Send Angel 3:

The Englishman's Hebrew and Chaldee Concordance of the Old Testament George V. Wigram, 1814 **The Englishman's Greek Concordance of the New Testament** George V. Wigram, 1839 This is the Greek concordance for non specialists Every Greek word in the New Testament is listed in Greek alphabetical order along with a brief rendering in English of every verse in which that word appears One major improvement each Greek word is defined so you can compare its various English translations Entries are coded to Strong's Concordance for additional assistance *The Englishman's Greek Concordance of the New Testament; being an attempt at a verbal connexion between the Greek and the English texts, etc. [By George V. Wigram, assisted by William Burgh.] L.P. , 1839* **The Englishman's Greek Concordance of the New Testament** George V. Wigram, 1864 *Analytical Concordance to the Bible on an Entirely New Plan* Robert Young, 1909

The New Office Hymn Book Church of England, 1908 The Englishman's Hebrew and Chaldee Concordance of the Old Testament, Being an Attempt at a Verbal Connection Between the Original and the English Translation with Indexes, a List of the Proper Names and Their Occurrences George V. Wigram, 1843 **The Old is Better** Robert H. Gundry, 2010-08-01 Current study of the New Testament features many new interpretations Robert Gundry's book finds them largely wanting and defends traditional ones Several of its essays have never been published before Most of the rest though previously published have been updated and otherwise revised sometimes heavily The studies cover a wide variety of topics in New Testament study ranging from the Gospels to Revelation and much in between as for example theological diversity symbiosis between theology and genre criticism pre-Papian tradition concerning Mark and Matthew as apostolically Johannine and mishnaic jurisprudence as compatible with Jesus blasphemy In its entirety this collection of essays shows the weaknesses of many novel interpretations of the New Testament as well as the essential reliability of earliest traditions concerning the New Testament and the essential reliability of New Testament traditions themselves Theophanic "Type-Scenes" in the Pentateuch Nevada Levi DeLapp, 2018-01-25 An examination of the presence of theophanic scenes in the final form of the Pentateuch which argues that rather than there being a single overarching theophanic type scene there are multiple such scenes which reflect the individual theological tendencies of the biblical books within which they appear The Genesis type scene revolves around YHWH's promises in crisis situations i.e. YHWH only appears when there is a crisis or threat to the Abrahamic promise The Exodus type scene typically includes the appearance of YHWH's dangerous fiery presence Kabod Adonai a communal setting and divine action constituting or preserving Israel as a people in preparation for the Abrahamic inheritance In Leviticus the theophanies augment the Exodus type scene with a liturgical setting where a specific priestly action brings forth a theophanic response DeLapp then shows how Numbers recontextualizes each of the preceding type scenes as it retells the exodus narrative post Sinai When read synchronically the three type scenes build on each other and follow the developing narrative logic of Israel's larger story Deuteronomy then re-reads the Exodus type

scene and indirectly the Genesis type scene to ensure that later readers read the theophanies appropriately i e YHWH only appeared as formless and shrouded in fire
