**Bibliography of African American Leadership** Cedric Johnson,Ronald W. Walters,2000-06-30 Compiled in this volume is the most significant accumulation of works on the subject of African American leadership to date As the field of leadership studies continues to grow this timely work contributes to an understanding of the activities of those people and organizations that have been leaders of people of African descent and have contributed to the cultural and political affairs of the black community as well as the representation of the black community in mainstream American life The annotated entries cover a

variety of works on subjects such as dedicated black leadership studies local descriptions and analyses biographies leadership organizations and audio visual materials This reference is an important contribution to the field of leadership studies in general and African American leadership in particular and will serve as a valuable research tool for educators and practitioners alike The entries are organized into six sections which offer a broad overview of the various aspects of African American leadership Part I Critical Studies and Appraisals focuses on the history of works dedicated to both national and local leaders and their politically relevant activities The next section Local Leadership Studies is organized around black leaders who served local communities and the various issues they addressed Part III looks at relevant social movements and ideologies that have highlighted the activities of black leaders Individual leaders who have made contributions to the political life of the black community are included in Part IV while leadership organizations are highlighted in Part V The concluding section of the volume looks at available audio visual materials A thorough index rounds out the bibliography     *Eyes Off the Prize* Carol Elaine Anderson,2003-04-21 This book was first published in 2003 As World War II drew to a close and the world awakened to the horror wrought by white supremacists in Nazi Germany African American leaders led by the NAACP National Association for the Advancement of Colored People sensed the opportunity to launch an offensive against the conditions of segregation and inequality in America The prize they sought was not civil rights but human rights Only the human rights lexicon shaped by the Holocaust and articulated by the United Nations contained the language and the moral power to address not only the political and legal inequality but also the education health care housing and employment needs that haunted the black community But the onset of the Cold War and rising anti communism allowed powerful Southerners to cast those rights as Soviet inspired Thus the Civil Rights Movement was launched with neither the language nor the mission it needed to truly achieve black equality     *Have No Fear* Charles Evers,Andrew Szanton,2008-04-21 Have No Fear reminds us what it meant to live under a system where segregation was important enough to kill for and where being treated with dignity and respect was a whites only entitlement The New York Times Book Review A gutsy American patriot and treasure an important slice of American history Dan Rather Charles Evers has given us one of the most extraordinary memoirs about race in America that I know This holy sinner of the civil rights era who kept company with mobsters bootleggers call girls Kings Kennedys and Rockefellers has produced with Andrew Szanton a salient one man s history of Mississippi and the United States before and after Brown v Board of Education The fascinating interplay of racial nihilism and political sagacity is reminiscent of the early Malcolm X and the mature Frederick Douglass David Levering Lewis Truly spellbinding relives the fear desperation and confrontation that marked the civil rights struggle The seattle times     *The Crisis* ,1971-10 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders decision makers peacemakers

and justice seekers It has chronicled informed educated entertained and in many instances set the economic political and social agenda for our nation and its multi ethnic citizens
