*The Holy Spirit* Veli-Matti Kärkkäinen,2012-10-25 This volume in the Basic Guides to Christian Theology series presents a compact discussion of the Holy Spirit in Christian theology Written by a leading expert on this doctrine it begins with biblical perspectives on the Holy Spirit and moves on to describe how the Spirit was understood through the major periods in the history of Christian thought from the early church to the present It is global in approach and considers contributions from theologians throughout the world This brief volume provides an excellent overview of how the Holy Spirit has been and is currently understood in Christian theology

The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson,Sheila Briggs,2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology It focuses on the changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism

Searching for the Holy Spirit Anne Claar Thomasson-Rosingh,2015-05-08 Is the doctrine of the Holy Spirit in Christian theology good news or bad news for women Is the Holy Spirit in traditional Christian doctrine the guardian of the status quo or does it offer the dynamic possibility for change How do the gifts of the Spirit ecstatic and relational inform feminist thinking of the Christian God Opinions on these key questions vary wildly but are often formulated without coherent theological argument Feminist theology has a history of questioning God the Father and God the Son this study begins the theological questioning of God the Holy Spirit Searching for the Holy Spirit brings feminist pneumatology into discussion with more traditional doctrine of the Spirit notably the very significant early Christian treatise by Basil of Caesarea *De Spiritu Sancto* The results offer exciting new possibilities for both theology and the place of women in the church

*The Holy Spirit in the New Testament* Prof John T. Carroll,2018-03-06 In an area of study that is sometimes neglected and often debated this book offers readers fresh insight through careful attention to the different ways the New Testament writings present and interpret the Spirit of God With Carroll s guidance readers will gain a sense of the

Transformative Lutheran Theologies Mary J. Streufert, 2010 The first of its kind this book is a systematic presentation of Lutheran feminist womanist and mujerista theologies systematic in that it addresses classical loci of systematic theology contemporary in that it is resoundingly constructive and relevant for the contemporary church and feminist in that the contributors write from a feminist perspective although they reflect a variety of positions within feminist discourse The contributors to this multi authored work share a common commitment to Lutheran theology as a continual process of reform Luther is a partner in the conversation because of his theological insights and commitment to faithful criticism which the writers seek to continue not because his voice settles a debate The book focuses on central themes that Luther addressed and that are representative of Lutheranism today including justification by grace through faith and Luther's theology of the cross From diverse contexts these Lutheran theologians like Luther seek reformation by giving voice to new perspectives in theology that continue to transform the church and the world Along with Mary J Streufert contributors include Krista E Hughes Kathryn A Kleinhans Kristen E Kvam L DeAne Lagerquist Mary E Lowe Lois Malcolm Anna Mercedes Cynthia Moe Lobeda Cheryl M Peterson Mary Joy Philip Caryn D Riswold Deanna A Thompson Marit Trelstad Alicia Vargas and Beverly Wallace A remarkable addition to the rich history of Lutheran theology Not only have these theologians opened doors to fresh new worlds of Lutheran thought they've done so in a way that honors the past by extending it forward I can't wait to use *Transformative Lutheran Theologies* in class I've been waiting twenty years for a text like this Imagine teaching Luther's thought and placing it by side with these cutting edge essays Luther would no doubt be proud maybe even a bit envious Serene Jones President and Roosevelt Professor of Systematic Theology Union Theological Seminary New York

*The Holy Spirit, Chi, and the Other* Grace Ji-Sun Kim, 2011-09-20 There appears to be a hierarchy of cultures with the West perceiving the East as inferior so much so that it is referred to simply as the Other Because today's world is globally interdependent interwoven and integrative it is pertinent to be open to the cultural spiritual and religious understandings of the East

A New Day Akinade Akintunde E. (ed.), 2010 The unprecedented resurgence renewal and rebirth of twenty first century Christianity in postcolonial societies such as Asia Africa and Latin America calls for new insights methodologies and paradigms since the West can no longer be regarded as the sole citadel and cradle of the

