Sentencing Matters:

Sentencing Matters Michael Tonry, 1996-01-18 Michael Tonry an internationally recognized authority on criminology offers in these pages a comprehensive overview of current research policy developments and practical experiences concerning sentencing and sanctions He examines the effects of increased penalties and considers whether they have made America a safer place Tonry contends that in order for sentencing to be fair and effective comprehensive and defensible policies must be in place and mechanisms must exist to implement those policies He also looks at mandatory penalties community sanctions and sentencing changes in other countries and proposes sentencing policies for the twenty first century Sentencing has been going through reform for over twenty five years yet political debate on the subject has changed remarkably little By offering a complete survey of new developments in both research and policy **Sentencing Matters** is certain to spark fresh dialogue on this divisive issue

Sentencing Matters Michael H. Tonry, 1997 **Sentencing Guidelines and Commissions** Julian V. Roberts, Arie Freiberg, Rhys Hester, 2025 In **Sentencing Guidelines and Commissions** Julian V Roberts Arie Freiberg and Rhys Hester synthesize existing literature on commissions and guidelines identify key issues and problems and clarify the future of commissions and guidelines since the creation of the first commissions in 1980 Drawing upon almost fifty years of additional developments and accumulated research on guidelines commissions and councils the authors explore the benefits of sentencing councils and commissions and sentencing guidelines Further the authors look back to the cumulative experience since the first guidelines were created and propose model regimes for legislatures to consider based on the American English and Australian approaches [Justice Connections](#) Patricia Easteal, 2014-10-16 Former High Court judge of Australia the Hon Michael Kirby AC CMG in addressing the symposium that has evolved into this book stressed the need for vigilance in the pursuit and protection of justice **Justice Connections** is evidence of such vigilance The book is a veritable smorgasbord of subjects violence against women Indigenous people sentencing genetic profiling cultural exceptionalism arbitral proceedings and environmental law However certain themes are constant The notion of respect for the individual and their personal characteristics underpins the analyses in the book Accordingly a number of contributors examine the need to recognise and protect the potentially vulnerable in society There is recognition too of the significance of the public interest and public participation in just policy and decision making Whilst the principle of the rule of law is a constant in civilised society another message of the book is that its form is very much an evolving beast Furthermore the book illustrates that justice is not synonymous with law but more as Professor Margaret Thornton concludes a performative idea that is played out differently in different sites by different actors

Critical Issues In Crime and Justice Albert R. Roberts, 2003-01-02 **Critical Issues in Crime and Justice** Second Edition provides a comprehensive examination of current developments and controversies confronting the American criminal justice system An overview of contemporary criminal justice trends provides the context for interpreting the critical issues raised throughout

this engaging volume Editor Albert R Roberts and a prominent group of scholars and criminal justice professionals examine both the successes and failures of modern law enforcement juvenile justice the courts and correctional systems Developed for courses on Critical Issues in Criminal Justice Special Issues in Criminal Justice and Contemporary Topics in Criminal Justice Critical Issues in Crime and Justice Second Edition is also an excellent supplementary text for introductory Criminal Justice and related courses

Life Without Parole Charles J. Ogletree, Austin Sarat, 2012-06-04 Is life without parole the perfect compromise to the death penalty Or is it as ethically fraught as capital punishment This comprehensive interdisciplinary anthology treats life without parole as the new death penalty Editors Charles J Ogletree Jr and Austin Sarat bring together original work by prominent scholars in an effort to better understand the growth of life without parole and its social cultural political and legal meanings What justifies the turn to life imprisonment How should we understand the fact that this penalty is used disproportionately against racial minorities What are the most promising avenues for limiting reforming or eliminating life without parole sentences in the United States Contributors explore the structure of life without parole sentences and the impact they have on prisoners where the penalty fits in modern theories of punishment and prospects for as well as challenges to reform

