**AntiFascism and Memory in East Germany** Josie McLellan,2004-10-07 AntiFascism and Memory in East Germany is a book about remembering and about forgetting about war and about the peace which eventually followed In the unlikely setting of the German Democratic Republic GDR the Spanish Civil War became the subject of a debate which both predated and outlasted the Cold War involving historians veterans politicians censors artists writers and Church activists Examining these multiple memories and interpretations of Spain casts new and unexpected light on the legacy of the Spanish Civil War and the relationship between history and memory under state socialism The ruling Socialist Unity Party made full use of the antifascist legacy as legitimation for a non democratic state But despite dogged attempts at control and censorship the state was unable to silence competing voices All over East Germany International Brigade veterans preserved their version of events in letters to each other in communications with the party in discussions with friends and family around the kitchen table and in memoirs written for the desk drawer For younger East Germans the war retained an undeniably romantic aura From their perspective Spain was a far away land to which they were forbidden to travel the stuff of camp fire singalongs and fantasies of adventure This book dissects the relationship between state sponsored history the lobbying of veterans cultural interpretations of war and the memory traces left behind by marginalised or politically oppositional groups and individuals It is a cultural history of memory under state socialism a social history of veteran groups and their relationship with the state and a political history of communist culture Above all it is the story of how post war Europeans came to terms with the heavy burden of their pre war past      Digest; Review of Reviews Incorporating Literary Digest ,1899      *Annual List of New and*

**Thorvaldsen** Jan Zahle, 2020-08-20 The Danish neoclassical sculptor Bertel Thorvaldsen 1770 1844 who lived most of his life in Rome was not only one of Europe's most soughtafter artists he was also a collector In addition to his own works and drawings he built extensive collections of paintings prints drawings and books and of ancient artefacts from Egyptian Greek and Roman antiquity coins lockets containers vases lamps fragments of sculpture and more He also acquired a large collection of plaster casts primarily after ancient sculptures and reliefs but also of works dating from the Renaissance and up until his own lifetime Thanks to Thorvaldsen's bequest to the city of Copenhagen his birthplace all of

these collections are still largely intact and well preserved at his museum Home to a total of 657 plaster casts the Thorvaldsen Museum s cast collection is unique for several reasons The collection offers us insight into the sculptor s working methods and the development of his work because it served a clear function as an image bank of forms motifs and subjects for Thorvaldsen s own endeavours Furthermore the dual fact that the collection is so well preserved and was established over a relatively brief period of time makes it a valuable example illuminating the trade and distribution of plaster casts during the first half of the nineteenth century These areas of study form the central focal point of Volume I of this publication Volume II contains a catalogue of the individual objects in the cast collection while Volume III collects the overviews inventories concordances and primary sources referred to in the first two volumes Arising out of many years of study of Thorvaldsen s cast collection conducted by their author the classical archaeologist Jan Zahle these books contain comprehensive source material from the period much of it previously unknown *A Preliminary Catalogue of Sarapis Monuments* G.
