VanderKam, 2023-01-03 R H Charles A Biography first situates Charles's work in the history of biblical scholarship The remainder of the book is divided into three parts that draw on material stored in several archives and other sources The first provides an account of his early life and education in Ireland Part two is devoted to his Oxford years 1890 1913 Within a chronological framework the chapters regarding the Oxford period focus on his pioneering work with Jewish apocalypses as evident in his many textual editions translations and commentaries For all of his major publications an attempt is made to assess how his work was received at the time and how it continues to affect the field of early Judaism The third part furnishes a biographical overview of his work as a canon of Westminster 1913 31 At the Abbey he carried out pastoral duties but also published books that made contributions to publicly debated issues such as divorce while at the same time continuing his scholarly endeavours The volume includes bibliographies of Charles's many publications and of works cited From Creation to New Creation Daniel M. Gurtner, 2013-01-01 In this unique text sixteen well known evangelical scholars celebrate the work of G K Beale whose study and understanding of the Scriptures has garnered immense appreciation among scholars and exegetes of all kinds Beale is renowned for his studies that explore how the writers of the New Testament used the Old Testament Scriptures in their letters Gospels narrative and apocalypse His work has greatly contributed to Evangelical biblical scholarship as we know it today While this commemorative work celebrates one man's contribution to Evangelical biblical scholarship it is also a technical text that students and professors of advanced NT studies will value in the classroom Sixteen essays written by popular scholars including Richard J. Webb, 1993-01-01 The text of 2 Cor 6 14 7 1 commonly called the fragment has been the focus of much debate due largely to its enigmatic

presence within the context of 2 14 7 4 This work forges a new line of research on the problem of contextual disruption through an examination of the Old Testament traditions used within the fragment their source redactional focus and theology Next a similar traditions study is pursued in the current literary context of 2 14 7 4 A surprising degree of continuity between the fragment and its context is discovered in the use of Old Testament traditions particularly those relating to new covenant and second exodus exilic return traditions From this investigation a contextual hypothesis is proposed along with a critique of competing contextual theories The book concludes with two appendices which apply the contextual hypothesis to the crucial interpretative issue in 6 14a Although the author s contextual hypothesis is not dependent upon any one interpretative solution in 6 14a it nonetheless offers some fresh insight into the questions of who the unbelievers are and what the unequal yoke is *Metropolitan Pulpit and Homiletic Monthly* ,1922 **Who's who in America** John W.
