The Listener ,1929 Grains of Wheat Eleonore Stump,2025-02-20 There is a kind of knowledge that is non propositional one variety of it can be acquired in second person experience of another person but it can also be transmitted through narratives This narratively mediated kind of knowledge can be significant for philosophical and theological reflection Biblical narratives have prompted detailed reflection for so many centuries because they offer profound insights into the nature of the human condition and human flourishing This book brings together detailed examinations of narratives in the Hebrew Bible and the New Testament to yield one large emergent story which has something to teach that can be missed when the stories are taken in isolation from one another These are the stories of Job Samson Abraham Mary of Bethany the temptations of Christ the passion of Christ and the story from the book of Ecclesiastes Taken together these narratives depict a possible world in which there is a good for suffering human beings that outweighs their suffering and that could not be gotten without the suffering not even in a world without the Fall On this emergent larger story human suffering is defeated and peace and joy in human life are possible *Collected Works of Emanuel Swedenborg. True Christian Religion; Containing the Universal Theology of the New Church, which was Foretold by the Lord ... By Emanuel Swedenborg ... Translated from the Original Latin .. The Fourth Edition Emanuel Swedenborg, 1797 **The New Church Herald and Monthly Repository**, 1856 **Worship in the Letter to the Hebrews** John Paul Heil, 2011-10-17 This book seeks a more comprehensive understanding and appreciation for the Letter to the Hebrews by examining it from the viewpoint of its prominent theme of worship It aims to demonstrate the topic of worship in all of its rich and varied dimensions provides the major concern and thrust that embraces Hebrews from start to finish The author of Hebrews encourages his audience to hold on to the letter he has written to them as the word of the encouragement Heb 13:22 In a very carefully concerted and masterfully artistic way the letter persistently encourages the members of its audience with regard to their worship Indeed Hebrews was intended to be presented orally in a public performance as a liturgical or homiletic letter an act of worship in itself heard by its audience gathered together as a worshipping assembly Hebrews exhorts the members of its audience not only with regard to their liturgical worship in which they engage during their communal gatherings but also with regard to their ethical or moral worship in which they engage by the way they conduct themselves outside of their communal gatherings This close examination of Hebrews through the

lens of worship is intended to inform and enrich the worship of Christians today Hebrews presents important and unique points about worship not found in any other New Testament writing The goal is to illustrate and illuminate these points for the benefit of those who desire to deepen their worship as Christians by deepening their understanding of the magnificent literary masterpiece that the poetically lively letter to the Hebrews articulates for all Christians Arcana Coelestia

Niehaus,2023-10-11 The first volume of this three volume work reviews the history of efforts to define biblical righteousness Modern views are engaged and critiqued from the seminal article 1860 by Ludwig Diestel God's righteousness as the agreement of his will and purpose to others in the theological stream known as the New Perspective Scholars discussed include Walther Eichrodt Gerhard von Rad Elizabeth Achtemeier James D G Dunn and N T Wright Other perspectives are also engaged including H H Schmid's definition of righteousness as conformity to the created order Weltordnung John Piper's view that God's righteousness is God's concern for his own glory and the traditional view championed by C L Irons that God's righteousness is his iustitia distributiva The author examines these views all of which have been supported by inductive studies in light of a proposed alternative that righteousness is conformity to God's Being and doing That definition will be explored further in Volumes II OT and III NT Unlike previous studies the present work proceeds deductively and experimentally and thereby seeks to avoid the pitfalls of a dogmatic approach Extra biblical patristic medieval and reformation views of righteousness are also considered as background to the modern study of righteousness *Arcana coelestia: or Heavenly mysteries contained in the sacred Scriptures, or Word of the Lord, manifested and laid open [an exposition of Genesis and Exodus].
