Sense Of Place An Intimate Portrait Of The Niebaum Coppola Winery And The Napa Valley:

A Sense of Place Steven Kolpan, 2010 In *A Sense of Place* renowned wine expert and writer Steven Kolpan tells the story of how Francis Ford Coppola brought California's most distinguished and historic vineyard back to life. Gustave Niebaum's Inglenook Estate started in 1879 and was one of the Napa Valley's first established vineyards and the birthplace of its premium wine industry. Generations after Niebaum's death, the vineyard was sold to Heublein, the wine and spirits monopolist who broke up the land and changed the Inglenook brand from a premium connoisseur wine to a mass market jug wine. In 1975, Francis Coppola bought the Niebaum residence and the surrounding estate. Along with the original estate's reputation, he also brought back some of its original workers, including Rafael Rodriguez, who in his late seventies now serves as the vineyard manager and historian. Coppola overcame naysayers, red tape, and financial turmoil to reestablish the winery as a defender of quality, producing wine under four different labels, including the revered wine Rubicon. In 1995, Coppola purchased the Inglenook Chateau and its adjacent vineyards, fulfilling his dream of reuniting the original Napa Valley estate. Kolpan's luscious, flavorful narrative is worth enjoying now and keeping for later.

The Coppolas Vincent LoBrutto, Harriet R. LoBrutto, 2012-08-22 This fascinating behind-the-scenes look at a Hollywood dynasty offers an in-depth study of the films and artistry of iconic director Francis Ford Coppola and his daughter Sofia, exploring their work and their impact on each other both personally and professionally. *The Coppolas: A Family Business* examines the lives, films, and relationship of two exemplary filmmakers: Francis Ford Coppola and his daughter Sofia. It looks at their commonalities and differences as artists and people and at the way those qualities are reflected in their work. Much of the book is devoted to Francis and his outstanding achievements and equally notable failures as a screenwriter, director, producer, and presenter of landmark works of cinema. The narrative goes beyond the heyday of his involvement with Hollywood to analyze his more recent projects and the choices that led him to create small independent

films In Sofia s case the story is one of women s growing independence in the arts revealing how Sofia developed her craft to become a cinematic force in her own right In addition to its insightful commentary on their contributions to cinema past and present the volume provides intriguing hints at what fans might anticipate in the future as both Coppolas continue to expand their artistry **WineWise** Steven Kolpan,Brian H.
