Teraab Ankhnu Feaster,Rochelle Campbell,2009-07 The Magic Seeds is an urban fairy tale It was inspired by a what if game played by the authors a mother son team What if the toy gemstone the son was playing with was actually real While riding home every day after school the authors thought about this question and created a lovely story about a little boy and his mother and how a pack of magic seeds changed their lives The Magic Seeds is a fantastical story about a modern day urban family that faces the average daily challenges that many people face However in this story as in all fairy tales there s a very happy ending The Magic Seeds does not have goblins giants or evil stepmothers in it What it does touch on are real life situations such as finding good childcare spending quality time with your children as a single parent and making the best of your situation By reading The Magic Seeds you and your family will smile and laugh at the way little Johnny creates fun in his life and recognize his mother s determination to do her best to give her son a great childhood on a budget This is a feel good story that will remind you that it s the small things that truly matter most in life *The Extraordinary Education of Johnny*
