Scholar Painters of Japan James Cahill, 1998 **The Postwar Development of Japanese Studies in the United States** Helen Hardacre, 2023-07-17 The present volume documents the postwar history of United States scholarship on Japan. A careful selection of North American scholars under the general editorship of Helen Hardacre, Reischauer Institute Professor of Japanese Religions and Society at Harvard University, shows that a range of factors have directed Japanese studies in the United States since 1945. Among these factors are social and political change in Japan and the United States, shifts in dominant scholarly concerns about Japan, and changing evaluations of area studies. The work consists of twelve essays in a wide variety of fields: history, art, religion, literature, anthropology, political science, and law. Each essay chronicles postwar scholarship in its particular discipline and provides a useful bibliography to serve further reference. The general aim of the volume is to put current debates in historical perspective and to help assess the field's achievements. It identifies areas requiring more work and charts directions for the future. **The Postwar Developments of Japanese Studies in the United States** Helen Hardacre, 1998 This volume of twelve essays with useful bibliographies in the fields of history, art, religion, literature, anthropology, political science, and law documents the history of United States scholarship on Japan since 1945.

Tea of the Sages Patricia J. Graham, 1999-03-01 The Japanese tea ceremony is generally identified with chanoyu and its bowls of whipped powdered green tea served in surroundings influenced by the tenets of Zen Buddhism. *Tea of the Sages* is the first English language study of the alternate tea tradition of sencha. At sencha tea gatherings, steeped green leaf tea is prepared in an atmosphere indebted to the humanistic values of the Chinese sages and the materialistic culture of elite Chinese society during the Ming and Qing dynasties. Although sencha once surpassed chanoyu in popularity, it is now overshadowed by chanoyu despite the existence of more than a hundred sencha schools throughout Japan. This exceptionally well-illustrated volume explores sencha's philosophy and arts from the seventeenth century to the present. Introduced by Chinese merchants and scholar monks, sencha first gained favor in Japan among devotees of the Chinese literati. By the early nineteenth century, it had become popular with a wide spectrum of urban and rural residents. Some took up sencha as a subversive activity in opposition to the mandated protocol of chanoyu. Others enjoyed sencha because of its connections with elite Chinese culture, knowledge of which indicated intellectual and cultural refinement. Still others relished it simply as a fine-tasting beverage. Sencha inspired painters and poets and fostered major advances within craft industries from ceramics to metalwork and basketry. Sencha aficionados, many of whom became serious connoisseurs of Chinese art and antiquities, hosted some of the earliest public art exhibitions. *Tea of the Sages* opens with a chronological overview of tea in China and its transmission to Japan, before situating sencha within the rich milieu of Chinese material culture available in early modern Japan. Subsequent chapters outline the multifaceted history of the formalization of the sencha tea ceremony, drawing upon sources such as treatises and less formal writings as well as analysis of tea gathering records, utensils, and their prescribed

arrangements paintings prints and sencha architecture *Twelve Centuries of Japanese Art from the Imperial Collections*, 1997 The book also examines the court's role as an art benefactor in the late nineteenth and early twentieth centuries when international influences had a dramatic impact on Japanese notions of the visual arts Replete with color reproductions *Twelve Centuries of Japanese Art from the Imperial Collections* offers scholars collectors connoisseurs historians and all those interested in Japanese art an unprecedented view of Japanese aesthetic sensibility as expressed in the imperial collections

Japanese Paintings from the Henricksen Collection Sewall Jerome Oertling, 2005 **Japan Encyclopedia** Louis-Frédéric, 2002 Knowing Japan and the Japanese better Louis Fr d ric states in the introduction to this encyclopedia is one of the necessities of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge electronics and innovative management techniques To go beyond these clichés we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization from the dawn of its prehistory to today providing clear and accessible information on society and institutions commerce and industry sciences sports and politics with particular emphasis on religion material culture and the arts The volume is enhanced by maps and illustrations along with a detailed chronology of more than 2 000 years of Japanese history and a comprehensive bibliography Cross references and an index help the reader trace themes from one article to the next Japan Encyclopedia will be an indispensable one volume reference for students scholars travelers journalists and anyone who wishes to learn more about the past and present of this great world civilization Library of Congress Catalogs Library of Congress, 1978 *Scholar Painters of Japan* Asia House Gallery, 1972 **The Three Perfections: Japanese Poetry, Calligraphy, and Painting** John T. Carpenter, Tim T. Zhang, 2025-03-01 In East Asian cultures the arts of poetry calligraphy and painting are traditionally referred to as the Three Perfections This exhibition presents over 160 rare and precious works all created in Japan over the course of nearly a millennium that showcase the power and complexity of the three forms of art Examples include folding screens with poems brushed on sumptuous decorated papers dynamic calligraphy by Zen monks of medieval Kyoto hanging scrolls with paintings and inscriptions alluding to Chinese and Japanese literary classics ceramics used for tea gatherings and much more The majority of the works are among the more than 250 examples of Japanese painting and calligraphy donated or promised to The Met by Mary and Cheney Cowles whose collection is one of the finest and most comprehensive assemblages of Japanese art outside Japan **Merleau-Ponty and Nishida** Adam Loughnane, 2019-12-19 Places the phenomenologies of Merleau Ponty and Nishida in dialogue and uncovers a demand for a motor perceptual form of faith in both philosophers meditations on artistic expression In Merleau Ponty and Nishida Adam

Loughnane initiates a fascinating new dialogue between two of the twentieth century's most important phenomenologists of the Eastern and Western philosophical worlds. Throughout the book the reader is guided among the intricacies and innovations of Merleau-Ponty's and Nishida's ontological approaches to artistic expression with a focused look at a rarely explored connection between faith and negation in their philosophies. Exploring the intertwining of these concepts in their broader ontologies invokes a reappraisal of the ambiguous status of religion and art in the writings of both thinkers. Measuring these ambiguities the ontologies of Flesh and Basho are read in depth alongside great artworks and the motor-perceptual practices of seminal landscape artists such as C. Zanne Sessh Taiga and Hasegawa as well as other major figures of European, Chinese and Japanese art history. Loughnane studies these artists' bodily practices focusing on the intimate relations realized with the landscapes they paint and illuminating a valence of their expressive disciplines as a motor-perceptual form of faith. Merleau-Ponty and Nishida is an exciting intercultural reading expanding two philosophers' projects toward new horizons of research revealing incitements in their writings that challenge unambiguous distinctions between art, philosophy, faith and ultimately philosophy. East and West. Loughnane illuminates the ambiguous chiasmic and dynamic relationality between the body and the world providing concrete examples from art history East and West. He not only skillfully explains Nishida's and Merleau-Ponty's ontological notions but also puts their philosophy to the test of art works proving that their thinking reveals an important truth of art. Painting Nature for the Nation Rosina Buckland, 2012-12-10. In *Painting Nature for the Nation* Taki Katei and the Challenges to Sinophile Culture in Meiji Japan. Rosina Buckland offers an account of the career of the painter Taki Katei 1830-1901. Drawing on a large body of previously unpublished paintings, collaborative works and book illustrations by this highly successful yet neglected figure, Buckland traces how Katei transformed his art and practice based in modes derived from China in order to fulfil the needs of the modern nation-state at large-scale exhibitions and at the imperial court. She provides a rare examination of the vibrant world of Chinese-inspired culture during the 1880s and the hostility which it faced in the following decade.