Sentencing Fragments Michael Tonry, 2015-12-02 Almost everyone agrees Right on Crime the ACLU Koch Industries George Soros s Open Society Foundation the editorial boards of the New York Times and the Wall Street Journal that America s current systems for sentencing criminal offenders are a shambles with crazy quilts of incompatible and conflicting laws policies and practices in every state and the federal system Most everyone agrees that punishments are too severe and too many people are in prison However the kinds of major changes required to undo mass incarceration and rebuild American sentencing are simply not happening Despite well intentioned rhetoric and media coverage there has been very little meaningful change In Sentencing Fragments Michael Tonry explains what needs to be done to rebuild just systems of sentencing and punishment and how to do it This book tells the story of sentencing policy changes since 1975 examines research findings concerning their effects and explains what does and does not work Beyond calling attention to the devastating effects on the lives of the poor and disadvantaged and the latest empirical evidence Tonry identifies the common moral theories behind criminal sentencing as well as their larger assumptions about human nature and discusses the ways in which different theories have bred very different sentencing policies Sentencing Fragments concludes with a set of proposals for creating better policies and practices for the future calling for American legislators and politicians to remake sentencing into the humane and just process that it always should have been In lucid and engaging prose Michael Tonry reveals the historical foundation for the current state of the American criminal justice system while simultaneously offering a game plan for long overdue reform

Australian Animal Law Elizabeth Ellis, 2022-07-01 Australian Animal Law Context and Critique provides comprehensive information about the legal and regulatory framework governing the interaction between humans and animals By relating specific content areas to the discipline s broader characteristics and

themes researcher Elizabeth Ellis exposes the systemic nature of current problems and the consequent need for significant change This book also illustrates the role of official animal protection narratives in legitimising the existing system despite the many factual flaws they contain Ellis covers the major areas of animal law in detail incorporating accessible contextual material and allowing readers to consolidate their understanding and build upon their knowledge Key areas include the concept of unnecessary animal suffering the effective exemption of most animals from the operation of cruelty laws regulatory conflicts of interest the hidden nature of animal use and the lack of transparency in animal law Australian Animal Law is an essential resource inviting reflection on the way the law helps to construct the relationship between human and non human animals including through its silences and omissions *How Do Judges Decide?* Cassia Spohn, 2002-01-28 The appropriate amount of punishment for a given crime is an issue that has been debated by scholars philosophers and legal professionals since the beginning of civilizations This book seeks to address this issue in all of its complexity by providing a comprehensive overview of the sentencing process in the United States The book begins by discussing the overall concept of punishment and then proceeds to dissect individual aspects of punishment Topics include the sentencing process responsibility of the judge disparity and discrimination in sentencing and sentencing reform This book is an ideal text for introductory courses on the judicial system criminal law law and society It can be an essential resource to help students understand patterns in the wide discretion and latitude given to judges when determining punishments within the framework of the United States judicial system **Criminal Justice** Peter Joyce, Wendy Laverick, 2022-07-29 This book offers a comprehensive and engaging introduction to the criminal justice system of England and Wales Starting with an overview of the main theories of the causes of crime this book explores and discusses the operation of the main criminal justice agencies including the police probation and prison services and the legal and youth justice systems The fourth edition has been revised updated expanded and features a new expert co author This book offers a lively and critical discussion of some of the main themes in criminal justice from policy making and crime control to diversity and discrimination to the global dimensions of criminal justice including organised crime and the role performed by transnational policing organisations to combat it Key updates to this new edition include increased discussion of the measurement prevention and detection of crime a revised chapter on the police which discusses the principle of policing by consent police methods power and governance and the abuse of power further discussion of pressing contemporary issues in criminal justice such as privatisation multi agency working community based criminal justice policy and the impact of the Covid 19 pandemic on the delivery of criminal justice policy a revised chapter that deals in detail with new and emerging forms of criminality and the response of the UK and global criminal justice system to these developments This accessible text is essential reading for students taking introductory courses in criminology and criminal justice A wide range of useful features include review questions lists of further reading timelines of key events and a glossary of key terms Departments of Commerce, Justice, and State, the Judiciary, and

