Struggle to Serve William G. Godfrey, 2004 The first half of the twentieth century witnessed the creation of Canada's modern hospital system While it is often assumed that this process was inevitable many small communities had difficulty creating and maintaining public hospitals In an era of government cutbacks in health services and comparisons with a more privatized American system W G Godfrey offers a timely examination of Canada's hospital experience showing that it was a slow journey from largely privately funded to increasingly governmentally funded institutions Godfrey focuses on one hospital and the communities it served but also provides an overview of local provincial and federal hospital policies revising the sometimes rose tinted picture of public and private acceptance and generosity He explores the relationship between the hospital's urban and rural constituencies and its French and English speaking patients demonstrating that increasing patient numbers and changing funding sources encouraged substantial growth in hospital services from 1895 to 1953 He details how one community's understanding of the role of the hospital changed over time to

match that of hospital advocates board members and support groups such as the Ladies Aid demonstrating that hospital history is as much a study of politics and community persuasion as it is of internal therapeutic advances **The Royal Vic** Neville Terry, Royal Victoria Hospital (Montréal, Quebec), 1994 *America, History and Life*, 1996 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *Real Hauntings 5-Book Bundle* Mark Leslie, Jenny Jelen, Shayna Krishnasamy, 2018-10-13 Experience a ghostly thrill with Mark Leslie's five books on strange supernatural happenings Macabre Montreal Montreal is steeped in history and culture But there are dark tales eerie stories and ghostly spectres that come alive once the sun goes down Creepy Capital True stories of ghostly encounters and creepy locales lurk throughout the Ottawa region Come along with Canada's paranormal raconteur extraordinaire Mark Leslie and discover the first person accounts of ghostly happenings at landmarks throughout the historic city and surrounding towns Haunted Hamilton From the Hermitage ruins to Dundurn Castle from the Customs House to Stoney Creek Battlefield Park the city of Hamilton Ontario is steeped in a rich history and culture But beneath the surface of the Steel City there dwells a darker heart from the shadows of yesteryear arise the unexplained the bizarre and the chilling Spooky Sudbury From haunted mine shafts to inexplicable lights in the northern sky there are strange things afoot in the peaceful northern municipality of Sudbury eerie phenomenon that will amaze give you pause make you wonder and have you looking twice at what might first appear to be innocent shadows Tomes of Terror It's been said that books have a life of their own but there's more than literature lurking in the cobwebbed recesses of dusty bookstores and libraries across Canada Read about some of the most celebrated and eerie bookish haunts and try to brush off that feeling of someone watching from just over your shoulder **Historic Cities of the Americas [2 volumes]** David F.
