## **Maerlande Chronicles:**

*The Maerlande Chronicles* Elisabeth Vonarburg, 1992 A future society where women far outnumber men has abandoned the models of patriarchy and matriarchy and established new gender roles But Lisbei a young thinker whose gift is exploring the past confronts the new establishment in order to force changes of her own *The Maerlande Chronicles* is a sequel to the critically acclaimed novel *The Silent City* Canadian Science Fiction, Fantasy, and Horror Amy J. Ransom, Dominick Grace, 2019-05-27 Canadian Science Fiction Fantasy and Horror Bridging the Solitudes exposes the limitations of the solitudes concept so often applied uncritically to the Canadian experience This volume examines Canadian and Québécois literature of the fantastic across its genres such as science fiction fantasy horror indigenous futurism and others and considers how its interrogation of colonialism nationalism race and gender works to bridge multiple solitudes Utilizing a transnational lens this volume reveals how the fantastic is ready made for exploring in non literal terms the complex and problematic nature of intercultural engagement *Where the Wild Books Are* Jim Dwyer, 2010-04-01 As interest in environmental issues grows many writers of fiction have embraced themes that explore the connections between humans and the natural world Ecologically themed fiction ranges from profound philosophical meditations to action packed entertainments *Where the Wild Books Are* offers an overview of nearly 2 000 works of nature oriented fiction The author includes a discussion of the precursors and history of the genre and of its expansion since the 1970s He also considers its forms and themes as well as the subgenres into which it has evolved such as speculative fiction ecodefense animal stories mysteries ecofeminist novels cautionary tales and others A brief summary and critical commentary of each title is included Dwyer's scope is broad and covers fiction by Native American writers as well as ecofiction from writers around the world Far more than a mere listing of books *Where the Wild Books Are* is a lively introduction to a vast universe of engaging provocative writing It can be used to develop book collections or curricula It also serves as an introduction to one of the most fertile areas of contemporary fiction presenting books that will offer enjoyable reading and new insights into the vexing environmental questions of our time **Dark Horizons** Tom Moylan, Raffaella Baccolini, 2013-12-02 First published in 2003 With essays by an international and interdisciplinary group of scholars *Dark Horizons* focuses on the development of critical dystopia in science fiction at the end of the twentieth century In these narratives of places more terrible than even the reality produced by the neo conservative backlash of the 1980s and the neoliberal hegemony of the 1990s utopian horizons stubbornly anticipate a different and more just world The top notch team of contributors explores this development in a variety of ways by looking at questions of form politics the politics of form and the form of politics In a broader context the essays connect their textual and theoretical analyses with historical developments such as September 11th the rise and downturn of the global economy and the growth of anti capitalist movements **Futurescapes** Ralph Pordzik, 2009 This book testifies to the growing interest in the many spaces of utopia It intends to map out on utopian and science fiction

discourses some of the new and revisionist models of spatial analysis applied in Literary and Cultural Studies in recent years The aim of the volume is to side step the established generic binary of utopia and dystopia or science fiction and thus to open the analysis of utopian literature to new lines of inquiry The essays collected here propose to think of utopias not so much as fictional texts about future change and transformation but as vital elements in a cultural process through which social spatial and subjective identities are formed Utopias can thus be read as textual systems implying a distinct spatial and temporal dimension as spatial practices that tend to naturalize a cultural and social construction that of the good life the radically improved welfare state the Christian paradise the counter society etc and make that representation operational by interpellating their readers in some determinate relation to their givenness as sites of political and individual improvement This volume is of interest for all scholars and students of literature who wish to explore the ways in which utopias of the past and recent present have circulated as media of cultural exchange and homogenization as sites of cultural and linguistic appropriation and as foci for the spatial formation of national and regional identities in the English speaking world

