to believe he needed to emulate whiteness to be successful So Chad changed He changed his wardrobe his behavior his speech everything that connected him with his Black identity And while he finally felt included he felt awful So he decided to give up the charade He reverted to the methods he learned at the dinner table or at the Black Baptist church where he d been raised or at the concrete basketball courts barbershops and summertime cookouts And it paid off Chad began to land more exciting projects He earned the respect of his colleagues Accounting for this turnaround Chad believes was something he calls Black Magic namely resilience creativity and confidence forged in his experience navigating America as a Black man Black Magic has emboldened his every step since leading him to wonder Was he alone in this discovery Were there others who felt the same In pulverizing educational and inspirational Shea Serrano 1 New York Times bestselling author of Basketball And Other Things essays Chad dives into his formative experiences to see if they might offer the possibility of discovering or honing this skill He tests his theory by interviewing Black leaders across industries to get their take on Black Magic The result is a revelatory and essential book Black Magic explores Black experiences in predominantly white environments and demonstrates the risks of self betrayal and the value of being yourself **SoulFire:A Steamy**
