[The Collector's Gift: A Beauty & The Beast Retelling](#) M. James, 2023-07-18 Read this steamy mafia series by dark romance author M James For fans of dark romance authors Nicole Fox Maggie Cole and BB Hammel I've been given to a man who calls himself a collector of broken things But he'll soon find out I'm anything but broken My father is dead leaving behind a pile of debt to bad men who will do anything to collect it My little brother is in danger and there's no money left to pay them or even feed ourselves Which leaves me with one thing to sell my innocence A snap decision ends up with me on my knees in front of a Parisian apartment given to a man named Alexandre Sartre He says he collects damaged things broken things but to me it looks like he's the one who's broken All I want is to get back to my brother even if it means submitting to him and being his pet the way he demands But as the days go on and the truth of why I'm here starts to reveal itself I start to realize there's more than Alexandre than meets the eye Others think he's a monster A broken man at best and an evil one at worst But I'm not so sure that's true or that he's past saving Others see a sick man but I see a man desperate to be loved a man who no one ever really has After all who could ever love a monster Who could ever love a beast The Collector's Gift is a complete standalone

**Destiny** Laura Mattoon D'Amore,2021-04-07 This interdisciplinary study examines the relationship between violence empowerment and the teenage super heroine in comics and young adult fantasy novels The author analyzes stories of teenage super heroines who have experienced trauma abduction assault and sexual violence that has led to a loss of agency and then tracks the way that their use of violence empowers them to reclaim agency over their lives and bodies The author identifies these characters as vigilante feminist teenage super heroines because they become vigilantes in order to protect other girls and young women from violence and create safer communities The teenage super heroines examined in this book are characters who have the ability through super power or supernatural and magical ability to fight back against those who seek to cause them harm They are a product of and a response to both the pervasive culture of violence against girls and women and a system that fails to protect girls and women from harm While this book is part of a robust intellectual conversation about the role of girls and women in popular literature and culture and about feminist analyses of comics and YA literature it is unique in its reading of violence as empowerment and in its careful tracing and naming of the teenage vigilante super heroine a characterization that is hugely popular and deserves this close reading [The Rose and the Thorn](#)
