"If I Was President... My Blueprint

for America" Marty Piatt,2012-05-17 I not unlike most Americans have grown tired of the politics of politics the lies and deceptions of our Congress and the hypocrisy of the every day political life of the members of our Senate our House of Representatives and our Presidency The campaigns of our future Presidential and Congressional candidates telling Americans they have all the answers yet offering no real substantial or definitive courses of action to make our country the great nation it once was I believe the solutions to the many challenges our country is facing are simple and certainly not rocket science I believe the means and methods necessary to fix our broken and corrupted Congress stalled economy high unemployment and skyrocketing budget deficit are not that complicated I question whether Congress and the Presidency really know the proper strides to correct all of these unfortunate circumstances Within the following pages of this book appropriately entitled If I was President I intend to outline what I believe hopefully with most all Americans in agreement are the paths to recovery and road to prosperity We The People of the United States of America would like to see which is My Blueprint for America **An Examination of Children's Privacy** United States.
