Public Administration As A Developing Discipline Perspectives On Past And Present

Jos C. N. Raadschelders

Public Administration As A Developing Discipline Perspectives On Past And Present:

Public Administration as a Developing Discipline Golembiewski, 1977-08-01 This book identifies nine guidelines for the conceptual development of public administration It shows how one specific approach the laboratory approach to organization development OD can facilitate the development of public administration Public Administration as a Developing Discipline Golembiewski, 1977-08-01 First published in 1977 Routledge is an imprint of Taylor Francis an informa company

Government: A Public Administration Perspective Jos C. N. Raadschelders, 2015-03-04 Most public administration texts overly compartmentalize the subject and don't interconnect the various specializations within government which leaves a serious gap in preparing students for public service Government A Public Administration Perspective is designed to fill that void It provides a comprehensive multidisciplinary view of government that includes perspectives from political science political theory international relations organizational sociology economics and history The text draws on classic and modern literature from all these areas to analyze government at four different levels ideational societal organizational and individual layers It links public administration's various subfields human resource management budgeting policy making organizational theory etc into a holistic framework for the study of government It also includes an extensive bibliography drawing from American and European literature in support of the book's global historical and comparative approach **Handbook of Public Administration** W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 2018-01-19 Since the publication of the previous edition the best selling Handbook of Public Administration enters its third edition with substantially revised updated and expanded coverage of public administration history theory and practice Edited by preeminent authorities in the field this work is unparalleled in its thorough coverage and comprehensive references This handbook examines the major areas in public administration including public budgeting and financial management human resource management decision making public law and regulation and political economy Providing a strong platform for further research and advancement in the field this book is a necessity for anyone involved in public administration policy and management This edition includes entirely new chapters on information technology and conduct of inquiry In each area of public administration there are two bibliographic treatises written from different perspectives The first examines the developments in the field The second analyzes theories concepts or ideas in the field's literature Handbook of Public Administration, Second Edition W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 1997-09-19 This bestselling reference examines all major areas in public administration from the enlightening perspectives of history and the five great concepts or theories framing each topic including public budgeting financial management decision making public law and regulation and political economy The American Reference Books Annual calls this stimulating and thought provoking thorough and inclusive a valuable contribution and Canadian Public Administration said it is impressive an extremely useful reference tool the writing and analysis and the scope of the coverage make the volume a good investment for both government and university libraries *Insights of Administrative*

Thinkers Anupama Puri Mahajan, 2025-03-27 This book offers a lucid and comprehensive account of the contributions of eminent theorists to the study of public administration and management. It introduces its readers to the works of 32 esteemed thinkers in the field of administrative theories. It provides life sketches of all the thinkers along with an outline of their contributions and a critical discussion of their seminal work. With a focused emphasis on individual thinkers, this volume covers all the major administrative theories that have evolved over the last 600 years, such as the oriental classical and administrative schools of thought, organisational humanism, and public choice theories of administration. The impact of postmodernism, poststructuralism, and critical social theory on public administration has also been analysed in the context of their relevance to the modern world. Written as per the prescribed curriculum, the book will serve as a helpful companion for undergraduate and postgraduate students of public administration and political science. It will be useful to students, researchers, and teachers of public administration, public policy, political science, and management. The book will also be an invaluable companion to policymakers in the government sector as it will strengthen their conceptual understanding of the subject. Evolutionary Critical Theory and Its Role in Public Affairs Charles Frederick Abel, Arthur Jay

Sementelli, 2016-09-16 This work addresses one of the most central and timely subjects in Public Administration: how to make sense of critical theory and especially how to assess its implications for everyday practice. **Management in the Human**

