Morgen Witzel, 2016-12-16 Of all the sciences and social sciences management is the one that most deliberately turns its back on the past Yet management as we know it today did not spring into life fully formed Management has more than just a present it also has a past and a future and all three are inextricably linked This book charts the evolution of management as an intellectual discipline from ancient times to the present day Contemporary management challenges including sustainability technology and data and legitimacy are analysed through an historical lens and with the benefit of new case studies The author helps readers understand how the evolution of management ideas has interacted with changes in society By framing management's history as one of challenge and response this new edition is the perfect accompaniment for students and scholars seeking meaningful study in the business school and beyond Essential reading as a core textbook in management history the book is also valuable supplementary reading across the humanities and social sciences **The Statesman's Year-Book 1986-87** J. Paxton, 2016-12-22 The classic reference work that provides annually updated information on the countries of the world **The Culture of Power** Qiu Jin, 1999 In 1971 Lin Biao Mao Zedong's closest comrade in arms and chosen successor was killed in a mysterious plane crash in Mongolia This book challenges the official explanation that Lin was fleeing to the Soviet Union after an unsuccessful coup attempt **The Statesman's Year-Book 1987-88** J. Paxton, 2016-12-16 The classic reference work that provides annually updated information on the countries of the world **1986-1987** John Paxton, 2021-06-21 No detailed description available for 1986 1987 **The Chinese** Jasper Becker, 2002-02-25 In *The Chinese* Jasper Becker China's premier western correspondent strips the country of its myths and captures the Chinese as they really live For nearly two decades Becker has lived in China and reported from areas where most visitors do not reach Here he is at his most candid reporting from all over the country from tiny crowded homes in the swollen cities of the southeast rim to a vast secret network of thousands of defense bunkers in the northwest He exposes Chinese society in all of its layers from remote illiterate peasants to the rising classes of businessmen to local despots the twenty grades of Party apparatchicks to the dominant comparatively small caste of Party leaders who are often ignorant of the people they rule Becker lets the Chinese speak for themselves in voices that are rich and moving He teaches a great deal about the magnitude and the false face of China's vaunted economic boom and further shows the pervasive institutionalized crime that has risen out of economic poverty In all Becker reveals a China very different than our long held assumptions depict *The Chinese* is the hidden story of people of the world's largest nation a nation so poorly understood and so vital to the future Coloratura Li Er, 2019-03-14 Li Er whose innovative works of fiction have earned the admiration of scholars and critics and a passionate fan base of readers is one of China's most prominent writers This landmark publication of his *Coloratura* a tour de force of literary innovation marks the first translation of the author's novels into English Set against the turbulent backdrop of the Chinese Civil War *Coloratura* revolves around the mysterious Ge Ren whose story is told by three narrators and a host of other voices Who was Ge Ren really Just about the only thing anyone can agree on is that he is dead

But how he died and who he was when alive are less than certain Was Ge Ren a hero a Nationalist or Communist a poet translator scholar or spy or some combination of all these identities And how much of his story is merely fanciful coloratura nonsense As different factions fight for control of China Ge Ren traverses the political and intellectual life of the country managing to affect countless lives Years later in the present day his final surviving descendant the intriguing compiler of the novel pieces together the stories of her enigmatic ancestor from a patchwork of narrators reliable or otherwise and historical documents real or invented But readers also will wonder if she has an agenda of her own The search for Ge Ren takes us from Chairman Mao s stronghold at Yan an to a barren People s Commune and then farther afield with excursions into Russia Japan and even a small town in England Many of the characters and incidents are actual historical figures and events woven seamlessly into the fictional storyline Told with swashbuckling brio and painstaking historical detail Coloratura is both an illuminating journey through twentieth century Chinese history and a profound exploration of the elusive nature of truth

