Landmark Essays on ESL Writing Tony Silva, Paul Kei Matsuda, 2013-10-31

In recent years the number of nonnative speakers of English in colleges and universities in North America has increased dramatically As a result more and more writing teachers have found themselves working with these English as a Second Language ESL students in writing classes that are designed primarily with monolingual native English speaking students in mind Since the majority of institutions require these students to enroll in writing courses at all levels it is becoming increasingly important for all writing teachers to be aware of the presence and special linguistic and cultural needs of ESL writers This increase in the ESL population has over the last 40 years been paralleled by a similar growth in research on ESL writing and writing instruction research that writing teachers need to be familiar with in order to work effectively with ESL writers in writing classrooms of all levels and types Until recently however this body of knowledge has not been very accessible to writing teachers and researchers who do not specialize in second language research and instruction This volume is an attempt to remedy this problem by providing a sense of how ESL writing scholarship has evolved over the last four decades It brings together 15 articles that address various issues in second language writing in general and ESL writing in particular In selecting articles for inclusion the editors tried to take a principled approach The articles included in this volume have been chosen from a large database of publications in second language writing The editors looked for works that mirrored the state of the art when they were published and made a conscious effort to represent a wide variety of perspectives contributions and issues in the field To provide a sense of the evolution of the field this collection is arranged in

chronological order      **Aspects of Language Development in an Intensive English Program** Alan Juffs, 2020-03-02

While there is much in the literature on ESL development this book is the first of its kind to track the development of specific language abilities in an Intensive English Program IEP longitudinally and highlights the implications of this particular study's findings for future IEP implementation and practice and ESL and SLA research The volume draws on many years worth of data from learners at an IEP at the University of Pittsburgh to explore selected aspects of language development including lexical grammatical speaking and writing abilities in addition to placement assessment practices and student learning outcomes A concluding chapter points to the ways in which these findings can be applied to decision making around IEP curriculum development and the future role of IEPs in higher education more broadly With its focus on students in IEP settings and the concentration on data from students evaluated over multiple semesters this volume offers a unique opportunity in which to examine longitudinal developmental patterns of different L1 groups on a variety of measures from the same learners and will be key reading for students and researchers in second language acquisition English for Academic Purposes language education and applied linguistics      The Psychology of Written Composition Carl Bereiter, Marlene Scardamalia, 2013-11-05 First Published in 1987 Part of a series on the psychology of education and instruction this volume marks a highpoint in the development on writing from a cognitive perspective It significantly expands the data base upon which our understanding of writing rests the book presents an original theory or at any rate the beginnings of a theory of writing and the development of writing skills emphasizing the control processes in writing
