Madrid and Barcelona, '90 Fodor's,1990-03-24 Spanish New York Narratives 1898-1936 David

Miranda-Barreiro,2017-07-05 In the early decades of the twentieth century New York caught the attention of Spanish writers Many of them visited the city and returned to tell their experience in the form of a literary text That is the case of Pruebas de Nueva York 1927 by Jose Moreno Villa 1887 1955 El crisol de las razas 1929 by Teresa de Escoriaza 1891 1968 Anticipolis 1931 by Luis de Oteyza 1883 1961 and La ciudad automatica 1932 by Julio Camba 1882 1962 In tune with similar representations in other European works the image of New York given in these texts reflects the tensions and anxieties generated by the modernisation embodied by the United States These authors project onto New York their concerns and expectations about issues of class gender and ethnicity that were debated at the time in the context of the crisis of Spanish national identity triggered by the end of the empire in 1898 Culture and the State in Spain Thomas Lewis,Francisco J. Sanchez,2017-09-29 This volume address the role of literature in the formation of cultural notions of state nation subject and citizen in Spain from the Renaissance to the Romantic period It brings together literary scholars and historians of the Golden Age and the eighteenth and nineteenth centuries in a dialog framed by the rise and dissolution of the Absolutist state Individual essays attempt to understand relationships between subjectivity and the state in Spain from the earliest articulations of the subject to the consolidation of an array of bourgeois subjectivities The major argument running throughout the volume is that literary discourse from the time it emerges in the sixteenth century to the time it coheres within a wholly modern concept of the aesthetic actively develops forms of subjectivity in relation to institutions of class power The intention of the volume is to clarify central problems regarding the emergence and function of literature across distinct modes of production state formations and hegemonic cultures This book keeps open a debate on the long process through which literature and the aesthetic come to be constituted as a complex arena in which sometimes directly more often indirectly the struggle for state power unfolds **The Twilight of the Avant-garde** Jonathan Mayhew,2009-01-01 Twilight of the Avant Garde addresses the central problem of contemporary Spanish poetry the attempt to preserve the scope and ambition of modernist poetry at the end of the twentieth century Offering a critical analysis of Luis Garc a Montero s poetry of experience and the work of Jos Angel Valente and Antonio Gamoneda among others Mayhew challenges received notions about the value of poetic language in relation to the society and culture at large Ultimately championing the survival of more challenging and ambitious modes of poetic writing in the postmodern age this volume argues that the cultural ambition of modernist poetics remains alive and well in our age of cynicism **The End of the World as a Work of Art** Rafael Argullol,2005 Interdisciplinary in nature the book crosses thematic as well as genre boundaries in a style regarded as transversal The poetical essays that comprise the story are full of both literary and philosophical allusions yet also devoid of theoretical terms or references and there fore read like fiction That may be the reason why the work became a non fiction