Christian faith The Christian message has been reshaped and reappropriated in different contexts and cultures and through this cross cultural transmission and transformation it has become a world religion Contextualizing the Christian faith also entails decolonizing its theology precepts and dogma These efforts continue to engender new initiatives and efforts in the intercultural interconfessional intercontinental and interreligious dimensions of world Christianity A New Day is a collection of essays in honor of Lamin Sanneh one of the most adamant advocates and apostles of the radical change in the face of Christianity in the twenty first century The essays in this book by recognized scholars deal with issues themes and perspectives that are important for understanding Christianity as a world religious movement *The Pentecostal Gender Paradox* Joseph Lee Dutko, 2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality

Yong, 2013-09-12 This volume presents interdisciplinary intercultural and interreligious approaches directed toward the articulation of a pneumatological theology in its broadest sense especially in terms of attempting to conceive of a spirit filled world **Holy Spirit and Salvation** Veli-Matti Kärkkäinen, 2010-01-01 Theologians from the early church to the present have written much about the Holy Spirit and Christian salvation This extensive sourcebook of primary theological texts makes many of these

writings available with a description of their context and importance Especially valuable are more recent works emerging from theologians in Africa Asia and Latin America This global perspective coupled with the broad selection of writings from the history of theology makes this the most complete collection of primary source material on these topics *T&T Clark Handbook of Pneumatology* Daniel Castelo, Kenneth M. Loyer, 2020-09-17 This handbook provides an interdisciplinary and diverse reference work to the Holy Spirit Daniel Castelo and Kenneth M Loyer gathered together a wide range of voices that are religiously geographically and ethnically diverse bringing theology into conversation with biblical studies ethics and morality and global Christian studies The T T Clark Handbook of Pneumatology examines the Holy Spirit in a variety of sources such as the Synoptic Gospels the Catholic Epistles the Old Testament and the Hebrew Scriptures It also includes chapters on key concepts in the field such as mediation and sacramentality ecology and creation This broad scope enables readers to appreciate how nuanced the field of Pneumatology is and how it can be relevant for other Christian discourses

Droogers, Cornelis van der Laan, 2010-09-24 With its remarkable ability to adapt to many different cultures Pentecostalism has become the world's fastest growing religious movement More than five hundred million adherents worldwide have reshaped Christianity itself Yet some fundamental questions in the study of global Pentecostalism and even in what we call Pentecostalism remain largely unaddressed Bringing together leading scholars in the social sciences history and theology this unique volume explores these questions for this rapidly growing multidisciplinary field of study A valuable resource for anyone studying new forms of Christianity it offers insights and guidance on both theoretical and methodological issues The first section of the book examines such topics as definitions essentialism postcolonialism gender conversion and globalization The second section features contributions from those working in psychology anthropology sociology and history The third section traces the boundaries of theology from the perspectives of pneumatology ecumenical studies inter religious relations and empirical theology An Introduction to Theology in Global Perspective Stephen B. Bevans, 2009 The Missiological Spirit

Amos Yong, 2014-11-10 The field of the theology of mission has developed variously across Christian traditions in the last century Pentecostal scholars and missiologists also have made their share of contributions to this area This book brings the insights of pentecostal theologian Amos Yong to the discussion It delineates the major features of what will be argued as central to a viable vision and praxis for Christian mission in a postmodern post Christendom post Enlightenment post

Western and postcolonial world What emerges will be a distinctively pentecostally and evangelically informed missiological theology one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses and realities The argument unfolds through dialogical engagements with the work of others concrete case studies and systematic theological reflection Yong s pneumatological and missiological imagination proffers a model for Christian theology of mission suitable for the twenty first century global and pluralistic context even as it exemplifies how a missiological understanding of theology itself unfolds amidst engagements with contemporary ecclesial practices and academic theological impulses *The Cosmic Breath* Amos Yong,2012-05-10 The interjection of pneumatology in both theologies of interreligious dialogue and in the theology and science conversation comes together in this volume The resulting Christianity Buddhism science dialogue opens up to new pneumatological perspectives on philosophical cosmology and anthropology in interdisciplinary and global context *The Freedom of God* James Daryn Henry,2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity
