Maenad, 1981 **Bad Blood** Clayton Schuster, 2019-05-28 Why is there so much bad blood involved in the stories of artists and their artworks Immerse yourself in 18 infamous artistic rivalries dramatized with gripping moments of narrative to understand how the rivalries that art fans love to gossip about serve a larger purpose in the way cultures approach the idea of art and the artist Why did Michelangelo loathe Raphael for decades after the latter had died How did Pablo Picasso and Henri Matisse balance their perpetual competition with a lifelong friendship What transgression pitted the notorious titans of the London graffiti scene Banksy and King Robbo in a rivalry that ended with a tragic and unforeseeable death An investigative journey transforms some of the big names of the art world into real people often grumpy ornery antagonistic and flawed and better reveals how all of us respond to art A Handbook of Greek Literature (Routledge Revivals) H.J. Rose, 2014-06-17 First published in 1934 this book covers a broad array of ancient Greek literature taking into account the most acknowledged of the Greek authors as well as those less well known H J Rose presents the latest findings of the time in terms of research into Greek literature and covers subjects from Homer Comedy and Poetry to Philosophy Science and the Metamorphoses Ovid, 1998-05-07 The theme of the Metamorphoses is change and transformation as illustrated in **Empire** Graeco Roman myth and legend On this ostensibly unifying thread Ovid strings together a vast and kaleidoscopic sequence of brilliant narratives in which the often paradoxical and always arbitrary fates of his human and divine characters reflect the never ending flux and reflux of the universe itself ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more Sunward Louis Golding, 1924 The Essential Metamorphoses Ovid, 2011-09-15 The Essential Metamorphoses Stanley Lombardo s abridgment of his translation of Ovid's Metamorphoses preserves the epic frame of the poem as a whole while offering the best known tales in a rendering remarkable for its clarity wit and vigor While making no pretense of offering an experience comparable to that of reading the whole of Ovid's self styled history from the world's first origins down to my own time this practical and judicious selection of myths at the heart of Roman mythology and literature yet manages to relate many of the most fascinating episodes in that world historical march toward the Age of Augustus and is accompanied by an Introduction that deftly sets them in their cosmological theological and Augustan contexts A Handbook of Greek Literature Herbert Jennings Rose, 1996 A brief yet comprehensive survey of Greek literature from Homer to Lucian Rose's stated intention for this companion volume to A Handbook of Latin Literature was that it be a work that covers the whole field is of moderate length yet not so short as to include the principle authors only **Ancient marbles in Great Britain, tr. by C.A.M. Parliament. House of Commons, 1920 Collected Verse Paul Valéry, 2024-06-26 The wind is rising Let us try to live One of the preeminent intellectuals of modern French culture Val ry is widely considered one of the country's greatest poets of the twentieth century Following a flurry of sonnets in his late teens he abruptly abandoned verse for twenty years If the publication of The Young Fate in 1917 won him immediate and immense acclaim his status as the outstanding poet of the era was firmly consolidated with the Album of Early Verse and Charms with its beautiful meditation on mortality The Graveyard by the Sea considered one of the finest poems in French A classical voice in an era of avant garde modernism Val ry s often sensuous work was inspired by mysticism myth the Mediterranean and above all passionate love This bilingual edition brings together for the first time the complete verse with many unknown and previously unpublished poems taken from his abundant correspondence which offers intimate insight into a private side of the writer Morgantina Studies, Volume VI Shelley C. Stone, 2015-01-25 Excavation of the ancient city of Morgantina in southeastern Sicily since 1955 has recovered an extraordinary quantity and variety of pottery both locally made and imported This volume presents the fine ware pottery dating between the second half of the fourth century BCE when Morgantina was a thriving inland center closely tied to the Hellenistic east through Syracuse and the first half of the first century CE when Morgantina had been reduced to a dwindling Roman provincial town that would soon be abandoned Bearing gloss and often paint or relief these fine ceramics were mostly tableware and together they provide a well defined picture of the evolving material culture of an important urban site over several centuries And since virtually all these vessels come from dated deposits this volume provides wide ranging contributions to the chronology of Hellenistic and early Roman pottery An introductory chapter sketches out a comprehensive history of the city discusses the many well dated archaeological deposits that contained the excavated pottery and defines the major fabrics of the ceramics found at the site The bulk of the volume consists of a scholarly presentation of

more than 1 500 pottery vessels analyzing their shapes fabrics chronology decoration and techniques of fabrication This rich ceramic material includes significant bodies of Republican black gloss and red gloss vases Sicilian polychrome ware and Eastern Sigillata A as well as early Italian terra sigillata with numerous examples imported from Arezzo and other Italian centers along with regional versions from Campania and elsewhere on Sicily The relief ware includes important groups of third century BCE medallion cups and hemispherical moldmade cups of the second and first centuries BCE Morgantina was also an active center of pottery production and the debris from several workshops has been recovered enabling Shelley Stone to reconstruct the working techniques and materials of the local craftsmen the range of ceramics they produced and how their products were influenced by pottery imported to the site from elsewhere on Sicily the Italian mainland and even more distant centers The volume also presents new information about the sources of the clay used by the Morgantina potters as revealed by X ray fluorescence analysis of selected vases
