Royal Republicans:

Republican Portugal Douglas L. Wheeler, 1998-08-10 **FDR's Republicans** Robert E. Jenner, 2010-01-01 FDR's Republicans illuminates the debate over foreign policy that took place in the United States prior to World War II Robert E Jenner approaches this issue from the perspective of Republican members of the House and Senate who eventually came to support the interventionist position of a Democratic president Unlike other diplomatic histories of this period FDR's Republicans focuses on domestic components of the foreign policy debate combining historical analysis and political theory Jenner recounts the Republican Party's internationalist roots under McKinley the split of 1912 and the defeat of the League of Nations in deference to its agrarian progressive wing Taking both a local and national approach he provides in depth analysis of the party's reaction to the FDR landslides of 1932 and 1936 the party's resurgence in 1938 FDR's aggressive defense of the New Deal and the decline of the party's agrarian progressive faction The result is a broader explanation of the battle that raged between isolationists and interventionists as well as the failure of policy makers to deter fascism at an earlier date European Republicans William James Linton, 1892 **California Fruit News**, 1909 **California Fruit Grower (San Francisco, Calif.)**, 1910 **The Republican** Richard Carlile, 1822 **The Republican**, 1822

Republican Politics and English Poetry, 1789-1874 Stephanie Kuduk Weiner, 2005-08-03 This study explores how poets who espoused republican political ideals sought to embody and advance those principles in their verse By examining a range of canonical and non canonical authors including Blake Shelley Cooper Linton Landor Meredith Thomson and Swinburne Kuduk Weiner connects the formal strategies of republican poems to the political theory and expressive cultures of republican radicalism Her new study traces a strain of powerful complex political poetry that casts new light on the political and literary history of nineteenth century England *The Gathering Storm* Geirr H. Haarr, 2013-10-15 This is a superb survey of the fierce naval struggles from 1939 up to the invasion of Norway in April 1940 Beginning with the sinking of the German fleet at Scapa Flow in 1919 it then covers the rebuilding of the Kriegsmarine and parallel developments in the Royal Navy and in the European navies Focusing on the actions at sea after the fall of Poland this history covers the sinking of Courageous the German mining of the British East Coast the Northern Patrol the sinking of Rawalpindi small ship operations in the North Sea and German Bight the Altmark incident German surface raiders and the early stages of the submarine war in the Atlantic Researched extensively in German British and other archives the work is intended to paint a balanced and detailed picture of this significant period of the war when the opposing naval forces were adapting to a form of naval warfare quite different to that experienced in WWI *Realms of Memory: Conflicts and divisions* Pierre Nora, Lawrence D. Kritzman, 1996 How do human societies leave their mark on the world so they are not forgotten This is a collection of work by leading French intellectuals exploring the statutes cathedrals palaces rituals legends and events of history that form the architecture of the French collective consciousness *Haydn's Dictionary of Dates and Universal*

Information Relating to All Ages and Nations Joseph Haydn, 1910 *Abolish the Monarchy* Graham Smith, 2023-05-04 A crucial riveting polemic in support of one of the most precious things humanity has built democracy itself OWEN JONES Graham Smith shows what fools our rotten constitution makes of us with a monarch as emblem of a country beset by nepotism backhanders chumocracy and inherited privilege Read and rebel POLLY TOYNBEE We re constantly told the same things about the monarchy But the monarchy is good for tourism It isn t Evidence points to some royal weddings actually having a negative impact on inbound tourism But the monarchy makes a big difference to charity Of the approx 1 200 charities with a royal patron 74% had no contact with their patron during the preceding year But everyone loves the monarchy A January 2023 poll showed support for the monarchy is down 55 percent It s wrong in principle and it doesn t work in practice It doesn t have to be this way They say Britain should be proud to have the mother of parliaments to be a shining beacon of democracy and an example to other nations But there s an elephant in the room At the heart of power is a single family They weren t elected but they live off the public purse They aren t accountable to anyone and yet between them they are privy to more government secrets than many cabinet ministers Divinely appointed using a special hat the head of the family is your superior you his subject Apparently he is guardian of our constitution but we re also told he wouldn t dream of interfering in politics If you accept the monarchy you must accept the moral compromise that comes with it from its erosion of the principle of equality to the secret interference in our laws But the good news is that we don t have to accept it True democracy is within our reach The Chicago Daily News Almanac and Year Book for ... George Edward Plumbe, James Langland, Claude Othello Pike, 1910 Chicago Daily News Almanac , 1910 The Republican...: January 4th to May 17th, 1822 Richard Carlile, 1822 Fruit Trade Journal and Produce Record , 1928 **"Better Living"** William L. Bird, 1999 Better Living Advertising Media and the New Vocabulary of Business Leadership 1935 1955 is a history of how big business learned to be both entertaining and persuasive when talking to the public Examining the years from the Depression to postwar prosperity Better Living follows the dissemination of a politically competitive claim of more new and better in industry and in life Beginning with the changes in business government relations during the New Deal this study looks at the ways in which politically active corporations and their leaders learned how to speak at a time when speaking was not enough Using archival sources such as the NBC Ford Motor Company DuPont and Franklin Delano Roosevelt collections William L Bird Jr establishes the importance of industrial films and their role in public relations and employee relations as well as the use of dramatic radio productions in corporate public relations The author examines the interplay between general mass radio and print advertising radio program sponsorship and scriptwriting sponsored motion pictures and television entertainment as well as exhibitions and industrial fairs and the role these media played in shaping ideas about American business and political and cultural institutions in this country for the decades to come Book Jacket **The Annual Register** , 1808 *Reflections on British Royalty* Jennifer J.
