Roxbury Remembered:

Roxbury Remembered Frederick Ungeheuer, Lewis Hurlbut, Ethel Hurlbut, 2004-09 Roxbury Remembered is a history of Roxbury CT a quintessential New England village The book evolved from a friendship between Frederick Ungeheuer a foreign correspondent for Time magazine and Ethel and Lewis Hurlbut To write the book the three friends conducted archival research and visited many old timers for conversations about Roxbury s past The Hurlbuts Roxbury s oldest farming family began farming in the early 1700 s Cathleen Hurlbut Bronson and her husband Howard continue to run Maple Bank Farm today Proceeds from the sale of this second edition will benefit the Roxbury Land Trust Inc **Roxbury Place-Name Stories** Jeannine Green, 2009-12 Every place on earth has a name Never noticed the place names in your town Then take a look at these tales you ll learn some things about where you live These stories are about a rural Connecticut town settled in the 1700s Place names are everywhere on rivers roads brooks hills buildings parks cemeteries nature preserves even rocks The names are from Englishmen Indians plants animals battles the Bible hell heroes celebrities and just plain folks Place names are strange creatures but they all reveal the history culture and eccentricities of people who passed through even in your town Rummage around these tales if you re a librarian historian geographer genealogist traveler or resident of this planet Advance Praise from Roxbury Conn Notables lasting treasure for our community insights into nuggets of Roxbury s heritage quick and pleasurable read Barbara Henry First Selectman extraordinary vade mecum informs and amuses paints a living portrait of Roxbury Steven Schinke President Roxbury Land Trust exhaustive research into town records printed sources unpublished manuscripts and the memories of older residents clear panorama of where white settlers first arrived in the 18th century Timothy Field Beard FASG Town Historian important local history and delightful read Valerie G Annis Director Minor Memorial Library **Urban Exodus** Gerald Gamm, 2001-03-16 Across the country white ethnics have fled cities for suburbs But many have stayed in their old neighborhoods When the busing crisis erupted in Boston in the 1970s Catholics were in the forefront of resistance Jews 70 000 of whom had lived in Roxbury and Dorchester in the early 1950s were invisible during the crisis They were silent because they departed the city more quickly and more thoroughly than Boston s Catholics Only scattered Jews remained in Dorchester and Roxbury by the mid 1970s In telling the story of why the Jews left and the Catholics stayed Gerald Gamm places neighborhood institutions churches synagogues community centers schools at its center He challenges the long held assumption that bankers and real estate agents were responsible for the rapid Jewish exodus Rather according to Gamm basic institutional rules explain the strength of Catholic attachments to neighborhood and the weakness of Jewish attachments Because they are rooted territorially defined and hierarchical parishes have frustrated the urban exodus of Catholic families And because their survival was predicated on their portability and autonomy Jewish institutions exacerbated the Jewish exodus Gamm shows that the dramatic transformation of urban neighborhoods began not in the 1950s or 1960s but in the 1920s Not since Anthony Lukas s Common Ground has there been

a book that so brilliantly explores not just Boston's dilemma but the roots of the American urban crisis **Snob Zones** Lisa Prevost, 2013-05-07 An exploration of the corrosive effects of overpriced housing exclusionary zoning and the flight of the younger population in the Northeast Winner of the 2014 Brass Silver Award and First Time Author Award from the National Association of Real Estate Editors Towns with strict zoning are the best towns aren't they They're all about preserving local character protecting the natural environment and maintaining attractive neighborhoods Right In this bold challenge to conventional wisdom Lisa Prevost strips away the quaint facades of these desirable towns to reveal the uglier impulses behind their proud allegiance to local control These eye-opening stories illustrate the outrageous lengths to which town leaders and affluent residents will go to prohibit housing that might attract the wrong sort of people Prevost takes readers to a rural second home community that is so restrictive that its celebrity residents may soon outnumber its children to a struggling fishing village as it rises up against farmworker housing open to Latino immigrants and to a northern lake community that brazenly deems itself out of bounds to apartment dwellers From the blueberry barrens of Down East to the Gold Coast of Connecticut these stories show how communities have seemingly cast aside the all-American credo of opportunity for all in favor of I was here first Prevost links this every town for itself mentality to a host of regional afflictions including a shrinking population of young adults ugly sprawl unbearable highway congestion and widening disparities in income and educational achievement Snob Zones warns that this pattern of exclusion is unsustainable and raises thought-provoking questions about what it means to be a community in post-recession America **Roxbury Magazine**, 1899 *William Styron* James L.
