The Temple of High Magic Ina Custers-van Bergen, 2010-03-09 A practical guide to pathworking and other esoteric techniques from the ancient mystery schools predating Christianity Explains the dynamics of both group ritual and solo practice Shows that temples of high magic are not mere physical structures but inner edifices created by sustained meditative practice Explains why this practice is sometimes called the Yoga of the West Before the advent of Christianity early civilizations had at the heart of their spiritual traditions mystery schools that offered a corpus of training methods in what is now called magic The persecution of heresies that followed the establishment of Christianity as Rome's state religion a persecution that reached its high point during the Middle Ages forced the degradation and disappearance of this training system While the knowledge of these mystery traditions jealously guarded by secret societies has begun to emerge the actual techniques and practices of spiritual magic have remained hidden The Temple of High Magic provides the practical

knowledge of these techniques for modern spiritual seekers who wish to incorporate the proven esoteric techniques of the magi into their lives This book explains the dynamics of group ritual and solo practice as well as the critical role played by the kabbalistic tree of life the key to inner knowledge Ina Custers van Bergen shows that temples of high magic are not mere physical structures but are the inner edifices willed into being by a sustained meditative practice and pathworking using key symbols from ancient Hebraic and Egyptian traditions Sometimes called the Yoga of the West this spiritual magic is a system of esoteric development that seeks to create full union between the magician and the divine **Secrets of Western Sex**

Magic U. D. Frater, U. D. (Frater), 2001 HARNESS THE MOST POWERFUL ENERGIES YOU HAVE EVER EXPERIENCED

Unlock the powerful energies raised during the sex act and use them to manifest your deepest desires During the sex act your attention becomes focused into a laser beam of concentration This power of concentrated thought is the foundation of all magical systems Sex Magic's secret is that it's a tremendously powerful and easily learned way to consciously direct

sexual energy and accomplish material and personal goals Male and female energies are often entirely different and it would be folly to deny this but experience shows that female magicians can be particularly successful in using and developing Sex Magic Consequently this book is aimed at both male and female readers unlike more traditional teachings written for men Of all secret lore Sex Magic has been reputed through the centuries to be the most dangerous Today we know that this attitude was largely a reflection of the hostility held towards the flesh held by repressive religions If we learn one thing from the shamanic cultures it is the strong emphasis upon the role of the body in magic Mind and Body are two facets of the One Thing in which Will Imagination and Gnostic Trance are the three pillars of success Contrary to the principles of Eastern Tantra Western Sex Magic emphasizes the importance of actual orgasm both male and female Orgasm is the moment when the walls between consciousness and subconsciousness are sundered and direct access to the deeper levels of the psyche become possible freeing up possible paranormal powers Orgasm itself is sufficient to achieve gnostic trance provided that control is maintained and one does not simply lose consciousness as most people do at the moment of ecstasy Secrets Western Sex Magic teaches one of the oldest disciplines of this secret lore It is a complete system of Sex Magic in theory and practice with exercises to develop related abilities for visualization concentration breath control psychic energy arousal and flow along with full instructions on the projection of sexual energies for healing and manifestation their use in Sigil Magic and the charging of Amulets Talismans Group Ritual and the assumption of god forms when working as a priestly couple and the divine Chymical Marriage of ultimate union This book is also an introduction to the entire field of practical magic using our natural interest and involvement in sexual pleasure to illustrate and develop magical abilities and techniques **Magic and Alchemy** Robert Michael Place, 2009 The word magic evokes many ideas from a stage magician performing illusions to the pyrotechnics of witches and wizards depicted in movies and on television This book covers the history practices and philosophies of magic and alchemy in Western history It also looks at the tools used by magicians and alchemists

Religion and Magic in Western Culture Daniel Dubuisson, 2016-04-08 In the history of Western culture theology and science a strict dichotomy exists between religion and magic religion as the intellectually and morally superior one magic as the primitive superstitious demonic other The present work aims to break with this tradition and traces the origin of this dichotomy as well as its many purposes Whose powers does it serve Which interests and ideological stakes does it conceal Moreover the author proposes a new epistemological framework for the study of magisms as well as their rehumanisation and argues for a rehabilitation of their studies Inside a Magical Lodge John Michael Greer, 2021-03-24 A must read for members of existing lodges for students of magical traditions such as the Golden Dawn for practitioners of other kinds of group magical work and for all those who have wondered about the hidden world behind lodge doors For centuries magical lodges have been one of the most important and least understood parts of the Western esoteric traditions The traditional secrecy of lodge organisations has made it next to impossible for modern students of magic to learn what magical lodges do

and how their powerful and effective traditions of ritual symbolism and organisation can be put to work This updated and expanded edition of *Inside a Magical Lodge* reveals the foundations of lodge work on all levels from the framework of group structure that allows lodges to efficiently handle the practical needs of a working magical group through the subtle approaches to symbolism and ritual developed within lodge circles to the potent magical methods that lodges use in their initiations and other ceremonial workings *Practical Magic and the Western Mystery Tradition* Walter Ernest Butler,1986

Ritual Embodiment in Modern Western Magic Damon Zacharias Lycourinos,2017-11-15 In the Western world magic has often functioned as an umbrella term for various religious beliefs and ritual practices that seek to influence events by harnessing supernatural power The definition of these myriad occult and esoteric traditions have however usually come from those that are opposed to its practice notably authorities in religious legal and intellectual spheres This book seeks to provide a new perspective directly from the practitioners of modern Western magic by exploring how a distinctive mode of embodiment and consciousness can produce a transition from an ordinary to a magical worldview Starting with an introduction to the study of magic in the Western academy the book then presents the author s own participant observation of five ethnographic case studies of modern Western magic The focus of these ethnographic case studies is directed towards ideas and methods the informants employ to self legitimise and self represent as magicians It concludes by discussing the phenomenological implications and issues around embodiment that are inherent to the contemporary practice of magic This is a unique insight into the lived experience of practitioners of modern magic As such it will be of keen interest to scholars of the Occult and New Religious Movements as well as Religious Studies academics examining issues around the embodiment and the anthropology of religion *CEREMONIAL MAGIC BOOK SIX MYSTICISM UNIVERSAL* Don Diego
