RUBBER **WOODEN**
Dinosaurs and Elephants

Essays on Literature, Film, and History

For the past sixty years L. Sprague de Camp has been producing intelligent, incisive, illuminating, and interesting essays on literature—especially fantastic literature—and on history—especially ancient history. His style is deceptively simple and eminently readable, and his pieces are chock full of humor, color, sharp insights, and observations based on his own widespread reading and travel. Here are a baker's dozen of Sprague de Camp's best short nonfiction, including pieces on horror writer H. P. Lovecraft, fantasy writer Robert E. Howard, fantasy and science fiction writer Edgar Rice Burroughs, actor Douglas Fairbanks, Sr., and their antecedents; essays on pseudohistory (including the works of Madame Blavatsky), fictitious books that never existed, the difference between real-life and fictional barbarians, silent films, the 1925 Scopes trial on teaching evolution in schools, and the fourth-century B.C. tyrant Dionysios of Syracuse and his effect on the technology of war; plus a few comments on the author's own life. These delightful essays will both entertain and enlighten. Complete with new Introduction, Notes, and Index.
