Royal Doulton A Legacy Of Excellence:

Royal Doulton Gregg Whittecar, Arron Rimpley, 2003 A lavishly illustrated collector's volume showcasing the finest ceramic art wares produced by Royal Doulton at their Lambeth and Burslem Studios in England. It features fine pieces from private collections dating from the 1870s to 1945. Many of these have never before been seen publicly. Over 600 photographs bring these treasures directly to the connoisseur of fine decorative ceramic art. The book details the company's founding by John Doulton and his son Henry and features many of Doulton's premier artists including George Tinworth, the Barlow family, Mark V Marshall, and Charles Noke. It traces the rise of the Doulton range from stoneware and faience art pottery to hand-painted vases, vellum figures, and flambé titanium and experimental glazes. An invaluable guide for the art pottery collector, this beautiful book provides a rare look into the fascinating history of one of the world's most renowned potteries. A value reference completes the book. *Edinburgh Companion to Charles Dickens and the Arts* Claire Wood, Juliet John, 2024-05-31

The *Edinburgh Companion to Charles Dickens and the Arts* explores Dickens's rich and complex relationships with a myriad of art forms and the far-reaching resonance of his works across the arts overall. This volume reassesses Dickens's prescient philosophy of art both through a historical and a present-day lens and in the context of debates about the cultural value of the arts. Across thirty-three original essays, it outlines the ways in which Dickens broke down oppositions between high and low art, money and the aesthetic, the extraordinary and the ordinary, and art for its own sake and the social good. In doing so, it considers how Dickens prefigured the arts of the future, including rap music, television, fanfiction, and global cinema.

Posthumanist Shakespeares S. Herbrechter, I. Callus, 2012-07-31 Shakespeare scholars and cultural theorists critically investigate the relationship between early modern culture and contemporary political and technological changes concerning the idea of the human. The volume covers the tragedies *King Lear* and *Hamlet* in particular but also provides posthumanist readings of other Shakespearean plays. **Porcelain Treasures: Exploring the World of Fine Chinaware** Pasquale De