bestseller in Spain shortly after its original publication Gendering the Crown in the Spanish Baroque Comedia María Cristina Quintero, 2016-04-15 The Baroque Spanish stage is populated with virile queens and feminized kings This study examines the diverse ways in which seventeenth century comedias engage with the discourse of power and rulership and how it relates to gender A privileged place for ideological negotiation the comedia provided negative and positive reflections of kingship at a time when there was a perceived crisis of monarchical authority in the Habsburg court Author María Cristina Quintero explores how playwrights such as Pedro Calderón de la Barca Tirso de Molina Antonio Coello and Francisco Bances Candamo taking inspiration from legend myth and history repeatedly staged fantasies of feminine rule at a time when there was a concerted effort to contain women's visibility and agency in the public sphere The comedia's preoccupation with kingship together with its obsession with the representation of women and women's bodies renders the question of royal subjectivity inseparable from issues surrounding masculinity and femininity Taking into account theories of performance and performativity within a historical context this study investigates how the themes imagery and language in plays by Calderón and his contemporaries reveal a richly paradoxical presentation of gendered monarchical power **Frontier Memory: Cultural Conflict and Exchange in the Romancero fronterizo.** Sizen Yiacoup, 2013-10-07 Scholarship on the late medieval and early modern Castilian frontier ballad has tended to fall into two distinct categories analyses which promote a view of the fronterizo corpus as an instrument of anti Muslim nationalist ideology in the service of the Christian Reconquest or interpretations which favour the perception of the poems as idealizing and distinctly Islamophile in their representations of Granadan Muslims In this study Sizen Yiacoup offers readings of the romances fronterizos that take into consideration yet look beyond expressions of cross cultural hostility or sympathy in order to assess the ways in which the poems recall a process of cultural exchange between Christians and Muslims An understanding of the relationship between the ballads their original social setting and the setting in which they achieved their greatest popularity provides the framework for this interpretation of the poems shifting cultural connotations Accordingly Yiacoup traces the evolution of their historical and cultural significance as they moved from their origins in the fourteenth and fifteenth centuries when a Castilian frontier with Islamic Granada was still a reality into the sixteenth when this boundary vanished as part of the larger realignment of cultural territorial and political frontiers of the new Spanish empire Encyclopedia of Contemporary Spanish Culture Professor Eamonn Rodgers, Eamonn Rodgers, 2002-03-11 Some 750 alphabetically arranged entries provide insights into recent cultural and political developments within Spain including the cultures of Catalonia Galicia and the Basque country Coverage spans from the end of the Civil War in 1939 to the present day with emphasis on the changes following the demise of the Franco dictatorship in 1975 Entries range from shorter factual articles to longer overview essays offering in depth treatment of major issues Culture is defined in its broadest sense Entries include Antonio Gaudí science Antonio Banderas golf dance education politics racism urbanization This Encyclopedia is essential reading for anyone interested in Spanish

Spanish Women's Writing 1849-1996 Catherine Davies,2000-12-01 Traces the tradition of Spanish women s writing from the end of the Romantic period until the present day Professor Davies places the major authors within the changing political cultural and economic context of women s lives over the past century and a half with particular attention to women s accounts of female subjectivity in relation to the Spanish nation state government politics and the women s liberation movement

The Palgrave Handbook of Literature and the City Jeremy Tambling,2017-02-17 This book is about the impact of literature upon cities world wide and cities upon literature It examines why the city matters so much to contemporary critical theory and why it has inspired so many forms of writing which have attempted to deal with its challenges to think about it and to represent it Gathering together 40 contributors who look at different modes of writing and film making in throughout the world this handbook asks how the modern city has engendered so much theoretical consideration and looks at cities and their literature from China to Peru from New York to Paris from London to Kinshasa It looks at some of the ways in which modern cities whether capitals shanty towns industrial or rust belt have forced themselves on people s ways of thinking and writing

Modern Spain Francisco J. Romero Salvadó,2024-08-22 Using a wealth of varied sources this book is an inspiring and essential gateway to understanding the foundations of modern Spain Francisco J Romero Salvad employs a chronological framework to chart the country s experience commencing with the Restoration of the Bourbon Monarch in 1874 up to the present day Modern Spain is a vital contribution to the study and debate of this country s history and politics It provides a thorough yet concise study of nearly 150 years of tumultuous historical evolution It examines the crisis of traditional liberal politics and the subsequent ill fated attempts at reform through the military dictatorship headed by General Miguel Primo de Rivera and the progressive Second Republic that ensued The outcome being three years of tragic civil war followed by the long 40 year dictatorship of General Francisco Franco It concludes by exploring Spain s successful and surprisingly rapid transition to democracy and the challenges that it now faces in the 21st century Romero Salvad uproots the many myths and blatant distortions that have often surrounded the history of Spain By offering an analysis within a European context he also challenges the traditional view of the exceptional character of the country encapsulated in the motto Spain is different On the contrary this book so convincingly contends Spain is a perfect example to show the troubled and often violent path to modernity that western societies had to undergo in their transition from elite to mass politics

