contributors this volume delves into specific aspects of medieval East Central Europe. It examines the dark ages around 900 AD, the territorial organization of the Piast monarchies and the evolution of rulership in the Grand Duchy of Lithuania. Other topics include the changing social status of royal servants in Hungary, the role of church and state in societal changes, and the unique concept of twin cathedrals in ecclesiastical architecture. By providing comparative assessments, the book highlights the complex relationship between continuity and change, offering fresh perspectives on the political and cultural transformations that influenced the region's development. Intended for historians and archaeologists interested in medieval societal changes, this volume is also essential for students in history, archaeology, and art history. By presenting cutting-edge research from various language areas and historical schools, the book makes advanced scholarship accessible to English-speaking readers. It serves the Anglophone academic market and engages experts and students within East Central Europe, offering a critical resource for understanding the medieval period's enduring impact on contemporary societies. **The**

Laws of the Imperialized Chung Man Anna Lo, 2024-04-30. Being the first legal corpus in the biblical canon Exodus 19:24 is a law collection that belonged to a people living under the shadow of empire. Using an integrated approach of postcolonial studies and historical comparative analysis, this important study analyzes the relationship between the laws given to the Israelites on Mount Sinai and cuneiform law collections. Dr. Anna Lo skillfully integrates postcolonial understandings of the colonized people to explore how the similarities and differences reflect the imperialized authors' wrestling with the imperial legal metanarrative and subjugation of their time. This investigation into the dynamic of acceptance, ambivalence, and resistance invites attention to this selection of Scripture as a work of conservative revolutionists. Dr. Lo's thorough work provides an important way forward for scholars to consider responses of the imperialized to empires in the past as well as to reflect on their own response to hegemonic domination today. **Twins of Aurora** Magen McMinimy, 2012-03-23. Life seems

relatively normal for eighteen-year-old Avalina, who spends most of her time hanging out with her outspoken best friend Jess, her twin brother Aiden, and his best friend Nick. Avalina fights against the overwhelming crush she has on Nick, harassment from her cruel ex-boyfriend, and an over-protective brother while trying to make it through her senior year of high school. Their lives are forever changed when the mysterious Arais, who looks remarkably like Nick, appears at a party in their sleepy little town in Northern Idaho. Arais holds secrets Avalina has long forgotten: secrets of a past based in a world of magic, mythical creatures, and a royal lineage. Follow the group of friends as they travel through this thrilling new world while Avalina learns to control the magic she needs to save everyone from the darkness that threatens to destroy Aurora and all who live within it. *The Ancient World of the Celts* Peter Berresford Ellis, 1999. myths, their artwork and treasures, Masterpieces in metal work and stone carvings, glassware and jewelry, an overview of their world. **King, Priest, Prophet** Géza Xeravits, 2018-12-24. Among the newly published texts of the Qumran Library, there are a good number with eschatological content. Some of these texts relate the eschatological activity of certain figures who

seem to play an important role in the events of the eschaton This study explores these figures The material of this study is divided into two main parts The first is analytical in which the related textual material is investigated each passage in turn The second systematic section contains the evaluation and discussion of the data provided by the analyses of the first part These analyses are especially relevant for scholars of both the Old and New Testaments and for all those interested in early Jewish thought at the turn of the era

Behold! A Royal Army R. Dean Lang,2023-07-24 The war in heaven is not over it has only changed venues In the preexistence we each and everyone of us exercised our faith in the future sacrifice of Jesus Christ Satan and his followers were cast out Those who exercised their agency and chose to follow Jesus beginning with Adam and Eve have been given the wonderful privilege of coming here to mortality to receive physical bodies to rediscover our faith in Jesus Christ and to grow in righteousness through the exercise of our agency as we choose to follow His commandments These are exciting times These are the last days and the spiritual battle for the souls of the sons and daughters of God rages on around us If we are to be successful in preserving not only ourselves but our families amidst these tumultuous times then we must be informed We must be vigilant and above all we must be prepared The teachings of both ancient and latter day prophets have been preserved to that end to help us be prepared and to enable us to be victorious in our battles

Arthur in Early Welsh Poetry Nerys Ann Jones,2019-07-12 For over a thousand years Arthur has had widespread appeal and influence like no other literary character or historical figure Yet despite the efforts of modern scholars the earliest references to Arthurian characters are still shrouded in uncertainty They are mostly found in poetic texts scattered throughout the four great compilations of early and medieval Welsh literature produced between 1250 and 1350 Whilst some are thought to predate their manuscript sources by several centuries many of these poems are notoriously difficult to date None of them are narrative in nature and very few focus solely on Arthurian material but they are characterised by an allusiveness which would have been appreciated by their intended audiences in the courts of princes and noblemen the length and breadth of Wales They portray Arthur in a variety of roles as a great leader of armies a warrior with extraordinary powers slayer of magical creatures rescuer of prisoners from the Otherworld a poet and the subject of prophecy They also testify to the possibility of lost tales about him his father Uthr his son Llachau his wife Gwenhwyfar and one of his companions Cai and associate him with a wide array of both legendary and historical figures Arthur in Early Welsh Poetry the fourth volume in the MHRA Library of Medieval Welsh Literature series provides discussion of each of the references to Arthurian characters in early Welsh poetic sources together with an image from the earliest manuscript a transliteration a comprehensive edition a translation where possible and a word list The nine most significant texts are interpreted in more detail with commentary on metrical linguistic and stylistic features