Service Organization United States. Office of Family Assistance, 1980 **Handbook of Court Administration and Management** Steven W. Hays, Cole Blease Graham Jr., 2017-10-19 Blending both the theoretical and applied aspects of contemporary issues in court management, this reference text offers in-depth coverage of all major topics and developments in judicial systems administration. It is suitable for use in the classroom or for self-study. Providing the background material to clarify even the most technical management application, this book presents the history and theory of the court management movement, examines the separation of powers doctrine and its relationship to judicial independence, discusses the latest developments in court reform, the American Bar Association standards, alternative dispute resolution techniques, and caseload considerations, analyzes unified court budgeting and revenue generation by judicial systems, describes personnel administration, training, and jury management, and elucidates court performance evaluation planning approaches, the use of cameras in the courtroom, and audio-visual applications. **Public Administration in the NICs** Ahmed Shafiqul

Huque, Jane C.Y. Lee, 2016-07-27 The four dragons of Asia—Hong Kong, Singapore, Taiwan, and South Korea—have achieved remarkable progress over the past decades. These newly industrialising countries (NICs) have emerged as major actors on the world economic scene. Their success can be attributed to a number of factors related to historical background, relationship with China, pattern of governance, and performance of administrative, political, and economic institutions. This book examines the role of public administration in the accomplishments of the NICs and identifies potential areas of challenge for the dragons. **The Public Administration Profession** Bradley S. Chilton, Stephen M. King, Viviane E. Foyou, J. Scott

McDonald,2018-09-03 While many introductory public administration textbooks contain a dedicated chapter on ethics The Public Administration Profession is the first to utilize ethics as a lens for understanding the discipline Analyses of the ASPA Code of Ethics are deftly woven into each chapter alongside complete coverage of the institutions processes concepts persons history and typologies a student needs to gain a thorough grasp of public service as a field of study and practice Features include A significant focus on public interests nonprofit management hybrid private organizations contracting out and collaborations and public service at state and local levels A careful examination of the role that religion may play in public servants decision making as well as the unignorable and growing role that faith based organizations play in public administration and nonprofit management at large End of chapter ethics case studies key concepts and persons and dedicated local community action steps in each chapter Appendices dedicated to future public administration and nonprofit career management writing successful papers throughout a student s career and professional codes of ethics A comprehensive suite of online supplements including lecture slides quizzes and sample examinations for undergraduate and graduate courses containing multiple choice true false identifications and essay questions chapter outlines with suggestions for classroom discussion and suggestions for use of appendices e g how to successfully write a short term paper a brief policy memo resume or a book review Providing students with a comprehensive introduction to the subject while offering instructors an elegant new way to bring ethics prominently into the curriculum The Public Administration Profession is an ideal introductory text for public administration and public affairs courses at the undergraduate or graduate level

Ironies In Organizational Development Robert T. Golembiewski,2019-02-13 Offering effective tools and strategies this book covers how to encourage and strengthen skills in process analysis and investigation align OD principles with transforming societal values clarify communication processes and decision making procedures and isolate and resolve roadblock issues Constructing a platform to assess large system agendas Ironies in Organizational Development Second Edition is an outstanding text for upper level undergraduate and graduate students taking organizational development courses in the departments of public administration psychology management and sociology as well as for in service and professional workshops **Personnel Literature** ,1978 Political Science and Chinese Political Studies Sujian

Guo,2012-07-25 We have witnessed the substantial transformation of China studies particularly Chinese political studies in the past 30 years due to changes in China and its rising status in the world as well as changes in our ways of conducting research As area studies specialists we are no longer isolated from the larger disciplines of Political Science and International Relations IR but an integral part of them This book contains theoretically innovative contributions by distinguished political scientists from inside and outside China who together offer up to date overviews of the state of the field of Chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between Western political science scholarship and contemporary Chinese political studies

