Roundtable Justice Case Studies In Conflict Resolution Reports To The Ford Foundation:

Roundtable Justice: Case Studies In Conflict Resolution Robert B. Goldman, 2019-06-10 For close to a decade the Ford Foundation has supported a variety of efforts to advance both knowledge about and the use of alternatives to the adversary process for the settlement of disputes The Center for Dispute Settlement of the American Arbitration Association the Institute for Mediation and Conflict Resolution in New York City the Center for Community Justice in Washington D C the Institute for Environmental Studies at the University of Washington in Seattle Washington and the Office of Environmental Mediation at the University of Wisconsin have played a major role in advancing the state of the art in the disposition of major disputes as well as in introducing mechanisms for grievance management and conflict resolution *Resolving Public Conflict* E. Franklin Dukes, 1996 Drawing on conflict resolution experience and recent democratic theory Dukes traces the philosophical roots and development of the public conflict resolution field He examines in detail how it has worked in practice in the US and other western democracies Resolving Racial Conflict Bertram J. Levine, 2005 In 1964 when the Civil Rights Act was passed Congress wisely created an agency based in the U S Department of Justice to help forestall or resolve racial or ethnic disputes evolving from the act Mandated by law and by its own methodology to shun publicity the Community Relations Service developed self effacement to a fine art Thus the accomplishments as well as the shortcomings of this federal venture into conflict resolution are barely known in official Washington and even less so by the American public This first written history of the Community Relations Service uses the experiences of the men and women who sought to resolve the most volatile issues of the day to tell the fascinating story of this unfamiliar agency This multiracial cadre of conciliation and mediation specialists worked behind the scenes in more than 20 000 confrontations involving racial and ethnic minorities From Selma to Montgomery at the encampment of the Poor Peoples Campaign in Resurrection City to the urban riots of the sixties seventies and eighties from the school desegregation battles north and south at the siege of Wounded Knee and during the Texas Gulf Coast fishing wars between Southeast Asian refugees and Anglos these federal peacemakers lessened the atmosphere of racial violence in every major U S city and thousands of small towns These confrontations ranged from disputes that attracted worldwide attention to the everyday affronts assaults and upheavals that marked the nation s adjustment to wider power sharing within an increasingly diverse population While *Resolving Racial Conflict* examines some of the celebrated breakthroughs that made change possible it also delves deeply into the countless behind the scenes local efforts that converted possibility to reality Among the many themes in this book that provide new perspective for understanding racial conflict in America are the effects of protest and conflict in engineering social change the variety of civil rights views and experiences of African Americans Native Americans Asians and Hispanics the role of police in minority relations and the development and refinement of techniques for community conflict resolution from seat of the pants intervention to sophisticated professional practice *Resolving Racial Conflict* will appeal to students of civil rights

and American history in both the general and academic communities as well as students of alternative dispute resolution and peace and conflict studies Ford Foundation Annual Report Ford Foundation,2005 The president s report to the trustees and statement of grants Iroquois Land Claims Christopher Vecsey,William A. Starna,1988-05-01 The landmark Oneida Supreme Court decisions of 1974 and 1985 testify to the fact that the Iroquois day in court has finally arrived Although Indian petitions to regain their shrinking land base have generally caught the non Indian public by surprise land rights have been an issue for the Iroquois for the past two hundred years This book provides a balanced appraisal of the land claims made by several of the Iroquois tribes By drawing upon the viewpoints of those who have a direct stake in the land claims outcome Iroquois attorneys representing or defending against the claims expert witnesses and those who have extensive knowledge of the controversy this book reveals the complexity of the issues While there is no easy way to resolve these claims the uniquely qualified contributors stress that a negotiated settlement is preferable to a litigated one The fact that these cases have had to be brought to court even to the Supreme Court is evidence of the seriousness of the issues involved This timely book strikes a balance among the various parties to the land disputes proving an invaluable resource to academics students legal professionals policymakers and the public at large **Beneath the Image of the Civil Rights**

Movement and Race Relations David A. Harmon,2019-05-23 This study is the story of the local Civil Rights Movement and race relations in Atlanta Georgia from 1946 to 1981 Most examinations of the Civil Rights Movement have been written from a national perspective These studies have presented local African American protest movements as part of a national campaign for civil rights that lasted approximately from 1955 the Montgomery Bus Boycott to 1968 the assassination of Dr Martin Luther King Jr In this context demonstrations in Montgomery Greensboro Albany Birmingham Selma and Memphis have been viewed as prototypical African American protest movements and milestones in this national campaign for civil rights First published in 1996 Routledge is an imprint of Taylor Francis an informa company **Formulating American Indian Policy in New York State, 1970-1986** Laurence M. Hauptman,1988-07-08 This is the first descriptive analysis of how American Indian policies are made both at the statewide and at agency levels Pertinent to all states the study describes New York s historic policies and emphasizes that improving Indian lifestyles or attracting Indians to government employment is handicapped by their overall distrust of state intentions a distrust caused by the continued impasse on American Indian land claims Employing archival records never before used as well as a plethora of interviews with state officials and American Indians over a fifteen year period Hauptman concludes that critical policy changes are needed to build lasting trust

Courage to Dissent Tomiko Brown-Nagin,2012 According to conventional wisdom the split between integrationism and black power in the civil rights movement occurred in the mid 1960s ushering in a much more radical and contentious era In this tale before 1965 the movement favored integrationism However as Tomiko Brown Nagin shows in her novel history of the movement in Atlanta from the 1940s to 1980 conflict and friction plagued the civil rights movement long before Stokely

Carmichael achieved fame in 1966 for advocating black power
