Heinlein would have written if he lived in George Bush's America. Cory Doctorow Boing Boing A highly satisfying sequel to *Red Thunder*. Much more than a simple adventure story full of poignant moments and relevant social commentary. Kirkus Reviews starred review. Drawing unabashedly on current events from 9/11 to Hurricane Katrina, the author mixes space opera esque adventure and merriment with uncensored images of disaster areas and teenage sex. At his Heinlein channeling best, Varley preaches the gospel of individual responsibility with all the fervor of a space age libertarian revival preacher. Publishers Weekly John Varley blends past fiction, current events and future tech to create a story all his own but with classic roots in at least a half dozen of Heinlein's juveniles.
