Feinstein,2005-08-11 Since the liberation of the Nazi concentration camps and recognition of the Holocaust as a watershed event of the twentieth century if not in Western Civilization itself the capacity of art to represent this event adequately has been questioned As it analyzes a cross section of

Holocaust art within the context of art history *Absence Presence* addresses the discussion head on and explores the interchange between media and horror The book's contributors include case studies from a broad spectrum of artists in North America Europe and Israel to examine some of the more dominant themes in these artists' work In addition to standard readings of Holocaust art the essays help illuminate the issues of eugenics the importance of art for Hitler and the Nazis the immense pilfering of art that occurred during World War II and the length and degree of the destruction of European Jewry which forced artists to reinvent their work through their own fate This selection of essays also provides alternative views to more typical readings on the Holocaust specifically to the story of the Shoah as a relevant art subject and to those who have a right to create art about the Holocaust These issues were the subject of an intense international debate based on an exhibition at New York's Jewish Museum titled *Mirroring Evil* The retrospective brought to art a series of contemporary perspectives that represented both the outer edges as well as mainstream postmodern thinking concerning representations of the Holocaust This book which covers the art from the late 1980s through 2002 includes the work of an array of scholars curators and artists from many countries It will be of great interest to art historians Jewish scholars and anyone interested in learning more about the art and artists of the Holocaust

The Art of the Sister Chapel Andrew Hottle, 2017-07-05 The Sister Chapel 1974 78 was an important collaborative installation that materialized at the height of the women's art movement Conceived as a nonhierarchical secular commemoration of female role models The Sister Chapel consisted of an eighteen foot abstract ceiling that hung above a circular arrangement of eleven monumental canvases each depicting the standing figure of a heroic woman The choice of subject was left entirely to the creator of each work As a result the paintings formed a visually cohesive group without compromising the individuality of the artists Contemporary and historical women deities and conceptual figures were portrayed by distinguished New York painters Alice Neel May Stevens and Sylvia Sleigh as well as their accomplished but less prominent colleagues Among the role models depicted were Artemisia Gentileschi Frida Kahlo Betty Friedan Joan of Arc and a female incarnation of God Although last exhibited in 1980 The Sister Chapel has lingered in the minds of art historians who continue to note its significance as an exemplar of feminist collaboration Based on previously unpublished archival materials and featuring dozens of rarely seen works of art this comprehensive study details the fascinating history of The Sister Chapel its constituent paintings and its ambitious creators

The Secular Sacred Markus Balkenhol, Ernst van den Hemel, Irene Stengs, 2020-09-01 How do religious emotions and national sentiment become entangled across the world In exploring this theme The Secular Sacred focuses on diverse topics such as the dynamic roles of Carnival in Brazil the public contestation of ritual in Northern Nigeria and the culturalization of secular tolerance in the Netherlands The contributions focus on the ways in which sacrality and secularity mutually inform enforce and spill over into each other The

case studies offer a bottom up practice oriented approach in which the authors are wary to use categories of religion and secular as neutral descriptive terms The Secular Sacred will be of interest to sociologists anthropologists ethnographers political scientists and social psychologists as well as students and scholars of cultural studies and semiotics Chapter 1 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

Art for an Undivided Earth Jessica L. Horton, 2017-05-18 In *Art for an Undivided Earth* Jessica L. Horton reveals how the spatial philosophies underlying the American Indian Movement AIM were refigured by a generation of artists searching for new places to stand Upending the assumption that Jimmie Durham James Luna Kay WalkingStick Robert Houle and others were primarily concerned with identity politics she joins them in remapping the coordinates of a widely shared yet deeply contested modernity that is defined in great part by the colonization of the Americas She follows their installations performances and paintings across the ocean and back in time as they retrace the paths of Native diplomats scholars performers and objects in Europe after 1492 Along the way Horton intervenes in a range of theories about global modernisms Native American sovereignty racial difference archival logic artistic itinerancy and new materialisms Writing in creative dialogue with contemporary artists she builds a picture of a spatially temporally and materially interconnected world an undivided earth

The Destruction of Art Dario Gamboni, 2013-06-01 Last winter a man tried to break Marcel Duchamp's Fountain sculpture The sculpted foot of Michelangelo's David was damaged in 1991 by a purportedly mentally ill artist With each incident intellectuals must confront the unsettling dynamic between destruction and art Renowned art historian Dario Gamboni is the first to tackle this weighty issue in depth exploring specters of censorship iconoclasm and vandalism that surround such acts Gamboni uncovers here a disquieting phenomenon that still thrives today worldwide As he demonstrates through analyses of incidents occurring in nineteenth and twentieth century America and Europe a complex relationship exists among the evolution of modern art destruction of artworks and the long history of iconoclasm From the controversial removal of Richard Serra's Tilted Arc from New York City's Federal Plaza to suffragette protests at London's National Gallery Gamboni probes the concept of artist's rights the power of political protest and how iconoclasm sheds light on society's relationship to art and material culture Compelling and thought provoking *The Destruction of Art* forces us to rethink the ways that we interact with art and react to its power to shock or subdue

Visual Arts and Human Flourishing Professor Emerita Art History and Executive Director Emerita USC Museums Selma Holo, Selma Holo, 2024 In mid December 2018 a man stood before one of the most beloved paintings in Europe Botticelli's *The Birth of Venus* and had a heart attack Henri Neuendorf ArtNet News December 19 2018 <https://news.artnet.com/art-world/heart-attack-botticelli-uffizi-1425448> Venus is that painting you're thinking of the one with the shapely wheat haired woman standing in a seashell with one hand covering her breasts and the other holding her long golden locks in front of her groin Floating above her right shoulder are two winged figures with their arms wrapped around each other who blow air on her like distant kisses On her left stands a

woman the Hora of Spring who holds what looks like a drape and gazes directly at our goddess whose face tilted just so looks toward the viewer with a gentle yet mature glance as if she was born knowing all one needs to know of love and seduction Fortunately the man whose heart failed while looking back at our all knowing Venus survived but he was not the first to collapse while viewing art in Florence and no doubt he will not be the last It has happened often enough that there is a medical term for the phenomenon named after the first notable man to succumb Stendhal Syndrome Apparently the French author of On Love a treatise on romantic passion reported that he fell ill in 1817 after viewing too much Florentine art Bamforth 945 Is it any wonder that Botticelli's winged figures hang on to each other so tightly To be awestruck is to be in imminent danger

Where Heaven and Earth Meet W. Stoker, 2012-01-01 Art has always been important for religion or spirituality Secular art displayed in museums can also be spiritual and it is this art that is the subject of this book Many of the works of art produced by Wassily Kandinsky Mark Rothko Andy Warhol and Anselm Kiefer are spiritual in nature These works reveal their own spirituality which often has no connection to official religions Wessel Stoker demonstrates that these artists communicate religious insights through images and shows how they depict the relationship between heaven and earth between this world and a transcendent reality thus clearly drawing the contours of the spirituality these works evince
