favorite genres and authors and to talk about their reading In *More Than Guided Reading* Cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning not only providing more time for students to discover their reading lives but also shaping instruction to meet the needs of the diverse learners in her classroom By changing the structure of the day Cathy found she was better able to adjust the support she was providing students allowing time for whole class focus lessons conferences and opportunities to share ideas as well as reading from self selected texts using the strategies skills and understandings acquired in reader s workshop The focus lesson is the centerpiece of the workshop It is often tied to a read aloud and connected to learning from the previous day helping to build skills extend thinking and develop independence over time This thoroughly practical text offers numerous sample lessons questions for conferences and ideas for revamping guided reading groups It will help teachers tweak the mix of instructional components in their reading workshops and provoke school wide conversations about the place of guided reading in a complete literacy curriculum **Navigator Fiction Year 5** Pearson Education,2002-04-23 Navigator is a KS2 reading scheme which covers fiction and non fiction It provides material to give pupils a 20 minute guided reading session per week during each school year Non-Fiction Guided Reading Handbook ,2004-03 Word Learning, Word Making, Word Sorting - 50 Lessons for Success Judy Lynch,2002-07 Everything you need for successful word work lessons