Transforming Criminal Justice Jon B. Gould,Pamela R. Metzger,2022-12-06 America s criminal justice system requires reform but those efforts too often rest on anecdotes or assumptions Drawing on the contributions of America s top justice researchers this compendium provides an evidence based blueprint to guide the movement toward criminal justice reform

Penal Populism and Public Opinion Julian V. Roberts,Loretta J. Stalans,David Indermaur,Mike Hough,2002-12-05 Although criminal justice systems vary greatly around the world one theme has emerged in all western jurisdictions in recent years a rise in both the rhetoric and practice of severe punishment at a time when public opinion has played a pivotal role in sentencing policy and reforms Despite the differences among jurisdictions startling commonalities exist among the five countries the U K USA Canada Australia and New Zealand surveyed here Drawing on the results of representative opinion surveys and other research tools the authors map public attitudes towards crime and punishment across countries and explore the congruence between public views and actual policies Co authored by four distinguished sentencing policy experts Penal Populism and Public Opinion is a clarion call for limiting the influence of penal populism and instituting more informed research based sentencing policies across the western world **Social Issues in America** James Ciment,2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia

Corporate Criminal Liability and Prevention Richard S. Gruner,2004 The book instructs corporate counsel on how to adopt forward looking compliance policies that can prevent criminal liability and how to mitigate the severity of penalties when they are unavoidable **The First Civil Right** Naomi Murakawa,2014-07-10 The explosive rise in the U S incarceration rate in the second half of the twentieth century and the racial transformation of the prison population from mostly white at mid century to sixty five percent black and Latino in the present day is a trend that cannot easily be ignored Many believe that this shift began with the tough on crime policies advocated by Republicans and southern Democrats beginning in the late 1960s which sought longer prison sentences more frequent use of the death penalty and the explicit or implicit targeting of politically marginalized people In The First Civil Right Naomi Murakawa inverts the conventional wisdom by arguing that the expansion of the federal carceral state a system that disproportionately imprisons blacks and Latinos was in fact rooted in the civil rights liberalism of the 1940s and early 1960s not in the period after Murakawa traces the development of the modern American prison system through several presidencies both Republican and Democrat Responding to calls to end the lawlessness and violence against blacks at the state and local levels the Truman administration expanded the scope of what was previously a weak federal system Later administrations from Johnson to Clinton expanded the federal presence even more Ironically these steps laid the groundwork for the creation of the vast penal archipelago that now exists in the United States What began as a liberal initiative to curb the mob violence and police

brutality that had deprived racial minorities of their first civil right physical safety eventually evolved into the federal correctional system that now deprives them in unjustly large numbers of another important right freedom The First Civil Right is a groundbreaking analysis of root of the conflicts that lie at the intersection of race and the legal system in America

Punishment and Process in International Criminal Trials Ralph Henham,2017-03-02 International sentencing has become significant given the numerous events on the world stage which have focused attention on the justifications and adequacy of punishment for heinous crimes such as genocide and crimes against humanity In addition to providing a detailed evaluation of the philosophical and theoretical difficulties raised by this rapidly developing area of international criminal justice this book provides an integrated socio legal analysis of the law and process of international sentencing It considers the rationale and development of international sentencing structures and processes the nature and scope of legal and procedural constraints on decision making as well as access to justice and rights issues The book discusses sentencing within the context of international criminal law and examines internationalized trial processes and alternative mechanisms for resolution In seeking to comprehend the punishment of international crimes through the comparative contextual analysis of trial processes it challenges our present understanding of how and why particular sentencing outcomes are produced and the perceived legitimacy of international trial justice

International Criminal Procedure Göran Sluiter,Sergey Vasiliev,2013-03-21 The ambitious aim of the work is to create a guiding framework for international criminal procedural law and practices in the future As explained by the working groups the overarching objective of the project is to assist the challenge of delivering fair but also effective trials