Encyclopedia of the Essay Tracy Chevalier,1997 A hefty one volume reference addressing various facets of the essay Entries are of five types 1 considerations of different types of essay e g moral travel autobiographical 2 discussions of major national traditions 3 biographical profiles of writers who have produced a significant body of work in the genre 4 descriptions of periodicals important for their publication of essays and 5 discussions of some especially significant single essays Each entry includes citations for further reading and cross references Annotation

copyrighted by Book News Inc Portland OR **Painting and the Turn to Cultural Modernity in Spain** Andrew Ginger,2007 Cultural modernity has habitually been defined as a focus on the means of representation themselves as opposed to art that imitates external reality or expresses its maker s inner life The crucial moment is usually considered the emergence of Edouard Manet in mid nineteenth century France and the features of French developments have been seen as defining terms in the theory of modernity However recent art and cultural history have often spoken of plural modernities distinct from the pattern set in France For the first time this study in cultural history explores how Spanish culture took a radical turn toward the medium of representation itself in the 1850s and early 1860s It argues that this happened in a way that is critically at odds with many fundamental theoretical suppositions about modernity **Deinstitutionalizing Art of the Nomadic Museum** Eva Marxen,2020-04-23 Deinstitutionalizing Art of the Nomadic Museum explores the possibility of the nomadic museum to facilitate social and political resistance through engagement with critical art practices and imagery Grounded in a decade long art therapy project in a contemporary art museum setting this book offers a theoretically rich conceptualization of this experience The text establishes an institutional critique of both the dominant psychopathology discourse and the instrumentalizations of art practices Innovative in its approach the results are analyzed in the framework of subjects such as hegemony subalternity subjectivity resistance the nomadic critical art practices narratives and minor language deinstitutionalization anti psychiatries as well as institutional therapy With a special focus on Latin America international artists writings and works are intersected with the thoughts of curators and museum decision makers The inevitable connection of the arts with social and political fields is highlighted enabling the exploration of the intersections of art critical analysis social science psychoanalysis and political philosophy This text will be of great interest to graduate and postgraduate students academics researchers libraries and museums curators in the fields of art therapy psychoanalysis contemporary art social cultural anthropology and political philosophy *The to Z of Spanish Cinema* Alberto Mira,Alberto Mira Nouselles,2010-04-27 Emerging as one of the most exciting fascinating and special kinds of filmmaking in the world Spanish cinema has been producing excellent directors actors and films for decades including during the dark times of the Franco regime With directors Pedro Almodovar actors and actresses Javier Bardem and Penelope Cruz and films *Abre los ojos* and *Alatriste* amassing popularity the outlook for Spanish cinema appears brighter than ever and it is deservedly winning numerous fans abroad Cultural Encounters in Contemporary Spain Debra Faszer-McMahon,2010-07 Previous critical studies have focused on feminist approaches to Janes s oeuvre This study seeks to expand those discussions through an analysis of the aesthetics of cultural otherness rather than simply gendered otherness within Janes s prolific literary production *Postmodernity in Spanish Fiction and Culture* Yaw Agawu-Kakraba,2010-10-15 Postmodernity in Spanish Fiction and Culture attempts a concise approach to the question of postmodernity in Spain since the advent of democracy The study presents Spain as one of the most postmodern of all European nations and argues that exclusive social and cultural

experiences such as the movida the desencanto political pasotismo immigration globalization and terrorism are not only patently Spanish but also that in their totality they constitute a powerful postmodern current in Spain Genre Fusion Sara J. Narrative, Piety and Polemic in Medieval Spain Alun Williams,2024-03-21 This book presents an original perspective on the variety and intensity of biblical narrative and rhetoric in the evolution of history writing in Le n Castile during the twelfth and thirteenth centuries It focuses on six Hispano Latin chronicles two of which make unusually overt and emphatic use of biblical texts Of particular importance is the part played by the influence of exegesis that became integral to scriptural and liturgical influence both in and beyond monastic institutions Alun Williams provides close analysis of the text and comparisons with biblical typology to demonstrate how these historians from the north of Iberia were variously dependent on a growing corpus of patristic and early medieval interpretation to understand and define their world and their sense of place Narrative Piety and Polemic in Medieval Spain sees Williams examine this material as part of a comparative exploration of language and religious allusion showing how the authors used these biblical liturgical elements to convey historical context purpose and interpretation
