This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book without typos from the publisher. Not indexed. Not illustrated. 1922 edition. Excerpt and it was to this trait that the Savior referred in the passage quoted: When we enter the higher life we must first forget everything that we knew in the world. We must commence to look at things in an entirely different way and when a new teaching is brought before us we must endeavor to receive it regardless of other facts previously observed. This in order that we may be perfectly unbiased. Of course we are not supposed to believe offhand that black is white but if some one seriously asserts that an object which we have hitherto regarded as black is really white our mind should be sufficiently open to prevent us from passing judgment at once and saying 'Why I know that that object is black.' We should be willing to reexamine the object to see if there may not be a point of view whence that thing which we have thought black appears to be white. Only when we have made thorough examination and have found that the thing is really black from whatever point of view may we return to our previous opinion. There is nothing so remarkable about a child as the flexible attitude of its mind which renders it so teachable and the pupil who endeavors to live the higher life should always aim to keep his mind in that fluidic state for as soon as our ideas have become set and incapable of being changed our progress ceases. That was the great truth which the Christ was endeavoring to present to his hearers when he made the remark which has occasioned the question. Question No 106: Did not Jesus eat fish? Why then are the Rosicrucians vegetarians? Answer: After the Resurrection the Christ at one time appeared among His disciples while they were in a locked room. They did not recognize Him at once and did not believe.     *The Rosicrucian Philosophy in Questions and Answers* Max Heindel, 1947     The Rosicrucian Philosophy in Questions and Answers (Classic Reprint) Max Heindel, 2016-09-17

Rosicrucian Mysteries: An Elementary Exposition of Their Secret Teachings Max Heindel, 2020-09-28 Our Message And Mission A Sane Mind A Soft Heart A Sound Body Before entering upon an explanation of the teachings of the Rosicrucians it may be well to say a word about them and about the place they hold in the evolution of humanity For reasons to be given later these teachings advocate the dualistic view they hold that man is a spirit enfolding all the powers of God as the seed enfolds the plant and that these powers are being slowly unfolded by a series of existences in a gradually improving earthy body also that this process of development has been performed under the guidance of exalted beings who are yet ordering our steps though in a decreasing measure as we gradually acquire intellect and will These exalted Beings though unseen to the physical eyes are nevertheless potent factors in all affairs of life and give to the various groups of humanity lessons which will most efficiently promote the growth of their spiritual powers In fact the earth may be likened to a vast training school in which there are pupils of varying age and ability as we find it in one of our own schools There are the savages living and worshipping under most primitive conditions seeing in stick or stone a God Then as man progresses onwards and upwards in the scale of civilization we find a higher and higher conception of Deity which has flowered here in our Western World in the beautiful Christian religion that now furnishes our spiritual inspiration and incentive to improve These various religions have been given to each group of humanity by the exalted beings whom we know in the Christian religion as the Recording Angels whose wonderful prevision enable them to view the trend of even so unstable a quantity as the human mind and thus they are enabled to determine what steps are necessary to lead our enfoldment along the lines congruous to the highest universal good When we study the history of the ancient nations we shall find that at about six hundred years B C a great spiritual wave had its inception on the Eastern shores of the Pacific Ocean where the great Confucian Religion accelerated the progress of the Chinese nation then also the Religion of the Buddha commenced to win its millions of adherents in India and still further West we have the lofty philosophy of Pythagoras Each system was suited to the needs of the particular people to whom it was sent Then came the period of the Sceptics in Greece and later traveling westward the same spiritual wave is manifested as the Christian religion of the so called Dark Ages when the dogma of a dominant church compelled belief from the whole of Western Europe It is a law in the universe that a wave of spiritual awakening is always followed by a period of doubting materialism each phase is necessary in order that the spirit may receive equal development of heart and intellect without being carried too far in either direction The Great Beings aforementioned Who care for our progress always take steps to safeguard humanity against that danger and when they foresaw the wave of materialism which commenced in the sixteenth century with the birth of our modern Science they took steps to protect the West as they had formerly safeguarded the East against the Sceptics who were held in check by the Mystery schools In the thirteenth century there appeared in central Europe a great spiritual teacher whose symbolical name was Christian Rosenkreuz     *Rosicrucian Fellowship Magazine* ,1915     Etheric Vision And What It Reveals Max Heindel, 2020-12-23 In 1918 Max Heindel wrote The process of
