied from beginning to end RT Book Reviews on Highland Ruse **Still** Stephanie Paige Cole, 2010-06 *Still* There is nothing in the world that affects us more than the death of a loved one especially a child Stephanie Cole found that out first hand when her unborn daughter died unexpectedly one week after her due date Stephanie stumbled through the death of her daughter using creative expression as a tool to navigate her way through the darkness This book is a collection of the writings and artwork that she created in response to her loss *Still* is the poignant exposition of the reality that besets more than 25 000 pregnant families each year in the US Stephanie Cole s portrayal of the year following Madeline s death is vivid and stark and speaks to the disbelief and emptiness of the 50% of parents who never discover why their unborn baby died Stephanie s year deprived of an infant is illustrative of the challenge families and those who care for them face when experiencing the loss of an unborn child Each child is a special chapter in every family s life

even if that chapter is but a few heartbreaking pages of limited memories Still is important reading for those who experience pregnancy loss Perhaps it is more important reading for those who have not shared the experience but wish to understand Dr John J Botti Maternal Fetal Medicine Stephanie s honesty and candor are refreshing in a society that wants everything even mourning wrapped up in some sort of neat package She allows us to walk her path with her acknowledging that everyone s journey will be unique and that we will eventually accept what will become our new normal Beth Gauthier Mother to Mark stillborn Feb 2007 Stephanie writes from a place of honesty and raw emotion Throughout her writing she weaves the dreams she and her husband had for their precious daughter Madeline Her words help the reader understand the depth of pain felt by parents who experience the death of a much loved and hoped for baby A great read for any professional who wants to gain a better understanding of the emotions and feelings of a grieving parent Chaplain Carolanne Hauck Bereavement Coordinator

The Melody of Serendipity OJ LEIGH, 2023-09-08 In a world where the cacophony of life often drowns the subtler notes of existence emerges a poignant narrative of connection that defies the conventional means of expression The Melody of Serendipity beckons readers into a realm where the collision of two lives becomes a harmonious masterpiece scripted by destiny itself Within the pages of this captivating tale we meet Julian a gifted composer whose once vibrant symphonies have succumbed to the dissonance of a harsh reality Battling against the rigors of an unforgiving music industry Julian grapples with a creative crisis that distances him from the very heartstrings he once strummed with fervor On a parallel trajectory is Madeline a dancer who orchestrates her emotions with the eloquence of her hands Deafness from birth has not silenced her spirit rather it has nurtured an artistic language that transcends the boundaries of spoken word As her graceful movements etch poetry into the air Madeline becomes an embodiment of the emotions she conveys The duet of fate brings Julian and Madeline together and the silence between them becomes a canvas on which a unique kinship unfolds Their collaboration traverses the realms of sound and silence birthing an unparalleled harmony that challenges conventional communication This harmony breathes life into The Melody of Serendipity a mesmerizing performance uniting Julian s enchanting melodies with Madeline s ethereal dance In this alchemical partnership they unlock the core of artistry to evoke sentiments that language can scarcely capture As the narrative unfurls the duo contends with skepticism and adversities that threaten to mute their shared melody Yet Julian and Madeline s spirits remain resolute and together they embark on a journey of self discovery The crescendo of their connection leads them to a climactic performance where they unravel not only the depths of their own souls but also the prejudices of a world bound by conventional norms However The Melody of Serendipity is more than just a chronicle of artistic convergence it is an ode to human perseverance the potency of passion and the allure of diversity Julian and Madeline s expedition resonates as an ode to the unbreakable resilience of the human spirit Their story stands as a testament to the ability of shared creativity to transcend boundaries inspiring those who bear witness to the narrative to embrace their own individuality As readers journey through the pages of this enchanting tale they become partakers in the symphony of Julian

and Madeline's serendipitous connection. Through the eloquent prose, the dance of words mirrors the dance of emotions, and the melody of the narrative reverberates long after the final page is turned. *The Melody of Serendipity* invites readers to lose themselves in a narrative where the language of the heart supersedes the limits of spoken word, and where the symphony of souls finds its crescendo amidst the chaos of life's grand composition.