**Mothers and Masters in Contemporary Utopian and Dystopian Literature** Mary Elizabeth Theis, 2009 Because advances made by science and technology far outstripped improvements in human nature utopian dreams of perfect societies in the twentieth century quickly metamorphosed into dystopian nightmares which undermined individual identity and threatened the integrity of the family Armed with technological and scientific tools totalizing social systems found in literature abolish the distinction between public and private life and thus penetrate and corrupt the very core of all utopian blueprints and visions the education of future generations At the heart of the family mothers as parents transmit their diverse cultural traditions while socializing their children and thus compete with ideologically driven systems that usurp their role as educators Mothers and Masters in Contemporary Utopian and Dystopian Literature focuses therefore on the thematic importance of this and other maternal roles for generic metamorphosis the shift to dystopia invariably is signaled by the inversion of traditional maternal roles The longevity of the utopian dystopian literary tradition and persistence of the maternal model of human relationships serve as points of reference in this post modern age of relative cultural values Meta utopian exploration of this thematic tension between utopia and dystopia reminds us that no place may not be home but we need to keep going there

**Becoming Women** Carla Rice, 2014-01-01 In a culture where beauty is currency women s bodies are often perceived as measures of value and worth The search for visibility and self acceptance can be daunting especially for those on the cultural margins of beauty Becoming Women offers a thoughtful examination of the search for identity in an image oriented world That search is told through the experiences of a group of women who came of age in the wake of second and third wave feminism featuring voices from marginalized and misrepresented groups Carla Rice pairs popular imagery with personal narratives to expose the culture of contradiction where increases in individual body acceptance have been matched by even more restrictive feminine image ideals and norms With insider insights from the

Dove Campaign for Real Beauty Rice exposes the beauty industry's colonization of women's bodies and examines why the beauty myth has yet to be resolved

**The Routledge Introduction to Canadian Fantastic Literature** Allan

Weiss, 2020-12-29 This study introduces the history, themes and critical responses to Canadian fantastic literature. Taking a chronological approach, this volume covers the main periods of Canadian science fiction and fantasy from the early nineteenth century to the first decades of the twenty-first century. The book examines both the texts and the contexts of Canadian writing in the fantastic, analyzing themes and techniques in novels and short stories and looking at both national and international contexts of the literature's history. This introduction will offer a coherent narrative of Canadian fantastic literature through analysis of the major texts and authors in the field and through relating the authors' work to the world around them

**Who's Who of Canadian Women, 1999-2000** Gillian Holmes, 1999-06-01

Who's Who of Canadian Women is a guide to the most powerful and innovative women in Canada. Celebrating the talents and achievement of over 3,700 women, Who's Who of Canadian Women includes women from all over Canada in all fields including agriculture, academia, law, business, politics, journalism, religion, sports and entertainment. A special comment section reveals personal thoughts, goals and achievements of the profiled individual. Entries are indexed by employment or affiliation for easy reference. Published every two years, Who's Who of Canadian Women selects its biographees on merit alone. This collection is an essential resource for all those interested in the achievements of Canadian women

**Science Fiction from Quebec**

Amy J. Ransom, 2009-05-20 This first book-length study of French language science fiction from Canada provides an introduction to the subgenre known as SFQ (science fiction from Quebec). In addition, it offers in-depth analyses of SFQ sagas by Jacques Brossard, Esther Rochon and Elisabeth Vonarburg. It demonstrates how these multivolume narratives of colonization and postcolonial societies exploit themes typical of postcolonial literatures, including the denunciation of oppressive colonial systems, the utopian hope for a better future and the celebration of tolerant, pluralistic societies. A bibliography of SFQ available in English translation is included

**Out of This World** Rachel S. Cordasco, 2021-12-28

The twenty-first century has witnessed an explosion of speculative fiction in translation. SFT (Speculative Fiction in Translation) Rachel Cordasco examines speculative fiction published in English translation since 1960, ranging from Soviet era fiction to the Arabic language dystopias that emerged following the Iraq War. Individual chapters on SFT from Korean, Czech, Finnish and eleven other source languages feature an introduction by an expert in the language's speculative fiction tradition and its present-day output. Cordasco then breaks down each chapter by subgenre, including science fiction, fantasy and horror, to guide readers toward the kinds of works that most interest them. Her discussion of available SFT stands alongside an analysis of how various subgenres emerged and developed in a given language. She also examines the reasons a given subgenre has been translated into English. An informative and one-of-a-kind guide, Out of This World offers readers and scholars alike a tour of

**The Canadian Encyclopedia** James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors

typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