examine the logic and methods of political science and their scholarly application and most recent developments in the study of Chinese politics and discuss the hotly contested and debated issues in Chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of Chinese political studies in the context of rising China **The Indian Journal of Public Administration**, 2007 *Management Laureates* Arthur G. Bedeian, 2018-04-17 First published in 1992 This volume compiles the autobiographies of the management discipline's most distinguished laureates Prior to this publication the available management literature provided little insight into the personal and intellectual lives the frustrations as well as the triumphs of the individuals in the management discipline Although such understanding could be conveyed in many forms perhaps the most intimate and fascinating of these for gaining behind the scenes insights is the autobiography Thus the autobiographies in this volume as in the five companion volumes offer the reader not only a glimpse of the subjective determinants and personal experiences of the management discipline's most distinguished laureates but also a deeper understanding of what management is and what it is becoming The various accounts reflect a diversity of approaches interests and experiences Public Human Resource Management R. Paul Battaglio Jr., 2014-09-02 *Public Human Resource Management Strategies and Practices in the 21st Century* offers a novel take on public human resource management PHRM by providing practical guidance for practitioners operating in a drastically reformed HR environment Author R Paul Battaglio assesses how the traditional practice of public HR has changed and not necessarily for the better by looking at new material on human resource information systems managing motivation in the public sector and public HR management education a topic rarely found in contemporary PHRM texts *Public Human Resource Management* is an essential guide to managing and navigating the challenges and opportunities posed in the changing landscape of HR reform **Government Budgeting and Financial Management in Practice** Gerald J. Miller, 2017-09-25 The right turn in U S politics has increased conflict over both ends and means in government budgeting and financial management Overlapping and competing views of the way the world works drive finance officials practice Taking a new look at public financial management that acknowledges the multiple competing realities *Government Budgeting and Financial Management in Practice* Logics to Make Sense of Ambiguity examines transaction cost economics and other small government managed by the market techniques as the latest reincarnation of public budgeting and financial management orthodoxy Gerald J Miller reviews new research on the continuing validity of the political dimension of government finance decisions and the multiple intensely argued constructions of reality the finance official must make sense of Miller discusses major advances in interpretive approaches to budgeting and finance and how they dominate writing in the broader field of public administration He also examines the effects of the explosion of information systems new budget techniques nonconventional ways of spending and new technologies The book uses a question as the motivating force to understand some facets of today's government budgeting finance and financial

management where do the critical assumptions come from to drive financial management Miller takes the history of reform developments in the field and the logics finance officials say they use as sources for these assumptions and examines what they reveal about constructions of the government finance world Exploring new avenues of financial management thinking the book discusses ambiguity and interpretations that move the unclear preferences ends and goals toward consensus The author identifies an alternative approach to research that explains important facets of financial management This approach is drawn directly from practice events and problems in public organizations and from the creedal bent of many political actors in competition

Digital Public Administration and E-Government in Developing Nations: Policy and Practice

Halpin, Edward Francis, Griffin, David, Rankin, Carolyn, Dissanayake, Lakshman, Mahtab, Nazmunnessa, 2013-03-31 In recent years it has become apparent that there are very distinct gaps between developed and developing regions in the world especially in regards to e government systems infrastructures and processes Digital Public Administration and E Government in Developing Nations Policy and Practice examines e government from the perspective of developing nations and addresses issues and concerns of developing systems and processes This publication is a valuable and insightful tool for researchers practitioners policymakers and students in different fields who are interested in information systems public policies politics and media and communication studies

Government Thomas N. Ingram, Raymond W. LaForge, Ramon A. Avila, Charles H. Schwepker, Jr., Michael R. Williams, 2003-03-11

Most public administration texts overly compartmentalize the subject and don't interconnect the various specializations within government which leaves a serious gap in preparing students for public service Government A Public Administration Perspective is designed to fill that void It provides a comprehensive multidisciplinary view of government that includes perspectives from political science political theory international relations organizational sociology economics and history The text draws on classic and modern literature from all these areas to analyze government at four different levels ideational societal organizational and individual layers It links public administration's various subfields human resource management budgeting policy making organizational theory etc into a holistic framework for the study of government It also includes an extensive bibliography drawing from American and European literature in support of the book's global historical and comparative approach