Leadership and Authority in China Lawrence Sullivan, 2012-07-13 This volume presents elite conflicts and political controversies in China from 1895 to 1978 as rooted in two diametrically opposed visions of leadership and political authority a radical charismatic model that instills absolute authority in the single leader whose will guides the polity and whose word is the basis of policy formulation versus an institutional model in which authority inheres in organization and where collective leadership and decision making govern the political realm The former model in modern Chinese history entailed a leader principle and personality cult that began with Sun Yatsen and Chiang Kaishek in the Nationalist Party KMT and reached its peak with the leadership cult of Chinese Communist Party CCP Chairman Mao Zedong especially during the 1966 1976 Great Proletarian Cultural Revolution The latter model with its emphasis on collective leadership jiti lingdao and administrative rationalism began as a reaction among early members of the CCP against the promotion of the Sun and Chiang leadership cults and became a central governing principle in the Communist Party that served as official leadership doctrine beginning with the formation of the Party in 1921 While tensions over leadership issues were relatively muted in the pre 1949 period and early 1950s of CCP history as an apparent compromise was reached in which from 1943 onward a cult of the leader was promoted for propaganda purposes but with collegial decision making governing inner Party decision making the mid to late 1950s saw this compromise among the top leadership come under increasing strain and finally break down Devoted to a fundamentally different vision of a socialist China from other top leaders on a number of economic social and political fronts Mao Zedong pushed his domination of the policy process that ultimately provoked a wholesale assault on the CCP apparatus throughout the country while the leader cult reached mythic proportions during the Cultural Revolution Confronted by the possibility of civil war and generally opposed to the takeover of the polity by the radical Gang of Four led by his wife Jiang Qing by the mid 1970s the aging great leader acquiesced to the rebuilding of the CCP along traditional institutional lines

The Cambridge Handbook of Contemporary China Colin Mackerras, Amanda Yorke, 1991-05-02 The paradox of

Of Fortunes and War Patrick Garrett, 2017-03-09 The list of female war reporters is long and distinguished But the great grandmother of them all was Clare Hollingworth Mail on Sunday She was a pioneer Kate Adie OBE Unputdownable Alexander McCall Smith One of the most unforgettable journalists I have ever met Chris Patten ONE OF THE INSPIRATIONS BEHIND THE NEW BBC DRAMA WORLD ON FIRE Legendary pioneering journalist Clare Hollingworth died in Hong Kong aged 105 in January 2017 after an illustrious career spanning the great events of the 20th century Clare was famous for getting the scoop of the century the outbreak of the World War 2 From witnessing the first aerial bombings against England in the First World War through Hitler's Blitzkrieg Clare's résumé included desert war in North Africa civil war in Greece terrorism in Jerusalem naming Philby as the Third Man and guerrilla warfare in Vietnam and Borneo She had an uncanny ability to make headlines throughout her century long life And although her style of journalism was very different from the 24 hour breaking rolling news we have today the need for detailed eye witness reporting seems even more important today as we face an onslaught of fake news and alternative facts The story is not just about news and war however through access to family papers and personal accounts her great nephew Patrick Garrett is able to show Clare in three dimensions explain her life and loves and show how she dealt with the pressures of life as a correspondent decades before women were routinely accepted in this role facebook.com/celebrateclare twitter.com/celebrateclare

America's War against Global Jihad William R. Nester, 2018-03-06 A specter haunts America the specter of Global Jihad Islamic Holy War This specter was never more horrific than on September 11 2001 when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers damage the Pentagon murder nearly 3 000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy But Jihadists have periodically attacked Americans ever since November

1979 when mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days President George W Bush responded to the September 11 atrocities by declaring a global war on terror Now in its second decade that war has cost the United States thousands of lives and trillions of dollars Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb blasted cities hundreds of slaughtered bodies thousands of refugees huddled in squalid camps and American journalists in orange jump suits kneeling in the desert before the black robed and masked men who will behead them Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought This book analyzes America s crusade against Jihadism The key related questions it addresses are these Looking back what were the successes and failures of Washington s counter Jihadist strategy before and after September 11 Looking ahead should Americans stay the course or cut their losses in Iraq Afghanistan and elsewhere Was the catastrophic September 11 attack a one time event or could its equivalent or worse in death and destruction happen again Renowned Harvard professor Samuel Huntington asserted that The underlying problem for the West is not Islamic fundamentalism it is Islam a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power Is that true Just what of Muhammad s words and deeds if any justifies the barbarism of al Qaeda Islamic State and other Jihadists Finally just how corporeal is that specter of global Jihad to the United States A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats
