Sense Of Honour:

Honor Frank Henderson Stewart,1994 What is honor Is it the same as reputation Or is it rather a sentiment Is it a character trait like integrity Or is it simply a concept too vague or incoherent to be fully analyzed In the first sustained comparative analysis of this elusive notion Frank Stewart writes that none of these ideas is correct Drawing on information about Western ideas of honor from sources as diverse as medieval Arthurian romances Spanish dramas of the sixteenth and seventeenth centuries and the writings of German jurists of the nineteenth and twentieth centuries and comparing the European ideas with the ideas of a non Western society the Bedouin Stewart argues that honor must be understood as a right basically a right to respect He shows that by understanding honor this way we can resolve some of the paradoxes that have long troubled scholars and can make sense of certain institutions for instance the medieval European pledge of honor that have not hitherto been properly understood Offering a powerful new way to understand this complex notion Honor has important implications not only for the social sciences but also for the whole history of European sensibility **The Spirit of Russia** Tomáš Garrigue Masaryk,1919 **Realizing Freedom: Hegel, Sartre and the Alienation of Human Being** G. Rae,2011-10-12 A first in English this book engages with the ways in which Hegel and Sartre answer the difficult questions What is it to be human What place do we have in the world How should we live What can we be 〇〇〇〇 〇〇〇 〇〇〇〇〇〇 〇〇〇 〇〇〇〇〇〇 B. Spiers,1882 *The Law of War and Peace* Hugo Grotius,1925 **Theology in a Suffering World** Christopher Southgate,2018-08-30 The book proposes a new way of understanding the glory of God in Christian theology based on glory as sign *The Civilisation of the Renaissance in Italy* Jacob Burckhardt,Samuel George Chetwynd Middlemore,1921

When Honour's at the Stake (Routledge Revivals) Norman Council,2014-06-27 Renaissance ideas of honour had a profound influence on the English people who formed Shakespeare s audiences In *When Honour s at the Stake* first published in 1973 Norman Council describes the increasing importance of these ideas to the themes and structure of a number of Shakespeare s major plays The validity of the most widely approved code of honour was being challenged on a variety of fronts yet both personal standards of behaviour and public affairs were habitually understood in terms of honour A series of tragedies are given their basic form by dramatizing the pernicious effects of man s disobedience to the various demands of honour in *Julius Caesar* *Troilus and Cressida* *Hamlet* *Othello* and *King Lear* honour is among the principal motives of tragedy In this way the modern reader s comprehension of the plays can be greatly enhanced by reference to Elizabethan honour codes *Making Sense in (and of) the First Christian Century* Francis Gerald Downing,2000-08-01 The first Christian century must be approached with careful attention to its cultural and linguistic heterogeneity It should not simply be assumed that this past is a different place they do things differently there Downing treats the ways in which early Christians tried to make things make sense within their cultures noting both the similarities and differences between their ways and contemporary ones and stressing the variety of contexts and influences on first century communication Downing

Alicja Curanović,2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia s mission in Tsarist times that the sense of mission matters more for Russia s elites than for Russia s masses and that Russia s special mission is emphasised more when there are questions about the regime s legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy If I Lose Mine Honor, I Lose Myself Courtney Erin Thomas,2017-01-01 Courtney Thomas
