**The Sentimental Education of the Novel** Margaret Cohen, 2018-06-05 The nineteenth century French novel has long been seen as the heroic production of great men who confronted in their works the social consequences of the French Revolution And it is true that French realism especially as developed by Balzac and Stendhal was one of the most influential novelistic forms ever invented Margaret Cohen however challenges the traditional account of the genesis of realism by returning Balzac and Stendhal to the forgotten novelistic contexts of their time Reconstructing a key formative period for the novel she shows how realist codes emerged in a hostile take over of a prestigious contemporary sentimental practice of the novel which was almost completely dominated by women writers Cohen draws on impressive archival research resurrecting scores of forgotten nineteenth century novels to demonstrate that the codes most closely identified with realism were actually the invention of sentimentality a powerful aesthetic of emerging liberal democratic society although Balzac and Stendhal trivialized sentimental works by associating them with frivolous women writers and readers Attention to these gendered struggles over genre explains why women were not pioneers of realism in France during the nineteenth century a situation that contrasts with England where women writers played a formative role in inventing the modern realist novel Cohen argues that to understand how literary codes respond to material factors it is imperative to see how such factors take shape within the literary field as well as within society as a whole The book also proposes that attention to literature as a social institution will help critics resolve the current vital question of how to practice literary history in the wake of poststructuralism

**Sentimental Education** Gustave Flaubert, 2016-03-03 For certain men the stronger their desire the less likely they are to act With his first glimpse of Madame Arnoux Frédéric Moreau is convinced he has found his romantic destiny but when he pursues her to Paris the young student is unable to translate his passion into decisive action He also finds himself distracted by the equally romantic appeal of political action in the turbulent years leading up to the revolution of 1848 and by the attractions of three other women each of whom seeks to make him her own a haughty society lady a capricious courtesan and an artless country girl Flaubert offers a vivid and unsparing portrait of the young men of his generation struggling to salvage something of their ideals in a city where corruption consumerism and a pervasive sense of disenchantment undermine all but the most compromised erotic aesthetic and social initiatives Sentimental Education combines thoroughgoing irony with an impartial but unexpectedly intense sympathy in a novel whose realism competes with that of Balzac and whose innovations in narrative plot and perspective mark a turning point in the development of literary modernism ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Sentimental Education William R. Paulson,1992 Although Gustave Flaubert s best known novel is Madame Bovary many critics consider his later work Sentimental Education to be his masterpiece It belongs to the type of realistic fiction that describes ordinary lives in detail a genre at which Flaubert excelled Sentimental Education paints the political and social background with such extraordinary fidelity that it is also a valuable record of the ideals and enthusiasms of a whole era Telling the story of Frederic Moreau s unrequited lifelong love for another man s wife Sentimental Education has always been considered a difficult and controversial book Its original reviewers found the novel s form unsettling and its depiction of society amoral and since then the novel has never had a lack of detractors and defenders William Paulson s original and challenging reading of Sentimental Education acknowledges the novel s difficulty and complexity but insists on its ultimate

readability His interpretation emphasizes the novel's relation to its social context its function as a commentary on romanticism and individualism and the inauthenticity of both conservative and revolutionary ideology In this thorough and extended reading of Sentimental Education Paulson advances new arguments concerning the opening and closing of the novel the purpose of Frederic Moreau's inconsistency the structure of part 2 the characters of Dussardier and Senecal and the similarity of Flaubert's treatment of events in 1848 to those of de Tocqueville and Marx In addition this study provides an introduction to Flaubert's narrative technique and situates both the novel and its protagonists in the artistic production of the nineteenth century     SENTIMENTAL EDUCATION GUSTAVE.
