Examining and Mitigating Sexual Misconduct in Sport Tanya Prewitt-White, Leslee Fisher, 2022-03-03 Sexual Misconduct in any environment is a gross abuse of trust and this is no different within the sport world Examining and Mitigating Sexual

Misconduct in Sport outlines systemic and sociological explanations for why sport is a site of sexual misconduct. The authors in the text describe cultural realities and considerations sport stakeholders must acknowledge and be informed of to make sport a more equitable and safe space. Personal narratives from a variety of sport stakeholders which unveil their lived experiences of sexual misconduct and humanize survivor stories in ways often ignored in sport and society are shared. Authors offer recommendations to all sport stakeholders to mitigate incidents of and harm done by sexual misconduct. Guidelines and suggestions for sport stakeholder practices that better protect individuals in sport address sexual misconduct when it occurs and mitigate the harm and trauma experienced because of incidents of sexual misconduct are also examined and provided. This book is the first text of its kind to invite sport stakeholders to have open, vulnerable and honest discussions around a timely topic often minimized, denied and/or ignored in sport. A ground-breaking new book, *Examining and Mitigating Sexual Misconduct in Sport* is key reading for any sport coach, sport parent, sport psychology professional or sport administrator.

Lesbian Lives Maggie Magee, Diana C. Miller, 2013-05-13. In this groundbreaking re-visioning of lesbianism, Magee and Miller transcend a literature that for decades has focused on the timeworn and misconceived task of formulating a lesbian-specific psychology. Rather, they focus on a set of interrelated issues of far greater salience in our time: the developmental and psychological consequences of identifying as homosexual and of having lesbian relationships. Their consideration of these issues leads to a rigorous review of major psychoanalytic and biological theories about female homosexuality and a probing examination of current notions of gender identity. These tasks set the stage for Magee and Miller's own model of psychologically mature sexuality between members of the same sex. The developmental and clinical issues taken up in specific chapters of *Lesbian Lives* include the challenges facing lesbian adolescents, the psychological and social significance of coming out, the various meanings and contexts of coming out as a gay or lesbian analyst, the interaction of individual psyche and social context in clinical work with lesbian patients, and the history of homosexual therapists and psychoanalytic training. The chapter on Bryher, the lesbian identified life partner of the poet Hilda Doolittle (Freud's patient H.D.), relying on unpublished documents, is not only a wonderful exemplification of themes developed throughout the work but an invaluable contribution to psychoanalytic history. *Lesbian Lives* is a heartening sign of the generous scholarship and humane impulse that are transforming psychoanalysis in our time. In writing infused with an experiential immediacy born of personal participation in the stories they tell, Magee and Miller weave a multiplicity of narratives into a fabric of explanation far richer, far more colorful, far truer to lived experience than anything psychoanalysis has heretofore offered on the subject.

Race and Sex in Latin America Peter Wade, 2009-09-07. Interracial sexual relations are often a key mythic basis for Latin American national identities, but the importance of this has been under-explored. Peter Wade provides a pioneering overview of the growing literature on race and sex in the region, covering historical aspects and contemporary debates. He includes both black and indigenous people in the frame, as well as mixed and white people, avoiding the implication that race means black.
