Separate Worlds Studies Of Purdah In South Asia:

Separate Worlds Hanna Papanek, Gail Minault, 1982 Contributed papers Separate Worlds Hanna Papanek, Gail Minault, 1982 Recent Work in Women's History Esther Katz, 1986 This enlightening volume reveals the range and depth of the scholarship in women's history that has emerged in the past decade. Experts examine women's past within distinct and variable cultures including India, China, and the Middle East, as well as the United States, France, and England. Crucial issues are debated, resulting in a remarkable level of consensus among historians in the evaluations of women's roles and activities. This exciting and important volume clearly demonstrates that women's history continues to raise new and valuable questions for historians. And historians continue to demonstrate that women's history is not only relevant but intrinsic to understanding fully the process of historical development.

Islamic Family Law in a Changing World 'Abd Allāh Aḥmad Na'īm, 2002-08 In *Islamic Family Law in a Changing World*, Abdullahi A. An-Na'im explores the practice of the Shari'a, commonly known as Islamic Family Law. An-Na'im shows that the practical application of Shari'a principles is often modified by theological differences of interpretation, a country's particular customary practices, and state policy and law.

The Warp and the Weft Vasanthi Raman, 2012-08-21 This book studies the impact of the communal violence of the early 1990s on the individual lives of the Muslim weavers of Banaras, with considerable focus on gender identity and inter-community relations.

The Changing Role of Women in Bengal, 1849-1905 Meredith Borthwick, 2015-12-08 Basing her work on Bengali language sources such as women's journals, private papers, biographies, and autobiographies, Meredith Borthwick approaches the lives of women in nineteenth-century Bengal from a new standpoint. She moves beyond the record of the heated debates held by men of this period over matters such as widow burning, child marriage, and female education to explore the effects of changes in society on the lives of women and to question assumptions about advances prompted by British rule. Focusing on the wives, mothers, and daughters of the English-educated Bengali professional class, Dr. Borthwick contends that many reforms merely substituted a restrictive British definition of womanhood for traditional Hindu norms. The positive gains for women—increased physical freedom, the acquisition of literacy, and limited entry to non-domestic work—often brought unforeseen negative consequences, such as a reduction in autonomy and power in the household. Originally published in 1984, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions.
